WHEREAS, pursuant to the terms of the Credit Agreement, Grantors have granted to Grantee for the ratable benefit of such Lenders, a security interest in substantially all the assets of the Grantors including all right, title and interest of Grantors in, to and under all Grantors' Marks, whether presently existing or hereafter arising or acquired, together with the goodwill of the business symbolized by the Marks and the applications therefor and the registrations thereof, and all products and proceeds thereof, including, without limitation, any and all causes of action which may exist by reason of infringement or dilution thereof or injury to the associated goodwill, to secure the payment of all amounts owing under the Credit Agreement and the other Obligations;
