Assignors have obtained United States trademark registrations for certain of the Marks, as noted in Exhibit A.

Assignor has filed trademark applications therefor in the United States Patent and Trademark Office for several of the Marks, as noted in Exhibit A.

Assignor wishes to transfer and assign to Assignee all of its right, title and interest in and to the Marks, and all applications and registrations relating to the Marks, along with all goodwill and, for any Marks for which use in commerce has not commenced as of the Effective Date, the business pertaining thereto, and the parties wish to evidence this absolute transfer of rights by this instrument of assignment.

Assignor agrees, for itself and its successors, with said Assignee and its successors and assigns, but at Assignee's or their expense and charges, hereafter to execute all applications, amended specifications, deeds or other instruments, and to do all acts necessary or proper to secure the grant of registered trademarks and service marks in the United States and in all other countries to Assignee, in such form as shall be approved by the counsel of Assignee and to vest and confirm in Assignee its successors and assigns, the legal title to all such trademarks and service marks. Assignor further authorizes and grants a limited power of attorney to Assignee's intellectual property counsel, Jason A. Bernstein of Powell Goldstein LLP, or his designee, to execute on Assignor's behalf any documents necessary to evidence the assignments granted herein for the United States or any other country without further notice to Assignor.
