TRADEMARK SECURITY AGREEMENT

THIS TRADEMARK SECURITY AGREEMENT made as of this 19th day of December, 2007 (this "*Agreement*").

By and among:

Grantors
-and-
Agent (as defined herein)

WHEREAS, SOLIDUS NETWORKS, INC., a Delaware corporation ("*Company*"); the Subsidiaries of Company set forth on Schedule A to the Security Agreement (together with Company, "*Grantors*"); certain Secured Parties as defined therein and **THE BANK OF NEW YORK**, a corporation formed under the laws of the state of New York, not in its individual capacity, but solely as Agent for the benefit of Secured Parties (together with any successor thereto, "*Agent*") have entered into the Pledge and Security Agreement, dated as of December 19, 2007 (as amended from time to time, the "*Security Agreement*"); and

WHEREAS, in accordance with the terms of the Security Agreement, each Grantor ("*Obligor*") has agreed to grant to Agent a continuing security interest in, among other things, the Trademarks (as defined herein).

NOW THEREFORE, in consideration of good and valuable consideration (the receipt and sufficiency of which are hereby acknowledged by each of the parties), each Obligor hereby agrees as follows:

1. Unless the context otherwise requires, all capitalized terms used but not defined herein shall have the meanings set forth in the Security Agreement. As used herein, the following terms shall have the following meanings:

"*Trademarks*" means, as set forth on Schedule A hereof, any of the following in which Obligor now holds or hereafter acquires any interest: (a) any trademarks, tradenames, corporate names, company names, business names, trade styles, service marks, logos, other source or business identifiers, prints and labels on which any of the foregoing have appeared or appear, designs and general intangibles of like nature, now existing or hereafter adopted or acquired, all registrations and recordings thereof and any applications in connection therewith, including, without limitation, registrations, recordings and applications in the United States Patent and Trademark Office or in any similar office or agency of the United States, any State thereof or any other country (collectively, the "*Marks*"); (b) any reissues, extensions or renewals thereof; (c) the goodwill of the business symbolized by or associated with the Marks; (d) income, royalties, damages, claims and payments now and hereafter due and/or payable with respect to the Marks, including, without limitation, damages, claims and recoveries for past, present or future infringement; and (e) rights to sue for past, present and future infringements of the Marks.

As security for the prompt and complete payment or performance in full when due, whether at stated maturity, by mandatory prepayment, declaration, acceleration, demand or otherwise (including the payment of amounts that would become due but for the operation of the automatic stay under Section 362(a) of the Bankruptcy Code (and any successor provision thereof)), of all of the Secured Obligations with respect to Obligor, Obligor hereby bargains, sells, conveys, assigns, sets over, mortgages, pledges, hypothecates and transfers to Agent, its successors and assigns, on behalf of Secured Parties, a security interest in all of Obligor's right, title and interest in and to all of the Trademarks.

Notwithstanding the foregoing, the grant, assignment and transfer of a security interest as provided herein shall not extend to any "intent-to-use" trademarks at all times prior to the first use thereof, whether by the actual use thereof in commerce, the recording of a statement of use with the United States Patent and Trademark Office or otherwise.

This Agreement is made to secure the satisfactory performance and payment of all the Secured Obligations. Upon termination of the Security Agreement or release of Obligor's obligations thereunder, Agent shall, upon such satisfaction, execute, acknowledge, and deliver to Obligor, an instrument in writing releasing the security interest in the Trademarks acquired under this Agreement. Additionally, upon such satisfaction, at Obligor's expense, Agent shall reasonably cooperate with any efforts made by Obligor to make of record or otherwise confirm such satisfaction including, but not limited to, the release and/or termination of this Agreement and any security interest in, to or under the subject Collateral.

The security interest in this Agreement has been granted as a supplement to, and not in limitation of, the security interest granted to Agent under the Security Agreement. The Security Agreement (and all rights and remedies of Agent) shall remain in full force and effect in accordance with its terms. The rights and remedies of Agent with respect to the security interest granted herein are without prejudice to, and are in addition to those set forth in the Security Agreement, all terms and provisions of which are incorporated herein by reference.

This Agreement may be executed in any number of counterparts, each of which when so executed and delivered shall be deemed an original, but all such counterparts together shall constitute but one and the same instrument. This Agreement and the rights and obligations of the parties hereunder shall be governed by, and shall be construed and enforced in accordance with, the laws of the State of New York.

IN WITNESS WHEREOF, the parties hereto have duly executed this Agreement as of the day and year first above written.
