A. STM Industries, Inc., a North Carolina corporation ("STM"), and Shurtape Technologies, LLC, a North Carolina limited liability company (together with STM, collectively, the "Borrowers" and each individually, a "Borrower"), certain of their Subsidiaries, each other person who shall become a party thereto by execution of a Security Agreement Joinder Agreement and the Collateral Agent, are party to a Security Agreement dated as of May 29, 2009 (as in effect on the date hereof, the "Security Agreement").

B. Pursuant to the Security Agreement, the Grantor has agreed to execute and deliver to the Collateral Agent this Trademark Security Agreement.

1. **Grant of Security Interest in U.S. Trademark Collateral.** Schedule 1 attached hereto sets forth all U.S. Trademarks owned by Grantor, and Grantor hereby pledges and grants to the Collateral Agent for the benefit of the Secured Parties a lien on and security interest in and to all of its right, title and interest in, to and under all of its U.S. Trademarks and all proceeds thereof, which such security interest shall secure the Secured Obligations.

2. **Security Agreement.** The security interest granted pursuant to this Trademark Security Agreement is granted in conjunction with the security interest granted to the Collateral Agent pursuant to the Security Agreement and Grantor hereby acknowledges and affirms that the rights and remedies of the Collateral Agent with respect to the security interest in the U.S. Trademarks made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event that any provision of this Trademark Security Agreement is deemed to conflict with the Security Agreement, the provisions of the Security Agreement shall control unless the Collateral Agent shall otherwise determine.

3. **Termination.** Upon the payment in full of the Obligations and termination of the Security Agreement, the Collateral Agent shall execute, acknowledge and deliver to the Grantor an instrument in writing in recordable form releasing the collateral pledge, grant, assignment, lien and security interest in the U.S. Trademarks under this Trademark Security Agreement.
