AND OTHER INTELLECTUAL PROPERTY**

THIS ASSIGNMENT OF TRADEMARKS, COPYRIGHTS, INVENTIONS, TRADE SECRETS AND OTHER INTELLECTUAL PROPERTY (the "Assignment") is made and entered into effective as of **January 1, 2005** by **FUTURE MEDICAL GROUP, INC.**, a Nevada Domestic Corporation ("Assignor"), in favor of **CORAL LLC**, a Nevada Domestic Limited Liability Company ("Assignee").

AGREEMENT

In consideration of this Agreement's covenants and undertakings, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. **Trademarks**. Assignor, by itself and through its no-longer-in-use d/b/a entity Coral Inc., has adopted, used, is using, and claims certain rights in and to various common law trademarks, service marks, and slogans in connection with its business, including, but not limited to, those listed on **Exhibit A** hereto (collectively, the "Marks"). For One Dollar (\$1), the receipt and sufficiency of which is hereby acknowledged, Assignor hereby grants and assigns to Assignee, its successors and assigns all right, title and interest in and to the Marks and any registrations of the Marks with the United States Patent and Trademark Office and/or any other governmental agency, together with that part of the goodwill of the business connected with the use of and symbolized by the Marks, and the right to sue and recover damages and profits for past infringements.

2. **Copyrights**. Furthermore, for that same One Dollar (\$1) of consideration, Assignor hereby sells, grants, conveys and assigns to Assignee, its successors, assigns and licensees, all right, title and interest (under copyright or otherwise) and the unencumbered right to exercise such rights in any and all media now known or hereafter devised throughout the universe in perpetuity, that are now held by Assignor in and to the following (that relate to or arise from Assignor's business): each registered and unregistered work of authorship relating to or arising from that business, including but not limited to, all Marks (each, a "Work") owned in whole or in part by Assignor, and all precursors, artwork, works in progress, drafts, revisions, models, translations, sequels and other versions of the Work that may heretofore have been created with the sanction of Assignor, and does hereby further sell, grant, convey and assign to Assignee all tangible media in which the Work has been embodied.

3. **Inventions**. Also for that same One Dollar (\$1) of consideration, Assignor hereby assigns to Assignee exclusively throughout the world all right, title and interest (choate or inchoate) in the following (that relate to or arise from Assignor's business): (a) any and all inventions owned in whole or in part by Assignor, whether protected or protectible by patent, (b) all precursors, portions and work in progress with respect thereto and all inventions, technology, information, and know-how, materials and tools relating thereto or to the development, support or maintenance thereof, and (c) all patent rights, trade secret rights, *sui generis* database rights and all other intellectual and industrial property rights of any sort and all business, contract rights, causes of action, and goodwill in, incorporated or embodied in, used to develop, or related to any of the foregoing.

4. Trade Secrets & Other Intellectual Property. To the extent that Assignor possesses Trade Secrets (as defined below) or other intellectual property not assigned under the previous sections hereof, for that same One Dollar (\$1) of consideration Assignor hereby assigns to Assignee exclusively throughout the world all right, title and interest in the following (that relate to or arise from Assignor's business): (a) all information and know-how of a technical or business nature, oral or written, including designs, prototypes, art work, business plans, financial data, budgets, projections, economic studies, marketing information, reports, systems and procedures, pricing data, computer programs and software, trade secrets, proposed trade names or marks, identity or terms of agreement with actual or prospective suppliers, customers, employees or other business allies, supplied by or on behalf of Assignor, (b) all observations and all memoranda, analyses, compilations, studies, or other documents or records prepared by Assignee or its representatives that reflect or are developed from or based on the foregoing (collectively, the "Trade Secrets"), and (c) all domain names, websites, and web pages relating to or arising from Assignor's business. The Trade Secrets do not include information that is or becomes generally available to the public.

5. General. Before Assignor dissolves, Assignor agrees to assist Assignee, or its designee, at Assignee's expense, in every proper way to secure Assignee's rights in any and all of the foregoing intellectual property and all rights relating thereto in any and all jurisdictions, including the disclosure to Assignee of all pertinent information and data with respect thereto, the execution of all applications, specifications, oaths, assignments and all other instruments that Assignee shall deem necessary or advisable in order to apply for and obtain such rights and in order to assign and convey to Assignee, its successors, and assigns the sole and exclusive rights, title and interest in and to such and any trademarks, copyrights, patents, or other intellectual property rights relating thereto. After Assignor dissolves, or if Assignee for any reason decides to forgo requesting Assignor's signature to apply for or to pursue any application for any United States or foreign trademark, copyright or patent registrations, then Assignor hereby irrevocably designates and appoints Assignee and its duly authorized officers and agents as Assignor's agent and attorney-in-fact, to act for and on its behalf and in its stead to execute and file any such applications and to do all other lawfully permitted acts to further the prosecution and issuance of trademark registrations, copyright registrations, or letters patent thereon with the same legal force and effect as if executed by Assignor.
