INTELLECTUAL PROPERTY SECURITY AGREEMENT

This Intellectual Property Security Agreement (this "**IP Security Agreement**") is made and effective as of November 13, 2007, by YANARENNA, LLC, a Delaware limited liability company ("**Company**"), and certain subsidiaries of Company ("**Subsidiaries**", and together with Company, and including any of their respective successors (including Healthy Advice Networks, LLC from and after the consumation of the Merger with and into the Company to occur contemporaneously herewith) or permitted assignees, each a "**Grantor**" and collectively the "**Grantors**"), in favor of GOLDMAN SACHS SPECIALTY LENDING GROUP, L.P., as Collateral Agent (in such capacity, "**Agent**"). Capitalized terms used in this IP Security Agreement and not otherwise defined shall have the respective meanings ascribed to such terms in the Credit Agreement (defined below).

RECITALS

WHEREAS, pursuant to that certain Second Lien Credit and Guaranty Agreement, dated as of the date hereof, by and among the Company, Healthy Advice Networks, Inc., certain Subsidiaries of Company, Agent and the lenders and other agents party thereto from time to time (as amended, supplemented or otherwise modified from time to time, the "**Credit Agreement**"), the Lenders have agreed, subject to the terms and conditions set forth therein, to lend certain amounts (the "**Loan**"); and

WHEREAS, it is a condition precedent to the obligation of Agent and the Lenders to execute and perform under the Credit Agreement that Grantors shall have executed and delivered this IP Security Agreement to Agent, for the ratable benefit of the Lenders;

NOW, THEREFORE, in consideration of the willingness of Agent and the Lenders to enter into the Credit Agreement and to agree, subject to the terms and conditions set forth therein, to make the Loans pursuant thereto, and for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, it is hereby agreed as follows:

1. **Grant of Security Interest.** To secure prompt and complete payment of the Loans and the performance and observance of all Obligations under the Credit Documents, each Grantor hereby grants to Agent, for the ratable benefit of the Lenders, a continuing security interest in all of the right, title and interest of such Grantor in and to any and all of the following collateral, whether now owned or hereafter acquired, but excluding any Intellectual Property (as defined in the Pledge and Security Agreement) for which the granting of a security interest therein would terminate, invalidate, void, cancel, degrade or abandon such Intellectual Property (the "**IP Collateral**");

(a) The U.S. and foreign copyrights and associated copyright registrations and applications for copyright registration set forth on Schedule A attached hereto (collectively, the "**Copyrights**");

(b) The U.S. and foreign patents and patent applications set forth on Schedule B attached hereto, including, without limitation, divisions, continuations, reissues, extensions and continuations-in-part of the same (collectively, the "**Patents**");

(c) The U.S., state and foreign trademark and service mark registrations and trademark and service mark applications set forth on Schedule C attached hereto and all goodwill associated with the foregoing (collectively, the “**Trademarks**”);

(d) The domain names and registrations set forth on Schedule D attached hereto (collectively, the “**Domain Names**”);

(e) Any and all claims and causes of action for past, present or future infringement of any of the foregoing, with the right, but not the obligation, to sue for and collect damages for infringement of the foregoing;

(f) Any and all licenses or rights granted under any of the foregoing, and all license fees and royalties arising from such licenses or rights, in each case to the extent permitted by such licenses or rights;

(g) Any and all amendments, renewals, extensions, reissuances and replacements of any of the foregoing; and

(h) Any and all products and proceeds of any of the foregoing.

2. Requested Recordation. Each Grantor authorizes and requests that the Register of Copyrights and the Commissioner of Patents and Trademarks (and any state, foreign or other authority to which this IP Security Agreement is submitted) file and record this IP Security Agreement (and any corresponding or separate forms of such jurisdiction) in order to publicly reflect the interests of Agent and the Lenders in the IP Collateral.

3. Release. Unless otherwise agreed in writing by the parties, the security interests granted herein will terminate (and all rights to the IP Collateral will revert to each of the Grantors) upon satisfaction of the following conditions: (a) payment and performance in full of all the Obligations secured hereby unconditionally and indefeasibly, and (b) the termination of the Credit Agreement (except for any obligations designated thereunder as continuing on an unsecured basis). Upon any such termination, Agent (at the Grantors’ request and sole expense) will promptly execute and deliver to the Grantors (with such customary representations and warranties from a secured lender releasing its lien as Grantor may reasonably request) such documents as the Grantors may reasonably request and as are provided to Agent to evidence such termination.

4. Miscellaneous.

(a) This IP Security Agreement has been entered into in conjunction with the provisions of and the security interest granted to Agent, for the ratable benefit of the Lenders, under the Pledge and Security Agreement. The rights and remedies of the Grantors and Agent with respect to the security interests granted herein are in addition and without prejudice to those set forth in the Pledge and Security Agreement, all terms and provisions of which are hereby incorporated herein by reference. If any provisions of this IP Security Agreement are deemed to conflict with the Pledge and Security Agreement, the provisions of the Pledge and Security Agreement shall govern.

(b) This IP Security Agreement may be executed in any number of counterparts with the same effect as if all the signatures on such counterparts appeared on one document. Each such counterpart will be deemed to be an original, but all counterparts together will constitute one and the same instrument.

NOTWITHSTANDING ANYTHING HEREIN TO THE CONTRARY, THE LIEN AND SECURITY INTEREST GRANTED TO COLLATERAL AGENT UNDER THIS AGREEMENT SECURING THE REPAYMENT OF THE OBLIGATIONS AND THE EXERCISE OF ANY RIGHT OR REMEDY BY COLLATERAL AGENT HEREUNDER ARE SUBJECT TO THE PROVISIONS OF THE INTERCREDITOR AGREEMENT.
