Capitalized terms used but not defined herein shall have the meanings for such terms that are set forth in the Purchase Agreement.

Pursuant to the Purchase Agreement, Assignor has agreed to execute such instruments as the Assignee may reasonably request in order more effectively to assign, transfer, grant, convey, assure and confirm to Assignee and its successors and assigns, or to aid and assist in the collection of or reducing to possession by the Assignee of, all of such assets.

In accordance therewith and subject to the terms of the other Transaction Documents, including but not limited to the Security Agreement, the Note, the Guaranty and the Supply Agreement, Assignor desires to transfer and assign to Assignee, and Assignee desires to accept the transfer and assignment of, all of Assignor's worldwide right, title and interest in, to and under all of the Assignor's registered and unregistered domestic and foreign servicemarks, trademarks, trademark applications and trade names that constitute Assigned Intellectual Property, including the Intellectual Property listed on Schedule A annexed hereto and incorporated herein by reference (all of the foregoing being referred to herein as the "Marks").

NOW, THEREFORE, Assignor, for and in exchange for the payment of the consideration set forth in the Purchase Agreement, the receipt of which is hereby acknowledged, does hereby transfer and assign to Assignee, and Assignee hereby accepts the transfer and assignment of, all of Assignor's worldwide right, title and interest in, to and under the Marks, together with the goodwill of the business associated therewith and which is symbolized thereby, all rights to sue and recover for infringement of any Mark, whether arising prior to or subsequent to the date of this Assignment of Servicemarks and Trademarks, and any and all renewals and extensions thereof that may hereafter be secured under the laws now or hereafter in effect in the United States, Canada and in any other jurisdiction, the same to be held and enjoyed by the said Assignee, its successors and assigns from and after the date hereof as fully and entirely as the same would have been held and enjoyed by the said Assignor had this Assignment of Servicemarks and Trademarks not been made, and all common law rights in the Marks.

Except to the extent that federal law preempts state law with respect to the matters covered hereby, this Assignment of Servicemarks and Trademarks shall be governed by and construed in accordance with the laws of the State of Delaware without giving effect to the principles of conflicts of laws thereof.

This Assignment of Servicemarks and Trademarks is made subject to, and shall not alter or modify the terms of and rights granted under the Purchase Agreement and the other Transaction Documents, including but not limited to the Security Agreement, the Note, the Guaranty and the Supply Agreement, and these shall remain in full force and effect to the full extent provided therein.
