ASSIGNMENT OF INTELLECTUAL PROPERTY

This Assignment of Intellectual Property is entered into as of May 12, 2008 (this "Assignment"), by and between Enturia, Inc., a Kansas corporation ("Assignor"), and Allegiance Corporation, a Delaware corporation ("Assignee").

Preliminary Statements:

A. Assignor, Assignee, Cardinal Health 213, LLC, a Delaware limited liability company, Cardinal Health, Inc., an Ohio corporation, Enturia Holdings, Inc., a Delaware corporation, and A. Joseph Brandmeyer have entered into that certain Asset Purchase Agreement, dated February 29, 2008, as amended (the "Asset Purchase Agreement"). Assignee is a party to the Asset Purchase Agreement solely for the purposes of the transfer of the Purchased Assets contemplated by Section 1.1(e) of the Asset Purchase Agreement. Capitalized terms used herein but not otherwise defined herein shall have the meanings ascribed to them in the Asset Purchase Agreement.

B. The Asset Purchase Agreement provides, subject to the terms and conditions set forth therein, for the grant, sale, assignment, transfer and delivery by Assignor to Assignee of all of Assignor's right, title and interest in and to the Purchased Assets described in Section 1.1(e) of the Asset Purchase Agreement, including the Company Proprietary Rights, the Other Intellectual Property and Company Software.

C. Assignor desires to assign to Assignee, and Assignee desires to accept from Assignor, all of Assignor's right, title and interest in and to the Company Proprietary Rights, the Other Intellectual Property and Company Software together with the goodwill symbolized by the trademarks and service marks included therewith.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor and Assignee hereby agree as follows:

1. **Intellectual Property Assignment.** Effective as of the Closing Date, Assignor hereby grants, sells, assigns, transfers and delivers to Assignee the following:

(a) Assignor's entire right, title and interest in and to (i) the Company Proprietary Rights, including, without limitation, (A) the Patents, Trademarks and Copyrights set forth on Exhibit A attached hereto and (B) the goodwill of the Business carried on in connection with the Trademarks set forth on Exhibit A attached hereto, (ii) the Other Intellectual Property and (iii) the Company Software;

(b) All claims, demands and rights of action, both statutory and based upon common law, that Assignor has or might have by reason of any infringement of any Company Proprietary Rights, Other Intellectual Property or Company Software prior to, on or after the date of this Assignment, together with the right to prosecute such claims, demands and rights of action in Assignee's own name;

(c) All of Assignor's right, title and interest in and to all income, royalties, damages and payments now or hereafter due and/or payable under and with respect to any of the Proprietary Rights, including, without limitation, the right to recover for past, present or future infringements of the Company Proprietary Rights, the Other Intellectual Property or the Company Software; and

(d) All rights corresponding to the Company Proprietary Rights, the Other Intellectual Property and the Company Software throughout the world, as fully and entirely as the same would have been held and enjoyed by Assignor had this Assignment not been made.

2. Further Assurance. Assignor agrees that it shall do, execute, acknowledge and deliver, all acts, agreements, documents, instruments, notices and assurances as may be reasonably requested by Assignee to further effect and evidence the transactions contemplated hereby. Assignor will at any time upon request and without further consideration, make all rightful oaths, and do all lawful acts required for procuring and enforcing the Company Proprietary Rights, the Other Intellectual Property and the Company Software.

3. Enforceability. If any provision of this Assignment shall be invalid or unenforceable, in whole or in part, or as applied to any circumstance, under the laws of any jurisdiction which may govern for such purpose, then such provision shall be deemed to be modified or restricted to the extent and in the manner necessary to render the same valid and enforceable, either generally or as applied to such circumstance, or shall be deemed excised from this Assignment, as the case may require, and this Assignment shall be construed and enforced to the maximum extent permitted by law as if such provision had been originally incorporated herein as so modified or restricted, or as if such provision had not been originally incorporated herein, as the case may be.

4. Amendment. This Assignment may be amended or supplemented only by an instrument in writing signed by Assignor and Assignee.

5. No Third-Party Beneficiaries. Nothing in this Assignment, express or implied, is intended or shall be construed to create any third party beneficiaries.

6. Terms of the Asset Purchase Agreement. In the event of a conflict between the terms and provisions of this Assignment and the Asset Purchase Agreement, the terms and provisions of the Asset Purchase Agreement shall govern and control.

7. Counterparts. This Assignment may be executed in counterparts, which together shall constitute one and the same Agreement. The parties may execute more than one copy of this Assignment, each of which shall constitute an original.

8. Successors and Assigns. This Assignment shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns.

9. Governing Law. This Assignment will be governed by, and construed in accordance with, the laws of the State of Delaware, without reference to principles of conflict of

laws. The venue and jurisdiction for any action arising under or otherwise related to this Assignment shall be as set forth in the Asset Purchase Agreement.
