WITNESSETH:

WHEREAS, Grantor's parent company, BAXA Corporation, a Colorado corporation ("Borrower") and Secured Party have entered into that certain Loan Agreement dated as of May 29, 2009 (as the same may from time to time be amended, modified, extended, renewed or restated, the "Loan Agreement"; all capitalized terms used and not otherwise defined in this Agreement shall have the respective meanings ascribed to them in the Loan Agreement); and

WHEREAS, as a condition to Borrower's acquisition of Grantor as a Subsidiary under the terms of the Loan Agreement, Secured Party has required that Grantor execute and deliver its Subsidiary Guaranty of all of Borrower's Obligations and this Agreement to Secured Party; and

WHEREAS, in compliance with such requirements of the Loan Agreement, Grantor has agreed to execute and deliver this Agreement to Secured Party; and

WHEREAS, this Agreement is being executed in connection with and in addition to the Security Agreement dated as of the date hereof and executed by Grantor in favor of Lender pursuant to which Grantor has granted to Lender a security interest in and lien on the entire business assets of Grantor, including, without limitation, all accounts, inventory, general intangibles, goods, machinery, equipment, books, records, goodwill, patents, patent applications, trademarks and trademark applications now owned or hereafter acquired by Grantor and all proceeds thereof;

NOW, THEREFORE, in consideration of the premises and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantor hereby covenants and agrees with Lender as follows:

1. Grant of Security Interest. For value received, Grantor hereby grants Lender a security interest in and lien on all of Grantor's right, title and interest in, to and under the following described property, whether now owned and existing or hereafter created, acquired or arising (collectively, the "Collateral"):

(a) all patents and patent applications, and the inventions and improvements described and claimed therein, including, without limitation, each patent and patent application listed on Schedules A and B, respectively, attached hereto and incorporated herein by reference (as the same may be amended pursuant hereto from time to time) and (i) the reissues, divisions, continuations, renewals, extensions and continuations-in-part thereof, (ii) all income, damages and payments now and/or hereafter due or payable under or with respect thereto, including, without limitation, license royalties, damages and payments for past or future infringements thereof, (iii) the right to sue for past, present and future infringements thereof and (iv) all rights corresponding thereto throughout the world (all of the foregoing patents and patent applications together with the items described in clauses (i) through (iv) of this subsection (a) are hereinafter collectively referred to herein as the "Patents");

(b) all trademarks, service marks, trademark or service mark registrations, trade

names, trade styles, trademark or service mark applications and brand names, including, without limitation, domain names, common law rights and each mark and application listed on Schedules C and D, respectively, attached hereto and incorporated herein by reference; and (i) renewals or extensions thereof, (ii) all income, damages and payments now and/or hereafter due or payable with respect thereto, including, without limitation, license royalties, damages and payments for past or future infringements thereof, (iii) the right to sue for past, present and future infringements thereof and (iv) all rights corresponding thereto throughout the world (all of the foregoing trademarks, trade names, service marks and applications and registrations thereof together with the items described in clauses (i) through (iv) of this subsection (b) are hereinafter collectively referred to herein as the "Trademarks");

(c) the license(s) listed on Schedule E attached hereto and incorporated herein by reference and all other license agreements (to the extent such license agreements may be assigned without violating the terms of any such license agreement) with respect to any of the Patents or the Trademarks or any other patent, trademark, service mark or any application or registration thereof or any other trade name or trade style between Grantor and any other Person, whether Grantor is licensor or licensee (all of the foregoing license agreements and Grantor's rights thereunder are hereinafter collectively referred to as the "Licenses");

(d) the goodwill of Grantor's business connected with and symbolized by the Trademarks; and

(e) all proceeds, including, without limitation, proceeds that constitute property of the types described in (a), (b), (c) and (d) above and any rents and profits of any of the foregoing items, whether cash or noncash, immediate or remote, and insurance proceeds, and all products of (a), (b), (c) and (d) above, and any indemnities, warranties and guaranties payable by reason of loss or damage to or otherwise with respect to any of the foregoing items;

to secure the payment of (i) any and all of the present and future Borrower's Obligations, (ii) any and all present and future indebtedness (principal, interest, fees, collection costs and expenses and other amounts), liabilities and obligations (including, without limitation, guaranty obligations, letter of credit reimbursement obligations and indemnity obligations) of Grantor to Lender evidenced by or arising under or in respect of this Agreement, the Subsidiary Guaranty executed by Grantor and/or any other Transaction Document, and (iii) any and all costs of collection, legal expenses and attorneys' fees and expenses incurred by Lender upon the occurrence of any default or event of default under this Agreement, in collecting or enforcing payment of any such indebtedness, liabilities or obligations or in preserving, protecting or realizing on the Collateral under this Agreement or in representing Lender in connection with bankruptcy or insolvency proceedings (hereinafter collectively referred to as the "Secured Obligations"). The parties acknowledge that the foregoing is a grant of security interest and lien, and not an assignment or other transfer.

2. Representations, Warranties and Covenants of Grantor. Grantor hereby represents and warrants to Lender, and covenants and agrees with Lender, that:

(a) to Grantor's knowledge, all of the Patents, Trademarks and Licenses are subsisting and have not been adjudged invalid or unenforceable, in whole or in part, and are not at this time the subject of any challenge to their validity or enforceability;

(b) to Grantor's knowledge, each of the Patents, Trademarks and Licenses is valid and enforceable;

(c) to Grantor's knowledge, (i) no claim has been made that the use of any of the Patents, Trademarks or Licenses does or may violate the rights of any third person, (ii) no claims for patent infringement have been commenced in connection with any of the Patents and (iii) no claims for trademark infringement have been commenced in connection with any of the Trademarks;

(d) Grantor is the sole and exclusive owner of the entire and unencumbered right, title and interest in and to each of the Patents, Trademarks and Licenses, and to Grantor's knowledge, free and clear of any and all liens, charges and encumbrances, including, without limitation, any and all pledges, assignments, licenses, registered user agreements, shop rights and covenants by Grantor not to sue third persons;

(e) Grantor has the unqualified right, power and authority to enter into this Agreement and perform its terms;

(f) to the extent required by applicable law, Grantor has used, and will continue to use for the duration of this Agreement, proper statutory notice in connection with its use of the registered Patents and Trademarks;

(g) Grantor has the exclusive, royalty-free right and license to use the Patents and Trademarks and the royalty-free (except as may be contained in any License) right or license to use the Licenses and agrees not to transfer any rights or interest in any of the Patents, Trademarks and/or Licenses during the term of this Agreement; and

(h) Grantor has not received notice of any suits or actions commenced or threatened with reference to any of the Patents, Trademarks and/or Licenses.

3. Inspection Rights; Product Quality. Grantor will permit inspection of Grantor's facilities that manufacture, inspect or store products sold under any of the Patents, Trademarks and/or Licenses and inspection of the products and records relating thereto by Lender during normal business hours in accordance with Section 5.01(c) of the Loan Agreement. Grantor will reimburse Lender upon demand for all costs and expenses incurred by Lender in connection with any such inspection conducted by Lender while any Default or Event of Default under the Loan Agreement has occurred and is continuing. A representative of Grantor may be present during any such inspection, provided that a particular representative's availability or unavailability shall not inhibit or delay such inspection. Grantor agrees (a) to maintain the quality of any and all products in connection with which the Trademarks are used, consistent with commercially reasonable practices and (b) to provide Lender, upon Lender's reasonable request from time to time, with a certificate of any officer of Grantor certifying Grantor's compliance with clause (a).

4. Further Assurances. Grantor hereby agrees that, until (a) all of the Secured Obligations shall have been paid in full, (b) no Letters of Credit shall remain outstanding, and (c) Lender has no further commitment or obligation to make any loans or advances or other extensions of credit to Borrower under the Loan Agreement or otherwise, it will not, without the prior written consent of Lender, enter into any agreement (for example, a license or sublicense agreement) that is inconsistent with Grantor's obligations under this Agreement or the Loan Agreement and Grantor agrees that it will not take any action or permit any action to be taken by others subject to its control, including licensees, or fail to take any action that would affect the validity or enforcement of the security interests granted to Lender under this Agreement. Grantor further agrees that at any time and from time to time, at the expense of Grantor,

Grantor will promptly execute and deliver to Lender any and all further instruments and documents and take any and all further action that Lender may request in good faith in order to perfect and protect the security interest granted hereby with respect to the Patents, Trademarks and Licenses or to enable Lender to exercise its rights and remedies under this Agreement with respect to the same.

5. Additional Patents, Trademarks and Licenses. If Grantor (a) becomes aware of any existing Patents, Trademarks or Licenses of which Grantor has not previously informed Lender, (b) obtains rights to any new patentable inventions, Patents, Trademarks and/or Licenses or (c) becomes entitled to the benefit of any Patents, Trademarks and/or Licenses which benefit is not in existence on the date of this Agreement, the provisions of this Agreement shall automatically apply thereto and Grantor shall give Lender prompt written notice thereof.

6. Modification by Lender. Upon five (5) Domestic Business Days advance written notice to Grantor by Lender, Grantor authorizes Lender to modify this Agreement by amending Schedules A, B, C, D and/or E to include any future patents and patent applications, any future trademarks, service marks, trademark or service mark registrations or applications thereof, trade names, and trademark or service applications, and any future licenses, covered by Paragraphs 1 and 5 hereof, without the signature of Grantor if permitted by applicable law.

7. Use of Patents, Trademarks and Licenses. So long as no Event of Default under the Loan Agreement has occurred and is continuing, Grantor may use the Patents and Trademarks and exercise its rights under the Licenses in any lawful manner not inconsistent with this Agreement and otherwise consistent with commercially reasonable practices.

8. Default. If any Event of Default under the Loan Agreement shall have occurred and be continuing, Lender shall have, in addition to all other rights and remedies given it by this Agreement, those allowed by law and the rights and remedies of a secured party under the Uniform Commercial Code as enacted in any jurisdiction in which any of the Patents, Trademarks and/or Licenses may be located and, without limiting the generality of the foregoing, Lender may immediately, without demand of performance and without other notice (except as set forth next below) or demand whatsoever to Grantor, all of which are hereby expressly waived, and without advertisement, sell at public or private sale or otherwise realize upon, all or from time to time any of the Patents, Trademarks (together with the goodwill of Grantor associated therewith) and/or Licenses, or any interest that Grantor may have therein, and after deducting from the proceeds of sale or other disposition of the Patents, Trademarks or Licenses all expenses (including, without limitation, all expenses for brokers' fees and legal services), shall apply the residue of such proceeds toward the payment of the Secured Obligations in the order and manner as Lender may elect. Notice of any sale or other disposition of any of the Patents, Trademarks and/or Licenses shall be given to Grantor at least ten (10) Domestic Business Days before the time of any intended public or private sale or other disposition of such Patents, Trademarks and/or Licenses is to be made, which Grantor hereby agrees shall be reasonable notice of such sale or other disposition. At any such sale or other disposition, Lender or any holder of any of the Secured Obligations may, to the extent permissible under applicable law, purchase the whole or any part of the Patents, Trademarks and/or Licenses sold, free from any right of redemption on the part of Grantor, which right is hereby waived and released. Grantor agrees that if any Event of Default has occurred and is continuing, the use by Lender of the Patents, Trademarks and Licenses shall be worldwide (except as expressly limited by the terms of such Patents, Trademarks and Licenses), and without any liability for royalties or other related charges from Lender to Grantor. If an Event of Default shall occur and be continuing, Lender shall have the right, but shall in no way be obligated, to bring suit in its own name (for the benefit of itself) to enforce any and all of the Patents, Trademarks and Licenses, and, if Lender shall commence any such suit, Grantor shall, at the request of Lender, do any and all lawful acts and execute any and all proper documents requested in

good faith by Lender in aid of such enforcement and the Grantor shall promptly, upon demand, reimburse and indemnify Lender for all out-of-pocket costs and expenses, including, without limitation, reasonable Attorneys Fees, incurred by Lender in the exercise of its rights under this Agreement. All of Lender's rights and remedies with respect to the Patents, Trademarks and Licenses, whether established hereby, by the Security Agreement or by any other agreement between Grantor and Lender or by law shall be cumulative and may be exercised singularly or concurrently. Notwithstanding anything contained herein, no Trademark shall be sold or otherwise disposed of pursuant to this Agreement or any other Transaction Document without the goodwill of Grantor's business connected with and symbolized by that Trademark; and no so-called "Intent-to-Use" trademark application shall be sold or otherwise disposed of apart from the business of Grantor, or portion thereof, to which such application pertains, as required by 15 U.S.C. §1060.

9. Termination of Agreement. At such time as (a) Borrower shall pay all of the Secured Obligations in full, (b) no Letters of Credit shall remain outstanding, and (c) Lender shall have no further commitment or obligation to make any loans or advances or other extensions of credit to Borrower under the Loan Agreement or otherwise, this Agreement shall terminate and Lender shall execute and deliver to Grantor all instruments as may be necessary or proper to extinguish Lender's security interest therein, subject to any disposition thereof which may have been made by Lender pursuant to this Agreement.

10. Expenses. Any and all fees, costs and expenses of whatever kind or nature, including, without limitation, the reasonable attorneys' fees and expenses incurred by Lender in connection with the preparation of this Agreement and all other documents relating hereto and the consummation of this transaction, the filing or recording of any documents (including all taxes in connection therewith) in public offices, the payment or discharge of any taxes, counsel fees, maintenance fees, encumbrances or other amounts in connection with protecting, maintaining or preserving the Patents, Trademarks and/or Licenses, or in defending or prosecuting any actions or proceedings arising out of or related to the Patents, Trademarks and/or Licenses, shall be borne and paid by Grantor on demand by Lender and until so paid shall be added to the principal amount of the Secured Obligations and shall bear interest at a rate per annum equal to the lesser of Three Percent (3%) over and above the Adjusted Daily Reset LIBOR Rate (which interest rate shall fluctuate as and when the Adjusted Daily Reset LIBOR Rate shall change) or the highest rate of interest allowed by law from the date incurred until reimbursed by Grantor.

11. Preservation of Patents, Trademarks and Licenses. Grantor shall have the duty (a) to prosecute diligently any patent, trademark or service mark applications pending as of the date hereof or hereafter except those applications which Grantor has determined in its good business judgment should not be prosecuted, (b) to make application on unpatented but patentable inventions and on trademarks and service marks, as commercially reasonable, provided Grantor has determined in its good business judgment should be applied for, and (c) to preserve and maintain all rights in the Patents, Trademarks and Licenses, as commercially reasonable. Any expenses incurred in connection with Grantor's obligations under this Section 11 shall be borne by Grantor.

12. Lender Appointed Attorney-In-Fact. If any Event of Default under the Loan Agreement shall have occurred and be continuing, Grantor hereby authorizes and empowers Lender to make, constitute and appoint any officer or agent of Lender as Lender may select, in its sole discretion, as Grantor's true and lawful attorney-in-fact, with the power to endorse Grantor's name on all applications, documents, papers and instruments necessary for Lender to use the Patents, Trademarks and Licenses, or to grant or issue any exclusive or non-exclusive license under the Patents, Trademarks and Licenses to anyone else, or necessary for Lender to assign, pledge, convey or otherwise transfer title to or dispose of the Patents, Trademarks and Licenses to anyone else. Grantor hereby ratifies all that such attorney shall lawfully do or cause to be done by virtue hereof. This power of attorney is coupled with an interest and

shall be irrevocable for the duration of this Agreement.

13. No Waiver. No course of dealing between Grantor and Lender, nor any failure to exercise, nor any delay in exercising, on the part of Lender, any right, power or privilege under this Agreement shall operate as a waiver thereof; nor shall any single or partial exercise of any right, power or privilege under this Agreement preclude any other or further exercise thereof or the exercise of any other right, power or privilege.

14. Severability. The provisions of this Agreement are severable, and if any clause or provision shall be held invalid and unenforceable in whole or in part in any jurisdiction, then such invalidity or unenforceability shall affect only such clause or provision, or part thereof, in such jurisdiction, and shall not in any manner affect such clause or provision in any other jurisdiction, or any other clause or provision of this Agreement in any jurisdiction.

15. Amendments. This Agreement is subject to amendment or modification only by a writing signed by Grantor and Lender, except as provided in Paragraph 6 above.

16. Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns. Lender may not assign, transfer or delegate any of its rights, obligations or duties under this Agreement except in accordance with Section 7.12 of the Loan Agreement. Grantor may not assign, transfer or delegate any of its rights, obligations or duties under this Agreement.

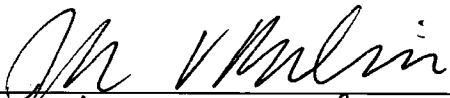

17. Governing Law. The validity and interpretation of this Agreement and the rights and obligations of the parties hereto shall be governed by and construed in accordance with the substantive laws of the State of Colorado (without reference to conflict of law principles).
