ASSIGNMENT OF TRADEMARKS

This Assignment of Trademarks ("*Assignment*") is made and entered into by and between KGMP Trust, a Massachusetts business trust ("*Assignor*"), and Q-Epsilon, Inc., a North Carolina corporation ("*Assignee*").

WHEREAS, Assignor is the sole owner of all right, title, and interest in and to the trademarks, service marks, trademark registration applications, and service mark registration applications set forth on Schedule A (the "*Trademarks*"); and

WHEREAS, Assignor uses, and, as registrant of, owns certain rights in connection with, certain domain names and registrations corresponding thereto as set forth on Schedule B (collectively, the "*Domain Names*"); and

WHEREAS, Assignee and Assignor are parties to an Asset Purchase Agreement dated as of May 6, 2008 (the "*Agreement*"), pursuant to which Assignor has agreed to sell to Assignee and Assignee has agreed to buy from Assignor the Purchased Assets (as defined in the Agreement), including without limitation all of Assignor's right, title and interest in and to the Trademarks and Domain Names, and, pursuant to the Agreement, Assignor has agreed to execute such instruments as the Assignee may reasonably request in order more effectively to assign, transfer, grant, convey, assure and confirm to Assignee and its successors and assigns, or to aid and assist in the collection of or reducing to possession by the Assignee of, all of such assets; and

WHEREAS, in accordance with the Agreement, Assignor desires to transfer and assign to Assignee, and Assignee desires to accept the transfer and assignment of, all of Assignor's worldwide right, title and interest in, to and under the Trademarks and Domain Names.

NOW, THEREFORE, in consideration of the payment of the purchase price set forth in the Agreement and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Assignor does hereby sell, convey, assign, transfer and deliver unto Assignee, all its rights, title and interest in, to and under the Trademarks and Domain Names, together with the goodwill, if any, of the business associated therewith and which is symbolized thereby, and Assignee hereby accepts such sale, conveyance, assignment, transfer, and delivery. Assignor further sells, conveys, assigns, transfers and delivers to Assignee all rights of Assignor to bring an action, whether at law or in equity, against any third party for infringement, dilution, tarnishment, or other misappropriation or unauthorized use of any of the Trademarks and/or the Domain Names, including the right to bring an action for past, present and future infringement, dilution, tarnishment, or other misappropriation or unauthorized use, and all rights to recover damages, profits and injunctive relief for infringement, dilution, tarnishment, or other misappropriation or unauthorized use, and Assignee hereby accepts such sale, conveyance, assignment, transfer, and delivery.

2. Assignor agrees to execute all applications, amended specifications, deeds or other instruments, and to do all acts necessary or proper, including without limitation as required or requested by the Domain Name registrar identified on Schedule B, to secure such sale,

conveyance, assignment, transfer, and delivery of all such right, title and interest in, to and under said Trademarks and Domain Names and to vest and confirm in said Assignee, its successors and assigns, all such right, title and interest.

3. Assignor hereby authorizes Assignee to file this Assignment and any other documents relating thereto with the U.S. Patent and Trademark Office and the trademark or other intellectual property offices in any jurisdiction where any Trademarks have been or may be filed or issued for purposes of having the Assignment recorded therein and to place sole and exclusive right, title, and interest in and to such Trademarks in the name of Assignee.

4. This Assignment is subject to the terms and conditions of the Agreement, which are incorporated herein by reference. The parties acknowledge and agree that the representations, warranties, covenants, and agreements contained in the Agreement shall not be superseded hereby but shall remain in full force and effect to the full extent provided therein. In the event of any conflict or inconsistency between the terms of the Agreement and the terms hereof, the terms of the Agreement shall prevail.

5. This Assignment may be executed in any number of counterparts, each of which when executed and delivered shall be deemed to be an original and all of which counterparts taken together will constitute one and the same instrument. This Assignment may not be amended or modified without the prior written agreement of both parties hereto.

This Assignment is effective as of _____, 2008.
