TRADEMARK ASSIGNMENT

This Assignment ("Assignment") is made effective as of October 2, 2009, from Medical Laser Center Technology, L.L.C., a North Carolina limited liability company ("Assignor") to Infrastrength, L.L.C., an Illinois limited liability company doing business as "Total Strengths" ("Assignee").

WHEREAS, Assignor is the owner of the trademarks (the "Marks") and other intellectual property ("Property") as described in Exhibit A, attached hereto and incorporated by reference herein, together with the goodwill of the business symbolized thereby in connection with the goods on which the Marks are used ("Products");

WHEREAS, Assignor desires to convey, transfer, assign, deliver, and contribute to Assignee all of its right, title, and interest in and to the Marks and the Property;

NOW, THEREFORE, in consideration of the Purchase Price as stated in that Asset Purchase Agreement by and among seller, Purchaser and the other parties signatory thereto effective as of the date hereof (the "Asset Purchase Agreement") and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby conveys, transfers, assigns, delivers, and contributes to Assignee all of Assignor's right, title, and interest of whatever kind in and to the Marks and the Property, together with: (1) the goodwill of the business relating to the Products in respect to which the Marks are used and for which they are registered; (2) all income, royalties, and damages hereafter due or payable to Assignor with respect to the Marks, including without limitation damages and payments for past or future infringements and misappropriations of the Marks; and (3) all rights in and to the past, present and future infringements or misappropriations of the Marks.

Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks, and the corresponding entities or agencies in any applicable foreign countries, to record Assignee as the assignee and owner of the Marks.

Assignor covenants that it will execute all documents, papers, forms and authorizations and take all other actions that may be necessary for securing, completing, or vesting in Assignee full right, title, and interest in the Marks.

Assignor covenants that it shall not execute any writing or do any act whatsoever conflicting with this Assignment. Furthermore, Assignor shall, without additional consideration, but at the expense of the Assignee, its successors and assigns, execute such additional writings and do such additional actions the Assignee, its successors and assigns, may deem desirable to perfect its enjoyment of this grant, and render all assistance in making application for and obtaining, maintaining, and enforcing the Marks or similar legal protection in any and all countries.

This Assignment, and any disputes arising in connection herewith, shall be governed by, and construed and enforced or adjudicated, with the internal laws of the State of Illinois, without regard to its conflicts of laws principles. This Assignment may be executed in two or more counterparts, each of which will be deemed an original, but all of which together will constitute one and the same agreement. Any counterpart may be executed by, and signed by, the signature of the Assignor. Any counterpart may be executed by, and signed by, the signature of the Assignee.
