Patents and Trademarks Assignment Deed

Made this 30th day of June 2008, by and between AREVA T&D Inc., a company incorporated under the Laws of the State of New York, having its principal place of Business, 1 International Plaza, Suite 300, Philadelphia PA, 19113, (the "Assignor"), and NovaTech L.L.C, a company incorporated under the laws of the Commonwealth of Kansas, having its headquarters at 1720 Molasses Way, Quakertown, PA, 18951, (the "Assignee")

Assignor and Assignee hereinafter also individually referred to as "Party" or, collectively, as "Parties"

WITNESSTH

WHEREAS Assignor is the owner of the Patents, Trademarks, and registrations for those Trademarks, as detailed in **Appendix 1**

WHEREAS as part of an asset transfer agreement entered into on 21 May 2008 (hereinafter referred to as the "Asset transfer Agreement"), Assignor agreed to assign the Patents and Trademarks to Assignee.

NOW, THEREFORE, in consideration of the promises, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, both Parties intending to be legally bound, agree as follows:

Section 1 - Assignment

The Assignor hereby assigns to Assignee all its right, title and interest in and to the patents granted by the United States Patent and Trademark Office (USPTO) listed in Appendix 1 of this agreement (hereinafter Patents), and the trademarks and U.S. registrations for those trademarks listed in Appendix 1 of this agreement (hereinafter Trademarks), along with the goodwill of the Assignor in relation to the measurement business in which the Trademarks are used, as further defined in the Asset Transfer Agreement, including, without limitation, the right to bring proceedings and seek remedies for infringement of the Patents and Trademarks prior to the date hereof, together with all obligations in relation to the Patents and Trademarks.

Section 2 - Recording

Assignee shall be solely responsible for all actions and all costs whatsoever, including attorney's fees, associated with the perfection of rights, title, and interest in and to the Patents and Trademarks, provided however, that Assignor shall, upon Assignee's written request and at Assignee's own costs, execute all documents and instruments, and do all lawful acts, in each case as may be reasonably necessary to perfect Assignee's rights, title, and interest in and to the Patents and Trademarks.

Section 3 - Representations and Warranties

Assignor makes no representation or warranty regarding the validity or enforceability of the Patents and Trademarks except as stated below.

Assignor represents that it owns the Patents and Trademarks free and clear of any liens or encumbrances, the same have been duly filed and registered with the applicable federal office, and that the transfer of such Patents and Trademarks does not require the consent of any third party, nor is there, to the best knowledge of Nominated Persons as defined in the Asset Transfer Agreement, any license agreement or any other arrangement with any third party in connection with the same.

Section 4 - Liability

Notwithstanding anything to the contrary in the Asset Transfer Agreement, Assignor shall not have any liability whatsoever, in respect of any past or future infringement or alleged infringement of Patents and Trademarks or other rights of third parties. Neither Assignor nor Assignee shall be liable under this Agreement, whether in contract, tort (including negligence and strict liability) or otherwise, for any special, indirect, incidental, punitive, consequential damages, or for loss of profits, loss of use or loss of contracts.

Section 6 - Governing Law and Jurisdiction

6.1 This Agreement shall be governed by and construed in accordance with the laws of the Commonwealth of Pennsylvania, excluding its choice of law rules.

6.2 All disputes arising out of or in connection with this Agreement which the Parties fail to settle amicably, shall be finally settled in accordance with the Rules of Conciliation and Arbitration of the "AAA" (American Association of Arbitration), by three arbitrators to be appointed in accordance with said Rules, unless the Parties agree on the name of a sole arbitrator. The arbitration language is English.

Section 7 - Effective Date

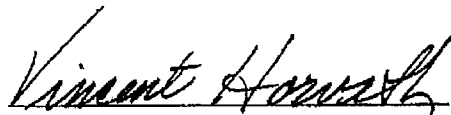

This Deed of Assignment shall become effective upon 30 June 2008.

Section 8 - Severability

Should any of the provisions of this Agreement be or become fully or in part invalid or unenforceable, the other provisions of this Agreement shall remain valid. The invalid or unenforceable provision shall be replaced by such valid and enforceable provision the economic effect of which comes as close as legally possible to that of the invalid provision. The same shall apply, *mutatis mutandi*, should this Agreement turn out to have a gap.
