INTELLECTUAL PROPERTY SECURITY AGREEMENT

This Intellectual Property Security Agreement is entered into as of December 20, 2007 by and between SOVEREIGN BANK ("Bank") and SUPREME CORQ, LLC ("Grantor").

RECITALS

A. Grantor has entered into a Credit Agreement dated of even date herewith (as amended, restated or otherwise modified and in effect from time to time, the "Credit Agreement"), with Bank, pursuant to which Bank, subject to the terms and conditions contained therein, is to make certain loans to Grantor. Bank is willing to make the loans to Grantor, but only upon the condition, among others, that Grantor shall grant to Bank a security interest in certain Copyrights, Trademarks and Patents to secure the obligations of Grantor under the Credit Agreement.

B. Pursuant to the terms of the Intellectual Property Security Agreement, by and between Grantor and Bank, dated of even date herewith (as amended, restated or otherwise modified and in effect from time to time, the "IP Security Agreement"; capitalized terms used herein are used as defined in the IP Security Agreement), Grantor has granted to Bank a security interest in all of Grantor's right, title and interest, whether presently existing or hereafter acquired, in, to and under all of the Collateral.

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged, and intending to be legally bound, as collateral security for the prompt and complete payment when due of its obligations under the IP Security Agreement, Grantor hereby represents, warrants, covenants and agrees as follows:

AGREEMENT

To secure its obligations under the Credit Agreement, Grantor grants and pledges to Bank a security interest in all of Grantor's right, title and interest in, to and under its Intellectual Property (including without limitation those Copyrights, Patents and Trademarks listed on Schedules A, B and C hereto), and including without limitation all proceeds thereof (such as, by way of example but not by way of limitation, license royalties and proceeds of infringement suits), the right to sue for past, present and future infringements, all rights corresponding thereto throughout the world and all re-issues, divisions continuations, renewals, extensions and continuations-in-part thereof. Notwithstanding the foregoing, it is the intention of the parties to the IP Security Agreement that the term "Collateral" shall exclude "intent-to-use" trademarks until such time as a Credit Party begins to use such trademarks.

This security interest is granted in conjunction with the security interest granted to Bank under the IP Security Agreement. The rights and remedies of Bank with respect to the security interest granted hereby are in addition to those set forth in the IP Security Agreement and the other Loan Documents, and those which are now or hereafter available to Bank as a matter of law or equity. Each right, power and remedy of Bank provided for herein or in the IP Security Agreement or any of the Loan Documents, or now or hereafter existing at law or in equity shall be cumulative and concurrent and shall be in addition to every right, power or remedy provided for herein and the exercise by Bank of any one or more of the rights, powers or remedies provided for in this Intellectual Property Security Agreement, the IP Security Agreement or any of the other Loan Documents, or now or hereafter existing at law or in equity, shall not preclude the simultaneous or later exercise by any person, including Bank, of any or all other rights, powers or remedies.
