TRADEMARK SECURITY AGREEMENT

TRADEMARK SECURITY AGREEMENT dated as of January 11, 2008 (as this agreement may be further amended, amended and restated, supplemented or otherwise modified, renewed or replaced from time to time, this "**Trademark Security Agreement**"), among the corporations and other business entities listed on the signature pages hereof (each, individually, a "**Grantor**", and collectively, the "**Grantors**"), and GMAC COMMERCIAL FINANCE LLC, as agent (the "**Agent**") on behalf of the Lenders (as defined below). Each capitalized term used herein shall have the meaning ascribed thereto in the Loan Agreement (as defined below) unless otherwise indicated herein.

WHEREAS, each Grantor has adopted, used and is using, and is the owner of the entire right, title, and interest in and to the trademarks, trade names, terms, designs and applications therefor described in Schedule A annexed hereto and made a part hereof; and

WHEREAS, Grantors, Agent, and certain lending institutions (collectively, the "**Lenders**") are parties to that certain Loan and Security Agreement, dated as of the date hereof (as amended, restated, supplemented, renewed or otherwise modified, the "**Loan Agreement**"; except as otherwise specifically provided herein, all capitalized terms shall have the meanings given to them, respectively, in the Loan Agreement), and various documents, instruments, guaranties and agreements delivered contemporaneously herewith in connection therewith (all of the foregoing, together with this Trademark Security Agreement and the Loan Agreement, as the same may now exist or may hereafter be amended, modified, restated, renewed, extended or supplemented, are collectively referred to herein as the "**Agreements**"), pursuant to which, among other things, Agent and Lenders may make loans and certain other financial accommodations to or for the benefit of Grantors and their Affiliates; and

WHEREAS, it is a condition precedent to the effectiveness of the Loan Agreement and the other Agreements that, among other things, each of the Grantors enter into this Trademark Security Agreement in order to grant a security interest in the Trademarks, as hereinafter defined, in favor of the Agent on behalf of the Lenders, to secure the Obligations as hereinafter provided.

NOW, THEREFORE, to secure the prompt and complete payment and performance when due of the Obligations, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, each Grantor does hereby grant, pledge, hypothecate and transfer to the Agent, for the ratable benefit of the Lenders, a security interest in all of such Grantor's right, title and interest in, to the Trademarks as hereinafter provided.

A. SECURITY INTEREST.

In order to induce Agent and the Lenders to enter into the Agreements and in consideration thereof, each Grantor hereby grants to Agent, for the ratable benefit of the Lenders, a security interest in: (a) all of such Grantor's now existing or hereafter acquired right, title, and interest in and to: all of such Grantor's trademarks, trade names, trade styles and service marks; all prints and labels on which said trademarks, trade names, trade styles and service marks appear, have appeared or will appear, and all designs and general intangibles of a like nature; all applications, registrations and recordings relating to the foregoing in the United States Patent and Trademark Office or in any similar office or agency of the United States, any State thereof, any political subdivision thereof or in any other countries, and all reissues, extensions and renewals thereof including those trademarks, terms, design and applications described in Schedule A hereto as owned by such Grantor (collectively, the "**Trademarks**"); (b) the goodwill of the business symbolized by each of the Trademarks, including, without limitation, all customer lists and other records relating to the distribution of products or services bearing the Trademarks; and (c) any and all proceeds of any of the foregoing, including, without limitation, any

claims by Grantor against third parties for infringement of the Trademarks or any licenses with respect thereto (all of the foregoing are collectively referred to herein as the "Collateral"). Notwithstanding anything in this Trademark Security Agreement to the contrary, the security interest granted by each Grantor above shall not attach to, and the term "Collateral" shall not include, (i) any lease, license, contract, property rights or agreement to which such Grantor is a party or any of its rights or interests thereunder if and for so long as the grant of such security interest or lien shall constitute or result in (A) the abandonment, invalidation or unenforceability of any right, title or interest of such Grantor therein or (B) a breach or termination pursuant to the terms of, or a default under, any such lease, license, contract, property rights or agreement (other than to the extent that any such term would be rendered ineffective pursuant to Sections 9-406, 9-407, 9-408 or 9-409 of the UCC (or any successor provision or provisions) of any relevant jurisdiction or any other applicable law or principles of equity), provided, however, that such security interest or lien shall attach immediately at such time as the condition causing such abandonment, invalidation or unenforceability shall be remedied and, to the extent severable, shall attach immediately to any portion of such lease, license, contract, property rights or agreement that does not result in any of the consequences specified in (A) or (B) above; and (ii) any of the outstanding equity interests of a Foreign Subsidiary.

B. OBLIGATIONS SECURED.

The security interests granted to Agent by each Grantor in this Trademark Security Agreement shall secure the prompt and indefeasible payment and performance of the "Obligations", as defined in the Loan Agreement.

C. WARRANTIES AND COVENANTS.

Each Grantor hereby covenants, represents and warrants, all of such covenants, representations and warranties being continuing in nature so long as any of the Obligations are outstanding, that:

1. Such Grantor will pay and perform all of the Obligations according to their terms.

2. All of the existing Collateral is valid and subsisting in full force and effect to such Grantor's knowledge, and such Grantor owns sole, full, and clear title thereto (except for Permitted Liens), and has the right and power to grant the security interests granted hereunder. Such Grantor will, at such Grantor's expense, perform all acts and execute all documents necessary to maintain the existence of the Collateral as valid, subsisting and registered trademarks, including, without limitation, the filing of any renewal affidavits and applications. The Collateral is not subject to any liens, claims, mortgages, assignments, licenses, security interests, or encumbrances of any nature whatsoever except the security interests granted hereunder, the licenses, if any, which are specifically described in Schedule B hereto and Permitted Liens.

3. Such Grantor will not assign, sell, mortgage, lease, transfer, pledge, hypothecate, grant a security interest in or lien upon, encumber, or grant an exclusive license relating to any of the Collateral, except to Agent, or otherwise dispose of any of the Collateral without the prior written consent of Agent; provided, however, that such Grantor may grant non-exclusive licenses relating to any of the Collateral, so long as, concurrently therewith, such Grantor provides to Agent a collateral assignment of such Grantor's rights in such non-exclusive license.

4. Such Grantor will, at such Grantor's expense, perform all acts and execute all documents requested at any time by Agent to evidence, perfect, maintain, record, or enforce the security interest in the Collateral granted hereunder or to otherwise further the provisions of this Trademark

Security Agreement. Such Grantor hereby authorizes Agent to execute and file one or more financing statements (or similar documents) with respect to the Collateral signed (if applicable) only by Agent. Such Grantor further authorizes Agent to have this and any other similar security agreement filed with the Commissioner of Patents and Trademarks or other appropriate federal, state or government office.

5. Such Grantor will, concurrently with the execution and delivery of this Trademark Security Agreement, execute and deliver to Agent five (5) originals of a Power of Attorney in the form of Exhibit 1 annexed hereto for the implementation of the assignment, sale or other disposition of the Collateral pursuant to Agent's exercise of the rights and remedies granted to Agent hereunder.

6. Agent may, in its sole discretion, pay any amount or do any act which such Grantor fails to pay or do as required hereunder or as requested by Agent to maintain and preserve the Collateral, defend, protect, record, amend or enforce the Obligations, the Collateral or the security interest granted hereunder including but not limited to, all filing or recording fees, court costs, collection charges and reasonable attorneys' fees. Such Grantor will be liable to Agent for any such payment, which payment shall be deemed a Loan under the Loan Agreement, and shall be payable on demand together with interest at the rate set forth in the Loan Agreement and shall be part of the Obligations secured hereby.

7. As of the date hereof, such Grantor does not have any Trademarks registered, or subject to pending applications, in the United States Patent and Trademark Office or any similar office or agency in the United States other than those described in Schedule A annexed hereto.

8. Such Grantor shall notify Agent in writing of the filing of any application for the registration of a Trademark with the United States Patent and Trademark Office or any similar office or agency in the United States or any state therein within thirty (30) days of such filing. Upon request of Agent, such Grantor shall execute and deliver to Agent any and all assignments, agreements, instruments, documents, and such other papers as may be requested by Agent to evidence the security interest of Agent in such Trademark.

9. Such Grantor has not abandoned any of the Trademarks material to the conduct of the business of such Grantor and such Grantor will not do any act, nor omit to do any act, whereby the Trademarks may become abandoned, canceled, invalidated, unenforceable, avoided, or avoidable. Such Grantor shall notify Agent immediately if it knows or has reason to know of any reason why any application, registration, or recording may become abandoned, canceled, invalidated, unenforceable, avoided, or avoidable.

10. Such Grantor will render any assistance, as Agent may determine is necessary, to Agent in any proceeding before the United States Patent and Trademark Office, any federal or state court, or any similar office or agency in the United States or any state therein or any other country to maintain such application and registration of the Trademarks as such Grantor's exclusive property and to protect Agent's interest therein, including, without limitation, filing of renewals, affidavits of use, affidavits of incontestability and opposition, interference, and cancellation proceedings.

11. Such Grantor will promptly notify Agent if such Grantor (or any Affiliate or Subsidiary thereof) learns of any use by any Person of any term or design likely to cause confusion with any Trademark. If requested by Agent, such Grantor, at its expense, shall join with Agent in such action as Agent, in Agent's discretion, may deem advisable for the protection of Agent's interest in and to the Trademarks.

12. Such Grantor assumes all responsibility and liability arising from the use of the Trademarks and such Grantor hereby indemnifies and holds Agent, the Lenders and their respective

Affiliates harmless from and against any claim, suit, loss, damage, or expense (including reasonable attorneys' fees) arising out of any alleged defect in any product manufactured, promoted, or sold by such Grantor (or any Affiliate or Subsidiary thereof) in connection with any Trademark or out of the manufacture, promotion, labeling, sale or advertisement of any such product by such Grantor (or any Affiliate or Subsidiary thereof) other than as a result of the gross negligence or willful misconduct of Agent, the Lenders or their respective Affiliates.

13. In any action or proceeding instituted by Agent in connection with any matters arising at any time out of or with respect to this Trademark Security Agreement, such Grantor will not interpose any counterclaim of any nature.

14. Agent hereby grants to such Grantor the exclusive nontransferable right and license, exercisable only while no Event of Default has occurred and is continuing, to use the Trademarks and the goodwill of the business symbolized by the marks for such Grantor's own benefit. Such Grantor will maintain the quality of the products associated with the Trademarks at a level consistent with the quality at the time of this Trademark Security Agreement and will not change the quality of the products associated with the Trademarks without the Agent's prior written consent. Such Grantor hereby grants to Agent the right to visit its plants and facilities which manufacture or store products sold under any of the Trademarks and to inspect the products and quality-control records relating thereto at any time during regular business hours, or at such other times as Agent may reasonably request.

D. EVENTS OF DEFAULT.

The occurrence or existence of any Event of Default, as such term is defined in the Loan Agreement, is referred to herein individually as an "Event of Default" and, collectively, as "Events of Default".

E. RIGHTS AND REMEDIES.

Upon the occurrence and during the continuance of any Event of Default and at any time thereafter, in addition to all other rights and remedies of Agent, whether provided under law, the Agreements or otherwise, and after expiration of any grace period, Agent shall have the following rights and remedies which may be exercised without notice to, or consent by, any Grantor except as such notice or consent is expressly provided for hereunder.

1. Agent may require that neither any Grantor nor any Affiliate or Subsidiary of any Grantor make any use of the Trademarks or any marks similar thereto for any purpose whatsoever. Agent may make use of any Trademarks for the sale of goods, completion of work-in-progress or rendering of services in connection with enforcing any other security interest granted to Agent by the Grantors, respectively, or any Subsidiary or Affiliate of a Grantor.

2. Agent may grant such license or licenses relating to the Collateral for such term or terms, on such conditions, and in such manner, as Agent shall in its sole discretion deem appropriate. Such license or licenses may be general, special, or otherwise, and may be granted on an exclusive or non-exclusive basis throughout all or any part of the United States of America, its territories and possessions, and Canada.

3. Agent may assign, sell, or otherwise dispose of the Collateral or any part thereof, either with or without special conditions or stipulations, except that Agent agrees to provide such Grantor with ten (10) days prior written notice of any proposed assignment, sale or other disposition of the Collateral. Agent shall have the power to buy the Collateral or any part thereof, and Agent shall also have

the power to execute assurances and perform all other acts which Agent may, in Agent's sole discretion, deem appropriate or proper to complete such assignment, sale or disposition. In any such event, Grantors shall be jointly and severally liable for any deficiency.

4. In addition to the foregoing, in order to implement the assignment, sale, or other disposition of any of the Collateral pursuant to subparagraph E.3 hereof, Agent may at any time execute and deliver on behalf of a Grantor, pursuant to the authority granted in the Powers of Attorney described in subparagraph C.5 hereof, one or more instruments of assignment of the Trademarks (or any application, registration, or recording relating thereto), in form suitable for filing, recording or registration. Each Grantor agrees to pay Agent on demand all costs incurred in any such transfer of the Collateral, including, but not limited to, any taxes, fees, and reasonable attorneys' fees.

5. Agent may apply the proceeds actually received from any such license, assignment, sale, or other disposition of Collateral first to the reasonable costs and expenses thereof, including, without limitation, reasonable attorneys' fees and all legal, travel, and other expenses which may be incurred by Agent. Thereafter, Agent may apply any remaining proceeds to the Obligations in such order and manner as Agent determines in its sole discretion. Grantors shall remain jointly and severally liable to Agent for any expenses or obligations remaining unpaid after the application of such proceeds, and Grantors will pay Agent on demand any such unpaid amount, together with interest at the rate set forth in the Agreements.

6. In the event that any such license, assignment, sale or disposition of the Collateral (or any part thereof) is made after the occurrence and during the continuance of an Event of Default, each Grantor shall supply to Agent or Agent's designee such Grantor's knowledge and expertise relating to the manufacture and sale of the products and services bearing the Trademarks and such Grantor's customer lists and other records relating to the Trademarks and the distribution thereof.

Nothing contained herein shall be construed as requiring Agent to take any such action at any time. All of Agent's rights and remedies, whether provided under law, the Agreements, this Trademark Security Agreement, or otherwise, shall be cumulative and none are exclusive. Such rights and remedies may be enforced alternatively, successively, or concurrently.

F. MISCELLANEOUS.

1. Any failure or delay by Agent to require strict performance by a Grantor of any of the provisions, warranties, terms and conditions contained herein or in any other agreement, document, or instrument, shall not affect Agent's right to demand strict compliance and performance therewith, and any waiver of any default shall not waive or affect any other default, whether prior or subsequent thereto, and whether of the same or of a different type. None of the warranties, conditions, provisions, and terms contained herein or in any other agreement, document, or instrument shall be deemed to have been waived by any act or knowledge of Agent, its agents, officers, or employees, but only by an instrument in writing, signed by an officer of Agent and directed to a Grantor, specifying such waiver.

2. All communications and notices hereunder shall (except as otherwise expressly permitted herein) be in writing and shall be effective only (a) if given by facsimile transmission, when transmitted to the applicable facsimile number, if confirmation of receipt is received; (b) if given by mail, three Business Days after deposit in the U.S. mail, with first-class postage pre-paid, addressed to the applicable address, or (c) if given by personal delivery, when duly delivered to the notice address with receipt acknowledged, as follows:

EACH PARTY HERETO IRREVOCABLY CONSENTS TO SERVICE OF PROCESS IN THE MANNER PROVIDED FOR NOTICES IN SECTION 14.3.1 OF THE LOAN AGREEMENT. Nothing herein shall limit the right of Agent or any Lender to bring proceedings against any Obligor in any other court, nor limit the right of any party to serve process in any other manner permitted by Applicable Law. Nothing in this Trademark Security Agreement shall be deemed to preclude enforcement by Agent of any judgment or order obtained in any forum or jurisdiction.

9. To the fullest extent permitted by Applicable Law, each Grantor waives (a) the right to trial by jury (which Agent and each Lender hereby also waives) in any proceeding or dispute of any kind relating in any way to any Loan Documents, Obligations or Collateral; (b) presentment, demand, protest, notice of presentment, default, non-payment, maturity, release, compromise, settlement, extension or renewal of any commercial paper, accounts, documents, instruments, chattel paper and guaranties at

any time held by Agent on which Borrower may in any way be liable, and hereby ratifies anything Agent may do in this regard; (c) notice prior to taking possession or control of any Collateral; (d) any bond or security that might be required by a court prior to allowing Agent to exercise any rights or remedies; (e) the benefit of all valuation, appraisal and exemption laws; (f) any claim against Agent or any Lender, on any theory of liability, for special, indirect, consequential, exemplary or punitive damages (as opposed to direct or actual damages) in any way relating to any Enforcement Action, Obligations, Loan Documents or transactions relating thereto; and (g) notice of acceptance hereof. Borrower acknowledges that the foregoing waivers are a material inducement to Agent and Lenders entering into this Agreement and that Agent and Lenders are relying upon the foregoing in their dealings with Borrower. Borrower has reviewed the foregoing waivers with its legal counsel and has knowingly and voluntarily waived its jury trial and other rights following consultation with legal counsel. In the event of litigation, this Agreement may be filed as a written consent to a trial by the court.

10. This Trademark Security Agreement may be executed in counterparts, each of which shall constitute an original, but all of which when taken together shall constitute a single contract. This Trademark Security Agreement shall become effective when Agent has received counterparts bearing the signatures of all parties hereto. Delivery of a signature page of this Trademark Security Agreement by telecopy or email shall be effective as delivery of a manually executed counterpart hereof.
