## ASSIGNMENT AGREEMENT

This Assignment Agreement ("Agreement") is made and entered into this 3rd day of April, 2009, by and between Tasco Plumbing Corp., ("Assignor"), and Tasco Holdings, Inc., ("Assignee").

NOW THEREFORE, in consideration of the mutual terms, conditions and covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which is acknowledged by the parties, Assignor and Assignee agree as follows:

1. "Property" as used herein shall be that set forth on Exhibit "A" attached hereto and any and all related domain names, web sites, web site content, images, text, look and feel, layout, copyrights (registered and unregistered), trademarks and service marks (registered, unregistered, and common law) and any and all written and unwritten plans, designs, specifications, inventions, ideas, goodwill, algorithms, source code, object code, improvements, patents, artwork, logos, words, phrases, or any and all things related thereto.
2. Assignor hereby assigns, grants, transfers, sets over and delivers to Assignee, its successors and assigns, all right, title and interest in and to the Property. This Assignment shall be exclusive and complete and include, but not limited to, the unlimited and exclusive right to copy, use, license, lease, rent, distribute, import, export, market, improve, and sue for the infringement of (past and present), and sell the Property. Assignor shall not have any right, title or interest remaining in the Property or any right, title, or interest in additional compensation. Where Property refers to trademarks and/or service marks (registered, unregistered, and common law), this Assignment shall include the transfer of any and all goodwill associated therewith.
3. Assignor warrants and represents to Assignee that Assignor is the exclusive and rightful owner of the Property and that said Property is free and clear of any and all encumbrances and/or claims of any and all kind. Assignor further warrants and represents that said Property does not infringe upon the right(s), intellectual property or otherwise, of any third party/ies. Assignor shall execute and deliver to the Assignee such documents or instruments of transfer and take such other action that the Assignee may reasonably request, including, but not limited to, executing and filing, at the Assignee's expense, trademark applications, copyright applications, patent applications, domain name applications, assignments and other documents required for the protection of the Assignee's exclusive right, title, and interest to the Property.
4. This Agreement shall be enforced under and construed in accordance with the laws of the State of Florida (without regard to its conflict of laws principles). If either party is required to initiate legal action to enforce the terms of this Agreement, then the prevailing party shall be entitled to recover from the other party its reasonable attorney's fees and costs incurred in such action. Both parties agree to submit any dispute to a court of competent jurisdiction in Miami-Dade County, Florida.
5. Both Assignor and Assignee have read the entire Agreement and agree to all the terms and conditions contained herein. This Agreement contains the entire agreement of the parties with respect to the subject matter hereof and supersedes all prior agreements or understandings, oral or written, with respect to such subject matter.
