# TRADEMARK ASSIGNMENT

TRADEMARK ASSIGNMENT dated as of 10 September 2009 made by Samsonite LLC, a Delaware limited liability company ("Assignor"), in favor of Delilah International S.à r.l., a private limited liability company (*société à responsabilité limitée*) with a share capital of USD 20,000.- governed by the laws of Luxembourg, having its registered office at 20, Avenue Monterey, L-2163 Luxembourg ("Assignee").

WHEREAS, pursuant to a Written Consent of the Sole Member of Assignor, dated as of 9 September 2009, Assignor resolved to distribute to Assignee all of Assignor's right, title and interest in and to all of Assignor's intellectual property, including but not limited to all of Assignor's trademarks and any and all goodwill associated therewith, and all applications and registrations for the foregoing;

WHEREAS, Assignor is the owner of the trademark registrations and applications listed on Schedule I attached hereto (collectively, the "Marks");

WHEREAS, Assignee desires to acquire the Marks and any and all goodwill associated with the Marks; and

WHEREAS, Assignor is a party to that certain Amended and Restated Security Agreement dated 9 September, 2009 (as amended, modified, restated and/or supplemented from time to time, the "Security Agreement") pursuant to which Assignor has granted security over its personal property and fixtures in favor of The Royal Bank of Scotland plc as security agent and trustee (the "Security Agent") for the benefit of the Secured Creditors (as defined therein).

NOW, THEREFORE, Assignor hereby distributes, transfers, assigns, and otherwise conveys to Assignee, all of Assignor's right, title, and interest in and to each of the Marks, along with the following:

1. the goodwill of the business symbolized by or associated with the Marks;

2. that portion of Assignor's business in connection with which it has a *bona fide* intent to use those Marks that were filed on an intent-to-use basis and for which an "Amendment to Allege Use" or a "Statement of Use" has not yet been filed and accepted by the relevant Trademark Office or other governing authority; and

3. all rights to proceeds of the foregoing, including, without limitation, any rights of action by Assignor, and the right to take proceedings and to seek and recover damages and all other available remedies, against third parties for past, present, or future infringement of the Marks.

Assignor and Assignee shall take such actions and shall execute and deliver all such further instruments, documents or other writings that may be necessary or appropriate to

carry out and effectuate the provisions of this Assignment and to establish, enforce or defend Assignee's rights in the Marks anywhere in the world.

At the request and expense of Assignee, Assignor shall provide all reasonable assistance which Assignee considers necessary in connection with bringing or defending any proceedings in relation to the Marks.

Assignor hereby acknowledges that its contractual rights under this Trademark Assignment are subject to the Security Agreement.

This Trademark Assignment shall be governed by the laws of the state of Delaware, without giving effect to any choice of law or conflict of law provisions or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of the laws of any other jurisdiction other than the State of Delaware.

If any provision in this Assignment shall be held to be illegal, invalid or unenforceable, in whole or in part, such provision or part shall to that extent be deemed not to form part of this Assignment but the legality, validity or enforceability of the remainder of this Assignment shall not be affected; and

If any illegal, invalid or unenforceable provision would be legal, valid and enforceable if some part of it were deleted or modified, the provision shall apply with whatever deletion or modification is necessary to give effect to the commercial intention of the parties.

[*Remainder of page intentionally left blank*]

Assignor and Assignee have caused this Instrument of Assignment of Intellectual Property to be duly executed and authorized as of the date hereof.
