**TRADEMARK ASSIGNMENT**

**IN WITNESS WHEREOF**, pursuant to this **TRADEMARK ASSIGNMENT**, dated as of February 28, 2008, Chemtura Corporation, a corporation duly organized and existing under the laws of the State of Delaware (the "Assignor"), assigns to PMC Biogenix, Inc., a corporation duly organized and existing under the laws of the State of Delaware, its successors, assigns and legal representatives (the "Assignee"), certain intellectual property as more fully set forth herein.

WHEREAS, Assignor has all right, title and interest to the intellectual property and assets identified on Schedule A attached hereto (collectively the "Trademarks");

WHEREAS, Assignor and Assignee have entered into a certain Asset Purchase Agreement dated as of February 28, 2008 (the "Purchase Agreement"), assigning, among other things, the Trademarks from Assignor to Assignee; and

WHEREAS, in connection with the Purchase Agreement, Assignor wishes to assign and Assignee wishes to acquire the Trademarks.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound, Assignor does hereby sell, transfer, convey, contribute and assign unto Assignee, all right, title and interest in and to the Trademarks and all goodwill associated therewith, together with all rights to registration, renewal and extension of the Trademarks, to the full term or terms for which the Trademarks may be issued, the same to be held and enjoyed by Assignee, its successors and assigns to the same extent that they would have been held and enjoyed by Assignor if this Trademark Assignment had not been made, and all claims for damages by reason of past, present and future infringement or misappropriation of or other conflict with said Trademarks with the right to sue and collect the same for its own use or for the use of its successors, assigns or other legal representatives.

Assignor hereby authorizes the U.S. Patent and Trademark Office, and any Official of any country or countries foreign to the United States or any multinational organization whose duty it is to receive or register trademarks or applications therefor, to record Assignee as the owner of the Trademarks, to be in the name of Assignee, as assignee of all of Assignor's Trademarks, for the sole use of Assignee, its successors, legal representatives, and assigns, in accordance with the terms of this Trademark Assignment. Assignor further agrees to execute all documents and provide all authorizations necessary when reasonably requested by Assignee to effectuate the intent of this Trademark Assignment.

Assignor covenants for itself and its successors and assigns to provide to Assignee, promptly upon the request of Assignee and at the expense of Assignee, all pertinent facts and documents relating to the Trademarks as may be known or accessible to Assignor, and to execute and deliver promptly to Assignee or its legal representative any and all papers, instruments, and affidavits required to apply for, obtain, maintain, issue, or enforce said the Trademarks which may be necessary or desirable to carry out the purposes hereof.

All questions concerning the construction, validity and interpretation of this Trademark Agreement and the performance of the obligations imposed by this Trademark Agreement shall be governed by the internal law, not the law of conflicts, of the State of New York.

This Trademark Assignment is being executed in connection with the Purchase Agreement and nothing in this Trademark Assignment shall be deemed to limit the rights of Assignor or Assignee under the Purchase Agreement.

*{Signature Page Follows}*

IN WITNESS WHEREOF, Assignor has caused this Trademark Assignment to be executed and delivered on its behalf as of the date first stated above.

CHEMTURA CORPORATION

By: Arthur Fullerton
