EXPLANATION OF CORRECTIVE ASSIGNMENT

1. As set forth in the attached Petition to Correct Certificate of Registration ("the Petition to Correct"), the Assignment previously recorded with the USPTO between the subject parties inadvertently failed to state that it was a *nunc pro tunc* assignment and was further recorded with an incorrect cover sheet showing the effective date as the date of execution. Pursuant to the facts set forth in the Petition to Correct, however, the assignment occurred prior to the filing date of the application that matured into U.S. Registration No. 2,084,033 (hereinafter "the Registration") and was therefore moot.

2. Pursuant to the Petition to Correct, Automatic (AL) filed a Petition to Expunge the previously recorded assignments. Automatic (AL) was subsequently contacted by the USPTO Petitions branch, who recommended withdrawal of the Petition to Expunge and filing of the instant corrective assignment, with explanatory documents.

3. Attached hereto is a copy of the aforementioned Petition to Correct stating the relevant facts, and a copy of the Assignment that was previously recorded with the incorrect effective date.

Petition to Correct Certificate of Registration

1. Registrant requests that the Certificate of Registration for Registration No. 2,084,033 (hereinafter "the Registration") be amended to reflect that the entity that filed Application No. 75/158,946 (hereinafter "the Application") was, at the time of filing, Automatic Screw Machine Products Company, Inc., a corporation of Alabama. Registrant submits that the Application identified the Applicant as a corporation of Delaware due to an inadvertent clerical error.

2. Correction of this clerical error should be permitted because no Delaware corporation by the name of Automatic Screw Machines Product Company, Inc. existed at the time of filing. Thus, the Applicant as listed in the application was a non-existent entity at the time of filing. See TMEP 1609.10(b) and 1201.02(c)(7).

3. In this regard, Registrant submits for the record that Automatic Screw Machine Products, Inc., a Delaware Corporation, (hereinafter "Automatic (DE)") having a principal place of business of 709 Second Ave. Southeast, Decatur, AL 35601, and a mailing address of P.O. Box 1608, Decatur, AL 35602 was the original owner and user of the mark **AD** (hereinafter "the Mark"), having commenced use at least as early as 1961;

4. Automatic Screw Machine Products, Inc., an Alabama Corporation, having a principal place of business of 709 Second Ave. Southeast, Decatur, AL 35601, and a mailing address of P.O. Box 1608, Decatur, AL 35602, (hereinafter "Automatic (AL)") was incorporated on April 15, 1996, prior to the filing date of the Application, with Assembly Component Systems, Inc., an Illinois Corporation, with a business address at 15850 West 108th Street, Lexena, KS 66285 (hereinafter "Assembly") owning all of the outstanding shares thereof;

5. On April 24, 1996, prior to the filing date of the Application, in accordance with a Purchase Agreement, Automatic (DE) sold its assets, including the Mark and the goodwill associated therewith, to Assembly;

6. Also on April 24, 1996, Assembly assigned its rights in the Mark, including the goodwill associated therewith, to Automatic (AL);

7. On May 21, 1996, still prior to the filing date of the Application, Automatic (DE) changed its name to 1066 Company;

8. On August 30, 1996, Automatic (AL) filed the Application, which inadvertently identified the Applicant as a corporation of Delaware;

9. In 2003, Registrant, Automatic (AL), erroneously filed two assignments with the U.S. Patent and Trademark Office, both of which memorialized transfers that occurred prior to the filing date of the Application for Registration and were therefore irrelevant to the application as filed;

10. Automatic (AL) has filed a petition to expunge these assignments;

11. In light of the foregoing, Registrant respectfully requests correction of the Applicant's state of incorporation in the Registration to read "Alabama" instead of "Delaware."

12. As further evidence of the clerical error, the Registrant notes that the Registration was the basis of a Recordal of Fastener Insignia, which was cancelled because of the recordation of the above-referenced transfers, which the Registrant now asks to be expunged. The true owner of the Registration is and always has been Automatic (AL), as shown by the attached true and correct copy of the Certificate of Recordal as recorded on December 24, 1997, listing Automatic Screw Machine Products Company as an "AL Corporation."

13. Payment in the amount of \$100 is enclosed.
