RECITALS

A. Pursuant to an Asset Purchase Agreement dated September 22, 2008 (the "Purchase Agreement") by and among Assignor, Johnson Diversey Canada, Inc. ("JDI Canada"), Assignee and DuBois Chemicals Canada Inc. ("DuBois Canada"), the Assignee and DuBois Canada have agreed to purchase the Purchased Assets (as defined in the Purchase Agreement) of the Assignor and JDI Canada. The execution and delivery of this Assignment is a condition to the obligation of the Assignee and DuBois Canada to consummate the transactions contemplated by the Purchase Agreement.

B. Assignor owns all right, title and interest in and to the Assigned Trademarks (as defined below).

C. Assignor desires to transfer and assign all right, title and interest in and to the Assigned Trademarks to Assignee, and Assignee desires to accept such assignment.

AGREEMENT

For valuable consideration (including that recited in the Purchase Agreement), the receipt and sufficiency of which is hereby acknowledged, and in consideration of the covenants and agreements set forth herein, Assignor and Assignee mutually agree as follows:

1. Definition of Assigned Trademarks. The term "Assigned Trademarks" shall mean the trademarks listed in Appendix A, as well as: (a) all common law rights therein; (b) all goodwill associated therewith; (c) all applications and registrations thereof; and (d) all renewals thereof.
2. Assignment of the Assigned Trademarks. Assignor hereby assigns and transfers to Assignee, its successors, assigns and legal representatives the entire, full and exclusive right, title and interest in and to the Assigned Trademarks, including, without limitation, all income, royalties, damages and payments due or payable as of the Closing to the extent included in Closing Net Working Capital (including, without limitation, damages and payments for past infringements, misappropriations or other violations thereof to the extent included in Closing Net Working Capital) and the rights to sue and collect damages for infringements, misappropriations or other violations thereof with respect to the period of time after Closing.
3. Authorization of Commissioner of Trademarks. Assignor authorizes and requests that the United States Commissioner of Patents and Trademarks and any other similar government authority, including any foreign governmental entity, to record Assignee as owner of the Assigned Trademarks and issue any and all registrations

thereon to Assignee, as assignee of the entire right, title and interest in, to and under the same, for the sole use and enjoyment of Assignee and its successors, assigns, or other legal representatives.

4. Further Assurances. Upon reasonable request by Assignee, Assignor shall take, or cause to be taken, all actions and do, or cause to be done, all things necessary, proper or appropriate to confirm Assignee's ownership of the Assigned Trademarks and to otherwise effectuate the transactions contemplated by this Assignment. Assignor shall provide to Assignee, its successors, assigns or other legal representatives, cooperation and assistance at Assignee's reasonable request and expense (including, without limitation, the execution and delivery of any and all affidavits, declarations, oaths, samples, exhibits, specimens and other documentation as may be reasonably required) in connection with: (1) preparation and prosecution of any application for registration or renewal of a registration covering any of the Assigned Trademarks; (2) prosecution or defense of any cancellation, opposition, infringement or other proceedings that may arise in connection with any of the Assigned Trademarks, including, without limitation, testifying as to any facts relating to the Assigned Trademarks and this Assignment; (3) obtaining any additional trademark protection for the Assigned Trademarks that Assignee reasonably may deem appropriate that may be secured under the laws now or hereafter in effect in the United States or for all foreign countries; and (4) implementation, perfection and/or recording of this Assignment.

5. Miscellaneous.

a. All capitalized terms used herein and not otherwise defined herein shall have the meanings set forth in the Purchase Agreement.

b. Notwithstanding anything herein to the contrary, the provisions of this Assignment are subject, in all respects, to the terms and conditions of the Purchase Agreement and all of the representations and warranties, covenants and agreements contained therein, all of which shall survive the execution and delivery of this Assignment as provided in the Purchase Agreement.
