PROPERTY SECURITY AGREEMENT**

THIS SECOND AMENDED AND RESTATED INTELLECTUAL PROPERTY SECURITY AGREEMENT (together with all amendments, if any, from time to time, this "Intellectual Property Security Agreement"), dated as of December 28, 2006, is made by EACH OF THE GRANTORS LISTED ON THE SIGNATURE PAGES HERETO AND EACH ADDITIONAL PARTY WHICH BECOMES A GRANTOR HERETO PURSUANT TO SECTION 8 HEREOF (collectively, "Grantors" and each, a "Grantor"), in favor of GENERAL ELECTRIC CAPITAL CORPORATION, a Delaware corporation, in its capacity as Agent ("Agent") for itself and the lenders from time to time party to the Credit Agreement described below ("Lenders").

W I T N E S S E T H:

WHEREAS, pursuant to that certain Amended and Restated Credit Agreement, dated as of the date hereof, by and among NATIONAL ENVELOPE CORPORATION, a New York corporation, AND EACH OF THE OTHER BORROWERS SIGNATORY THERETO (each, a "Borrower" and collectively referred to herein as the "Borrowers"), NEC HOLDINGS CORP., a Delaware corporation ("Holdings"), the other Credit Parties signatory thereto, General Electric Capital Corporation, for itself, as a Lender, and as Agent for Lenders, and the other Lenders signatory thereto from time to time (including all annexes, exhibits and schedules thereto, as from time to time amended, restated, supplemented or otherwise modified, the "Credit Agreement"), Lenders have agreed to make and to continue the Loans and to incur and continue the Letter of Credit Obligations on behalf of the Borrowers and to amend and restate the Amended and Restated Credit Agreement, dated as of April 4, 2006 (as amended, supplemented or otherwise modified prior to the date hereof, (the "Existing Credit Agreement"), by and among Holdings, each Borrower named therein, the other credit parties signatory thereto, Agent and the lenders signatory thereto;

WHEREAS, Grantors directly or indirectly benefit from the credit facilities made available to each of the Borrowers under the Credit Agreement and in order to induce Agent and Lenders to enter into the Credit Agreement and other Loan Documents and to induce Lenders to make and to continue the Loans and to incur and continue the Letter of Credit Obligations as provided for in the Credit Agreement, Grantors desire to grant a continuing Lien on the Intellectual Property Collateral to Agent, for the benefit of Agent and Lenders, to secure and to continue to secure all of the Obligations; and

WHEREAS, in furtherance of the foregoing, Grantors have agreed to amend and restate the Amended and Restated Intellectual Property Security Agreement dated as of April 4, 2006 (as amended and in effect from time to time prior to the date hereof, the "Existing Intellectual Property Security Agreement"), by and among the grantors signatory thereto and Agent;

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of

which are hereby acknowledged, the parties hereto agree to amend and restate the Existing Intellectual Property Security Agreement as follows:

1. DEFINED TERMS. All capitalized terms used but not otherwise defined herein have the meanings given to them in Annex A to the Credit Agreement.

2. GRANT OF SECURITY INTEREST IN INTELLECTUAL PROPERTY COLLATERAL. (a) To secure the prompt and complete payment, performance and observance of all the Obligations, each Grantor hereby grants, assigns, conveys, mortgages, pledges, hypothecates and transfers to Agent, for itself and the benefit of the Lenders, a continuing first priority security interest in and Lien (as applicable) upon all of its right, title and interest in, to and under the following, whether presently existing or hereafter created or acquired by or arising in favor of such Grantor and whether owned or consigned by or to, or licensed from or to, such Grantor (collectively, the "Intellectual Property Collateral"):

(i) all of its Patents and Patent Licenses to which it is a party including those referred to on Schedule I hereto;

(ii) all of its Trademarks and Trademark Licenses to which it is a party including those referred to on Schedule II hereto;

(iii) all of its Copyrights and Copyright Licenses to which it is a party including those referred to on Schedule III hereto;

(iv) all reissues, continuations or extensions of the foregoing;

(v) all goodwill of the business connected with the use of, and symbolized by, each Patent, each Patent License, each Trademark, each Trademark License, each Copyright and each Copyright License; and

(vi) all products and proceeds of the foregoing, including, without limitation, any claim by such Grantor against third parties for past, present or future (A) infringement or dilution of any Patent or Patent licensed under any Patent License, (B) injury to the goodwill associated with any Patent or any Patent licensed under any Patent License, (C) infringement or dilution of any Trademark or Trademark licensed under any Trademark License, (D) injury to the goodwill associated with any Trademark or any Trademark licensed under any Trademark License, (E) infringement or dilution of any Copyright or Copyright licensed under any Copyright License, and (F) injury to the goodwill associated with any Copyright or any Copyright licensed under any Copyright License.

Notwithstanding the foregoing, the Intellectual Property Collateral shall not include any assets licensed if the license is not prohibited under the terms of the Credit Agreement and the granting of a security interest therein is prohibited by or otherwise would materially breach the terms of such license (the property covered by such license being hereinafter referred to as "Excluded Assets"); provided, however, that (1) Grantor shall use its commercially reasonable best efforts to obtain any and all consents and/or waivers necessary for the granting of a security interest in each such Excluded Asset by Grantor to Agent, that is material to the operation of the Grantor's business or to the extent required by Agent and (2) Grantor shall not on and after the Closing Date enter into any additional licenses which contain any such prohibition, which are, either individually or in the aggregate, material to the operation of Grantor's business. The foregoing

exclusion shall in no way be construed so as to limit, impair or otherwise affect Agent's unconditional continuing security interests in and Liens (as applicable) upon any Excluded Asset once any such applicable prohibition is no longer in effect.

(b) In addition, to secure the prompt and complete payment, performance and observance of the Obligations and in order to induce Agent and Lenders as aforesaid, each Grantor hereby grants to Agent, for itself and the benefit of Lenders, a right of setoff, against the property of such Grantor held by Agent or any Lender, consisting of property described above in Section 2(a) now or hereafter in the possession or custody of or in transit to Agent or any Lender, for any purpose, including safekeeping, collection or pledge, for the account of such Grantor, or as to which such Grantor may have any right or power.

3. REPRESENTATIONS AND WARRANTIES. Each Grantor, jointly and severally, represents and warrants that, as of the Closing Date, each Grantor owns or has rights to use all Intellectual Property necessary to continue to conduct its business as now or heretofore conducted by it or proposed to be conducted by it. Each Trademark and Copyright registered with or that is the subject of an application with the United States Patent and Trademark Office, or its foreign equivalents, or the United States Copyright Office or its foreign equivalents, as applicable, each Patent and each License is listed, together with application or registration numbers, as applicable, in Schedule I, Schedule II and Schedule III, respectively, hereto. Each Grantor, jointly and severally, represents and warrants that, except as set forth in Disclosure Schedule (3.15) to the Credit Agreement, all Patents, Trademarks and Copyrights which are necessary or material to the operations of such Grantor have been registered with the United States Patent and Trademark Office or its foreign equivalents or the United States Copyright Office or its foreign equivalents, as applicable. Each Grantor conducts its business and affairs without infringement of or interference with any Intellectual Property of any other Person in any material respect. Except as set forth in Disclosure Schedule (3.15) to the Credit Agreement, no Grantor is aware of any infringement claim by any other Person with respect to any Intellectual Property. This Intellectual Property Security Agreement is effective to create a valid and continuing security interest in and Lien on (as applicable) and, upon the filing hereof with the United States Patent and Trademark Office and the United States Copyright Office, as applicable and the filing of appropriate financing statements listed on Schedule I to the Security Agreement, perfected security interests in favor of Agent in all of Grantors' Patents, Trademarks and Copyrights and such perfected security interests are enforceable as such as against any and all creditors of, and purchasers from, Grantors. Upon filing of this Intellectual Property Security Agreement with the United States Patent and Trademark Office and the United States Copyright Office, as applicable and the filing of appropriate financing statements listed on Schedule I to the Security Agreement, all action necessary or otherwise requested by Agent to protect and perfect Agent's security interest in and Lien on (as applicable) Grantor's Patents, Trademarks and Copyrights shall have been duly taken.

The security interests granted pursuant to this Intellectual Property Security Agreement are granted in conjunction with the security interest granted to Agent pursuant to the Security Agreement. In addition to any representations and warranties contained herein, each Grantor hereby acknowledges and affirms the representations and warranties made to Agent with respect to the Intellectual Property Collateral made in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

4. COVENANTS. The security interests granted pursuant to this Intellectual Property Security Agreement are granted in conjunction with the security interests granted to Agent pursuant to the Security Agreement. In addition to the covenants contained herein, each Grantor hereby acknowledges and affirms the covenants of such Grantor contained in the Security Agreement with respect to the Intellectual Property Collateral, the terms and provisions of which are incorporated herein as if fully set forth herein.

5. SECURITY AGREEMENT. The security interests granted pursuant to this Intellectual Property Security Agreement are granted in conjunction with the security interests granted to Agent pursuant to the Security Agreement. Each Grantor hereby acknowledges and affirms that the rights and remedies of Agent with respect to the security interest in the Intellectual Property Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

6. REINSTATEMENT. This Intellectual Property Security Agreement shall remain in full force and effect and continue to be effective should any petition be filed by or against any Grantor or Credit Party for liquidation or reorganization, should any Grantor or Credit Party become insolvent or make an assignment for the benefit of any creditor or creditors or should a receiver or trustee be appointed for all or any significant part of any Grantor's or Credit Party's assets, and shall continue to be effective or be reinstated, as the case may be, if at any time payment and performance of the Obligations, or any part thereof, is, pursuant to applicable law, rescinded or reduced in amount, or must otherwise be restored or returned by any obligee of the Obligations, whether as a "voidable preference," "fraudulent conveyance," or otherwise, all as though such payment or performance had not been made. In the event that any payment, or any part thereof, is rescinded, reduced, restored or returned, the Obligations shall be reinstated and deemed reduced only by such amount paid and not so rescinded, reduced, restored or returned.

7. NOTICES. Whenever it is provided herein that any notice, demand, request, consent, approval, declaration or other communication shall or may be given to or served upon any of the parties by any other party, or whenever any of the parties desires to give or serve upon another any such communication with respect to this Intellectual Property Security Agreement, each such notice, demand, request, consent, approval, declaration or other communication shall be in writing and shall be addressed to the party to be notified at the address set forth in Annex I to the Credit Agreement (or such other address as may be substituted by notice given in the manner required by Section 11.10 of the Credit Agreement), and given in the manner required by Section 11.10 of the Credit Agreement.

8. ADDITIONAL GRANTORS. The initial Grantors hereunder are the Credit Parties as are signatories hereto on the date hereof. From time to time subsequent to the date hereof, additional Credit Parties may become parties hereto, as additional Grantors (each, an "Additional Grantor"), by executing a counterpart of this Intellectual Property Security Agreement substantially in the form of Exhibit A attached hereto. Upon delivery of any such counterpart to Agent, notice of which is hereby waived by the Grantors, each Additional Grantor shall be a Grantor and shall be as fully a party hereto as if such Additional Grantor were an original signatory hereto. Each Grantor expressly agrees that its obligations arising hereunder shall not be affected or diminished by the addition or release of any other Grantor hereunder nor by any election of Agent not to cause any Credit Party or any other Person to

become an Additional Grantor hereunder. This Intellectual Property Security Agreement shall be fully effective as to any Grantor that is or becomes a party hereto regardless of whether any other Person becomes or fails to become or ceases to be a Grantor hereunder.

9. TERMINATION OF THIS SECURITY AGREEMENT. Subject to Section 6 hereof, this Intellectual Property Security Agreement shall terminate upon the Termination Date.

10. NO STRICT CONSTRUCTION. The parties hereto have participated jointly in the negotiation and drafting of this Intellectual Property Security Agreement. In the event an ambiguity or question of intent or interpretation arises, this Intellectual Property Security Agreement shall be construed as if drafted jointly by the parties hereto and no presumption or burden of proof shall arise favoring or disfavoring any party by virtue of the authorship of any provisions of this Intellectual Property Security Agreement. This Intellectual Property Security Agreement is to be read, construed and applied together with the Credit Agreement and the other Loan Documents which, taken together, set forth the complete understanding and agreement of Agent, Lenders and Grantors with respect to the matters referred to herein and therein. Except as otherwise specifically provided, if any provision contained in this Intellectual Property Security Agreement or any other Loan Document, conflicts with any provision in the Credit Agreement, the provision in the Credit Agreement shall govern and control.

11. ADVICE OF COUNSEL. Each of the parties represents to each other party hereto that it has discussed this Intellectual Property Security Agreement with its counsel.

12. EFFECT OF AMENDMENT AND RESTATEMENT. From and after the date hereof (the "Effective Date"): (a) the terms and conditions of the Existing Intellectual Property Security Agreement shall be amended as set forth herein and, as so amended, shall be restated in their entirety, but only with respect to the rights, duties and obligations among Grantors and the Agent continuing or accruing from and after the Effective Date; (b) this Intellectual Property Security Agreement shall not in any way release or impair the rights, duties, obligations or Liens created pursuant to the Existing Intellectual Property Security Agreement (and such Liens shall continue without any diminution thereof and shall remain in full force and effect on and after the Effective Date) or affect the relative priorities thereof, in each case to the extent in force and effect thereunder as of the Effective Date, and all of such rights, duties, obligations and Liens are assumed, ratified and affirmed by each Grantor; (c) the execution, delivery and effectiveness of this Intellectual Property Security Agreement shall not operate as a waiver of any right, power or remedy of the Lenders or the Agent under the Existing Intellectual Property Security Agreement, nor constitute a waiver of any covenant, agreement or obligation under the Existing Intellectual Property Security Agreement, except to the extent that any such covenant, agreement or obligation is no longer set forth herein or is modified hereby; and (d) any and all references to the Existing Intellectual Property Security Agreement in any Loan Document or Lender Swap Contract shall, without further action of the parties, be deemed a reference to the Existing Intellectual Property Security Agreement, as amended and restated by this Intellectual Property Security Agreement, and as this Intellectual Property Security Agreement shall be further amended, restated, supplemented or otherwise modified from time to time.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]
