TRADEMARK SECURITY AGREEMENT

This TRADEMARK SECURITY AGREEMENT (this "Agreement"), dated as of October 20, 2008, among TYSON FOODS, INC. (the "Borrower"), the subsidiaries of the Borrower listed on Schedule I hereto (together with the Borrower, the "Trademark Owners") and JPMORGAN CHASE BANK, N.A., as Administrative Agent (the "Administrative Agent").

Reference is made to the Guarantee and Collateral Agreement dated as of October 17, 2008 (as amended, supplemented or otherwise modified from time to time, the "Security Agreement"), among the Borrower, the Subsidiary Guarantors party thereto, the Trademark Owners party thereto and the Administrative Agent. The Lenders have agreed to extend credit to the Borrower subject to the terms and conditions set forth in the Credit Agreement dated as of September 28, 2005 (as amended, supplemented or otherwise modified from time to time, the "Credit Agreement"), among the Borrower, the Lenders party thereto and the Administrative Agent. The continuing obligations of the Lenders to extend such credit are conditioned upon, among other things, the execution and delivery of this Agreement. The Trademark Owners, who are subsidiaries of the Borrower, will derive substantial benefits from the extension of credit to the Borrower pursuant to the Credit Agreement and are willing to execute and deliver this Agreement in order to induce the Lenders to extend such credit. Accordingly, the parties hereto agree as follows:

SECTION 1. Terms. Capitalized terms used in this Agreement and not otherwise defined herein have the meanings specified in the Security Agreement. The rules of construction specified in Section 1.01(b) of the Security Agreement also apply to this Agreement.

SECTION 2. Grant of Security Interest. As security for the payment or performance, as the case may be, in full of the Secured Obligations, each Trademark Owner, pursuant to the Security Agreement, did and hereby does grant to the Administrative Agent, its successors and assigns, for the benefit of the Secured Parties, a security interest in, all right, title or interest in or to any and all of the following assets and properties now owned or at any time hereafter acquired by such Trademark Owner or in which such Trademark Owner now has or at any time in the future may acquire any right, title or interest (collectively, the "IP Collateral"):

(a) all trademarks, service marks, trade names, corporate names, company names, business names, fictitious business names, trade styles, trade dress, logos, other source or business identifiers, designs and general intangibles of like nature, now existing or hereafter adopted or acquired, all registrations and recordings thereof, and all registration and recording applications filed in connection therewith, including registrations and registration applications in the United States Patent and Trademark Office or any similar offices in any State of the United States or any other country or any political subdivision thereof, and all extensions or renewals thereof, including those listed on Schedule II hereto (the "Trademarks");

(b) all goodwill of the business associated with the use of, and symbolized by, each of the Trademarks; and

(c) all assets, rights and interests that uniquely reflect or embody the Trademarks (other than any assets, rights and interests of a type in which the Administrative Agent does not otherwise have a security interest pursuant to this Agreement or the Guarantee and Collateral Agreement by and among Borrower, the Trademark Owners and the Administrative Agent dated as the date hereof).

SECTION 3. Security Agreement. The security interests granted to the Administrative Agent herein are granted in furtherance, and not in limitation of, the security interests granted to the Administrative Agent pursuant to the Security Agreement. Each Trademark Owner hereby acknowledges and affirms that the rights and remedies of the Administrative Agent with respect to the IP Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the Security Agreement, the terms of the Security Agreement shall govern.
