SENIOR TRADEMARK SECURITY AGREEMENT

Senior Trademark Security Agreement (the "Trademark Security Agreement"), dated as of May 22, 2008, by AXIA Incorporated, a Delaware corporation (the "Borrower"), and each Guarantor listed on Schedule II hereto (collectively, the "Original Guarantors," together with the Borrower, the "Pledgors"), in favor of UBS AG, STAMFORD BRANCH, in its capacity as collateral agent pursuant to the Credit Agreement (in such capacity, the "Collateral Agent").

WITNESSETH:

WHEREAS, Pledgors are party to an Amended and Restated Security Agreement, dated as of April 1, 2008 (as amended, amended and restated, supplemented or otherwise modified from time to time, the "Security Agreement"), in favor of the Collateral Agent pursuant to which the Pledgors are required to execute and deliver this Trademark Security Agreement;

NOW, THEREFORE, in consideration of the premises and to induce the Collateral Agent, for the benefit of the Senior Secured Parties, to enter into the Credit Agreement, the Pledgors hereby agree with the Collateral Agent as follows:

SECTION 1. Defined Terms. Unless otherwise defined herein, terms defined in the Security Agreement and used herein have the meaning given to them in the Security Agreement.

SECTION 2. Grant of Security Interest in Trademark Collateral. Each Pledgor hereby pledges and grants to the Collateral Agent for the benefit of the Senior Secured Parties a lien on and security interest in and to all of its right, title and interest in, to and under all trademarks, service marks, slogans, logos, certification marks, trade dress, uniform resource locators (URL's), domain names, corporate names, business names, trade names, or other indicia of origin or source identification and all registrations of and applications to register (other than intent-to-use applications for which a Statement of Use or Amendment to Allege Use has not been filed and accepted) the foregoing (whether statutory or common law and whether applied for or registered in the United States or any other country or any political subdivision thereof), and any renewals thereof, together with any and all (i) rights and privileges arising under applicable law with respect to such Pledgor's use of any of the foregoing, (ii) income, fees, royalties, damages and payments now and hereafter due and/or payable thereunder and, with respect thereto, including damages, claims, and payments for past, present or future infringements, dilutions, or other violations thereof, (iii) all other rights corresponding thereto throughout the world, and (iv) rights to sue for past, present and future infringements, dilutions, or other violations thereof, together with the goodwill of Pledgor's business relating thereto and symbolized thereby, and including but not limited to the applications and registrations referred to on Schedule I attached hereto.

SECTION 3. Security Agreement. The security interest granted pursuant to this Trademark Security Agreement is granted in conjunction with the security interest granted to the Collateral Agent for the benefit of the Senior Secured Parties pursuant to the Security Agreement and Pledgors hereby acknowledge and affirm that the rights and remedies of the Collateral Agent with respect to the security interest in respect of the Senior Obligations in the Trademarks made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions

of which are incorporated by reference herein as if fully set forth herein. In the event that any provision of this Trademark Security Agreement is deemed to conflict with the Security Agreement, the provisions of the Security Agreement shall control unless the Collateral Agent shall otherwise determine.

SECTION 4. Termination. Upon the full satisfaction of the Senior Obligations or in connection with a release otherwise expressly permitted by the Loan Documents, the Collateral Agent shall execute, acknowledge, and deliver to the Pledgor an instrument in writing in recordable form releasing the collateral pledge, grant, assignment, lien and security interest (in each case, in respect of the Senior Obligations) in the Trademarks under this Trademark Security Agreement.
