## Trademark Assignment

This Trademark Assignment ("Trademark Assignment") dated as of October  
1, 2007, is executed and delivered by Mission Pharmacal Company, a Texas corporation ("Seller"), to Bayer HealthCare LLC, a Delaware limited liability company ("Buyer").

Capitalized terms used in this Trademark Assignment and not otherwise defined herein shall have the meanings assigned to such terms in the Asset Purchase Agreement dated as of August 29, 2007 (the "Purchase Agreement"), between Buyer and Seller, pursuant to which agreement, among other things, Buyer is purchasing certain assets of Seller and assuming certain liabilities of Seller.

In consideration of the respective representations, warranties and covenants set forth in the Purchase agreement and for good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, subject to the terms of the Purchase Agreement, Buyer hereby assigns, effective as of the date hereof, to Buyer, the entire right, title and interest in and to the trademarks and trademark applications listed on Schedule A (the "Marks"), together with any goodwill of the business appurtenant to and symbolized by the Marks, any common law rights in and to the Marks and the right to sue and recover for, and the right to profits or damages due or accrued arising out of or in connection with, any and all past, present or future infringements or dilution of or damage or injury to the Marks, to be held and enjoyed by Buyer, its successors and assigns to the same extent that such would have been held and enjoyed by Seller had such assignment not been made.

This Trademark Assignment may be executed in one or more counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same instrument. This Trademark Assignment may be executed by exchange of signatures by facsimile or a portable document format or similar electronic file format attachment to email. This Trademark Assignment and any disputes hereunder shall be governed by and construed in accordance with the laws of the State of New York, United States of America, without giving effect to any choice or conflict of law provision or rule that would cause the application of any other laws. If any term or provision of this Trademark Agreement is invalid, illegal or unenforceable in any situation in any jurisdiction, then, to the extent that the economic and legal substance of the transactions contemplated hereby are not affected in a manner that is materially adverse to either party, all other terms and provisions of this Trademark Assignment shall nevertheless remain in full force and effect and the enforceability and validity of the offending term or provision shall be affected in any other situation or jurisdiction.

The parties hereto have executed this Trademark Assignment as of the date set forth above in the initial caption to this Trademark Assignment.
