- B The parties wish to record the assignment of all Intellectual Property on the terms and conditions of this deed.

Covenants

1 Definitions and Interpretation

1.1 Definitions

In this deed, unless the context indicates otherwise 'Agreement' means the agreement for the sale and purchase of business and assets of the Assignor dated on or about the date of this deed between the Assignor (as Vendor) and the Assignee (as Purchaser). Capitalised terms used in this deed shall have the meaning ascribed to them in the Agreement.

1.2 Interpretation

In this deed, unless the context requires otherwise:

- a expressions defined in the main body of this deed have the defined meaning in the whole of this deed including the background;
- b clause and other headings are for ease of reference only and will not affect this deed's interpretation;
- c any obligation not to do anything includes an obligation not to suffer, permit or cause that thing to be done;
- d references to parties are references to parties to this deed;
- e words importing the singular number include the plural and vice versa; and
- f references to clauses are references to clauses of this deed unless otherwise stated.

2 Assignment

2.1 Assignment Effective from the Completion Date

In consideration of the Purchase Price the Assignor, as the beneficial and, where applicable, legal owner, assigns absolutely to the Assignee and its successors all right, title and interest in, and all the Assignor's rights, remedies and powers in respect of, the Intellectual Property, with effect from the Completion Date, to the intent and effect that such Intellectual Property as it relates to the Business shall be assigned to the Assignee.

2.2 Right to Take Action

The assignment includes the right to sue or take any action against any infringement or misuse of any of the Intellectual Property (whether before or after the Completion Date) and to retain any damages or settlement funds obtained as a result. If requested by the Assignee, the Assignor agrees to lend its name as may be reasonably necessary as plaintiff in any proceedings brought against any person infringing any of the Intellectual Property, subject to the Assignee indemnifying the Assignor in respect of any costs or other liability arising out of such proceedings.

3 General

3.1 Further Assurances

Each party shall do all things and sign all deeds and other documents as may reasonably be required by any other party to effectively carry out, and give effect to, the terms and intentions of this deed, and to perfect, protect and preserve the rights of that other party to this deed.

3.2 Governing Law and Jurisdiction

This deed is governed by the laws of New Zealand and the parties submit to the non-exclusive jurisdiction of the New Zealand courts in respect of all matters relating to this deed.

This deed may be executed in one or more counterpart copies which, read together, shall constitute one and the same instrument.

3.4 Facsimile Copies

Any facsimile copy of this deed (including any facsimile copy of any document evidencing the execution of this deed by any party) may be relied upon by the parties as though it were an original copy.

3.5 Remedies Cumulative

The rights, powers and remedies provided in this deed are cumulative and not exclusive of any rights, powers or remedies provided by law or under the Agreement.

3.6 Waiver

No waiver of any breach, or failure to enforce any provision, of this deed at any time by any party will in any way limit or waive the right of that party to subsequently require strict compliance with this deed.

3.7 Agreement

The parties agree that this deed is additional to the Agreement and the terms of the Agreement are hereby confirmed. In the event of any inconsistency between the terms of this deed and the Agreement, the terms of the Agreement shall apply.

The parties to this deed each acknowledge and agree that the receivers appointed over the assets of the Assignor ("Receivers") shall not be personally liable for any loss or claim arising out of or in connection with this deed (whether in contract, tort or otherwise). If a Court of competent jurisdiction shall hold the Receivers or their agents or employees personally liable in respect of any matters arising under or incidental to this deed then:

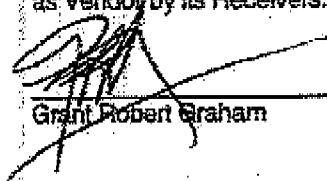

- a such liability shall be limited to \$5,000; and
- b no person shall have recourse to any or all of the Receivers' personal assets or to the personal assets of their agents or employees, nor shall they petition or otherwise seek adjudication for bankruptcy of the Receivers or their agents or employees, in respect of any liability, claim or judgment thereon under, pursuant to, or in connection with this deed.

4.2 Not Severable

The parties to this deed also acknowledge and agree that this clause is not severable from this deed and under no circumstances shall any party to this deed (or any person claiming through any of them) claim or support any claim that this clause is unenforceable or should be excluded or severed from this deed in any way.
