PATENT AND TRADEMARK ASSIGNMENT AGREEMENT

This PATENT AND TRADEMARK ASSIGNMENT AGREEMENT (this "Agreement") is made as of the 29th day of June 2008, by and between GE Energy (Norway) AS ("Assignor"), a corporation organized under the laws of Norway, and Andritz Technology and Asset Management GmbH, a company organized under the laws of Austria ("Assignee").

WHEREAS, General Electric Company ("GE") and Andritz AG ("Andritz"), are parties to a certain Asset Purchase Agreement, dated as of April 30, 2008 (the "Asset Purchase Agreement"), pursuant to which, among other things, GE agreed to cause Assignor to sell, and Andritz agreed to cause Assignee to purchase, certain intellectual property of Assignor, including the patents, applications, and invention disclosures, and the trademarks listed Schedules A and B attached hereto (the "Transferred IP");

WHEREAS, it is a condition to the Closing of the Asset Purchase Agreement that Assignor enters into this Assignment to transfer to Assignee the Transferred IP;

NOW, THEREFORE, in consideration of, among other things, the payment by Assignee of the purchase price under the Asset Purchase Agreement, and in further consideration of the mutual covenants and agreements contained in the Asset Purchase Agreement, the receipt and sufficiency of which are hereby acknowledged, Assignor and Assignee agree as follows:

- 1) Assignment of Assigned Intellectual Property. Effective as of June 29, 2008, Assignor sells, transfers, conveys, assigns and delivers to Assignee and Assignee accepts all right, title and interest of Assignor in and to the following :
 - a) the trademarks set forth in Schedule A hereto and the goodwill of the business connected with the use thereof and symbolized thereby (the "Transferred Trademarks"); and
 - b) the patents, applications, and invention disclosures (including those that have been abandoned) set forth in Schedule B hereto (the "Transferred Patents").
- 2) Relationship with the Asset Purchase Agreement. The Transferred Trademarks and Transferred Patents are being sold, transferred, conveyed, assigned and delivered by Assignor, and accepted and assumed by Assignee, pursuant to the terms and conditions contained in the Asset Purchase Agreement and subject to certain non-exclusive rights of GE under a certain Intellectual Property License Agreement, of even date herewith, and nothing contained herein shall in any way waive, limit, expand, modify, supersede or otherwise affect the terms, conditions, rights or obligations contained in the Asset Purchase Agreement or such Intellectual Property License Agreement.
- 3) Further Assurances. Assignor hereby covenants and agrees to and with Assignee, its successors, legal representatives and assigns, that for no additional consideration and at Assignee's cost, Assignor will sign all papers and documents, take all lawful oaths and do all acts necessary or required to be done for the transfer of Assignor's interest in the Transferred Trademarks and Transferred Patents.
- 4) Successors. This Agreement and all of the provisions hereof shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

- 5) Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of New York (without giving effect to its principles or rules of conflict of laws to the extent such principles or rules are not mandatorily applicable by statute and would permit or require the application of the laws of another jurisdiction) as to all matters, including matters of validity, construction, effect, performance and remedies.
- 6) Counterparts. This Agreement may be executed in any number of counterparts, and by the parties hereto on separate counterparts, but shall not be effective until each party has executed at least one counterpart. Each counterpart shall constitute an original of this Agreement, but all the counterparts shall together constitute but one and the same instrument.

[Remainder of page intentionally left blank]

IN WITNESS WHEREOF, Assignor and Assignee caused this Assignment to be duly executed as of the date first written above.
