ASSIGNMENT OF TRADEMARKS AGREEMENT

THIS ASSIGNMENT OF TRADEMARKS AGREEMENT (this "Assignment") is made and entered into effective as of December 19, 2008 (the "Effective Date"), by and between **MICHAEL J. CHIUSANO**, an individual having an address of 2447 57th Street, Sarasota, Florida 34243 (together with his personal representatives, successors, and assigns, "Assignor"), and **DOMREY CIGAR, INC.**, a Florida corporation with its principal place of business located at 1812 44th Avenue East, Bradenton, Florida 34203 (together with its successors and assigns, "Assignee"). Assignor and Assignee are sometimes hereinafter individually referred to as a "Party" and collectively referred to as the "Parties."

Recitals:

WHEREAS, Assignor is the lawful owner of the trademarks listed on Exhibit A attached hereto (the "Trademarks");

WHEREAS, Assignor has the right to sell and transfer his rights in and to the Trademarks to Assignee, and Assignor desires to transfer such rights to Assignee; and

WHEREAS, Assignee is owned by Assignor and desires to acquire the Trademarks from Assignor.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

1. Assignor does hereby irrevocably sell, grant, convey, transfer, and assign unto Assignee, its successors and assigns, all of Assignor's rights, title, and interest in the United States and the world, including without limitation, all federal, state, foreign, statutory, and common law rights and all intellectual property rights and moral rights, in and to the Trademarks (and all extensions and renewals of any trademark application and registration resulting therefrom, and the right to apply for any of the foregoing), together with the goodwill of the business symbolized by the Trademarks. Assignor further assigns to Assignee the right to apply for trademark registration in the United States Patent and Trademark Office and throughout the world for the Trademarks and variations thereof and all rights to renewals and extensions for any such trademark registrations.

2. Assignor further assigns unto Assignee all rights to causes of action and remedies related to the Trademarks (including, without limitation, the right to sue for past, present or future infringement, misappropriation, or violation of rights related to the foregoing) and any and all other rights and interests arising out of, in connection with, or in relation to the Trademarks.

3. It is specifically understood and agreed that the rights, title, and interest assigned to Assignee herein include, but are not limited to, the right to use the Trademarks in any manner chosen by Assignee.

4. Assignor and Assignee agree that this Assignment shall continue in perpetuity; the rights assigned to Assignee are not limited in time or territory.

5. Assignee, at its sole discretion, may grant permission to third parties to use all or part of the Trademarks.

6. Assignor expressly agrees to promptly execute any other documents or take any other action as may be necessary to vest, secure, perfect, protect, or enforce the rights and interest of Assignee in and to the Trademarks and to effectuate this Assignment.

7. Assignor agrees not to oppose or otherwise challenge any future application filed by Assignee to register the Trademarks or any variation thereof, or seek to cancel any registrations resulting therefrom. Assignor further agrees that he shall not, directly or indirectly, oppose or otherwise challenge Assignee's use or registration of the Trademarks.

8. This Assignment serves to document formally the entire understanding between the Parties relating to the subject matter hereof and supersedes and replaces any prior or contemporaneous agreements, negotiations, or understandings (whether oral or written), relating generally to the same subject matter. This Assignment may be altered or modified only by a writing duly executed by both the Parties.

9. If any provision of this Assignment is determined to be invalid or unenforceable, the validity or enforceability of the other provisions or of this Assignment as a whole will not be affected; and, in such event, such provision will be changed and interpreted so as best to accomplish the objectives of such provision within the limits of applicable law or applicable court decision.

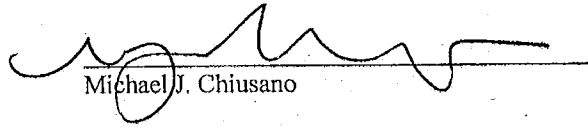

10. This Assignment and its effect are subject to and shall be construed and enforced in accordance with the laws of the State of Florida. Each Party irrevocably agrees that any action, suit or proceeding brought concerning or relating to this Assignment shall only be brought in Pinellas County, Florida or in the United States District Court for the Middle District of Florida, Tampa Division.

11. This Assignment may be executed in two (2) counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same agreement.

[Signatures on following page.]

IN WITNESS WHEREOF, the Parties have executed this Assignment effective as of the date first written above.
