## CORRECTIVE ASSIGNMENT

WHEREAS, AMOT CONTROLS CORPORATION, a Delaware corporation, having an address at 8824 Fallsbrook Drive, Houston, TX 77064 (hereinafter "AMOT") on March 24, 1989 assigned to Low Tech Automation, Inc., of 3474 Toyon Circle, Suite 355, Valley Springs, California 95252 (hereinafter "LOW TECH") its entire right, title and interest in and to the mark PNEUCON and Design and U.S. Registration No. 883,159 therefor along with the good will associated with the use of, and symbolized by, the PNEUCON and Design mark (the mark PNEUCON and Design, U.S. Registration No. 883,159 and the good will associated with the use of, and symbolized by the PNEUCON and Design mark hereinafter collectively referred to as "the Trademark Rights"), which assignment was recorded at Reel/Frame 0645/0839 on April 5, 1989 at the United States Patent and Trademark Office;

WHEREAS, AMOT subsequently assigned the Trademark Rights to Ropintassco 2, LLC (hereinafter "Ropintassco 2"), a Delaware limited liability company, on November 28, 2003, which assignment was recorded at Reel/Frame 2887/0255 on December 23, 2003. This subsequent assignment was in error in assigning to Ropintassco 2 the Trademark Rights that were previously assigned to LOW TECH.

WHEREAS, on March 6, 2006, Ropintassco 2 assigned all of its right, title and interest in and to the Trademark Rights back to AMOT, which assignment was recorded at Reel/Frame 3271/0449 on March 17, 2006.

WHEREAS, AMOT desires to correct the errors created by the November 28, 2003 assignment and the ownership of the Trademark Rights seemingly re-assigned to it

by the March 6, 2006 assignment, and to insure to LOW TECH its full ownership rights in and to the Trademark Rights.

NOW, THEREFORE, AMOT intending to be legally bound by the terms hereof, represents, requests and affirms the following:

1. AMOT represents that the November 28, 2003 assignment was in error and invalid with respect to the assignment of the Trademark Rights to Ropintassco 2, the Trademark Rights having been previously assigned to LOW TECH.

2. AMOT further represents that the March 6, 2006 assignment was in error and invalid with respect to the assignment of the Trademark Rights from Ropintassco 2 to AMOT, because Ropintassco 2 had no valid rights to the Trademark Rights due to the invalid nature of the November 28, 2003 assignment to Ropintassco 2.

3. AMOT represents that to the best of its knowledge it has not used the mark PNEUCON and Design since assigning the mark to Low Tech Automation, Inc. in 1989 and is not presently using said mark.

4. AMOT requests that this Corrective Assignment be recorded at the United States Patent and Trademark Office to confirm that LOW TECH is the legal owner of the Trademark Rights.

5. AMOT hereby affirms that it assigned, sold, and transferred to LOW TECH all of its right, title and interest in and to the Trademark Rights in the March 24, 1989 assignment and hereby further assigns, sells and transfers to LOW TECH any and all right, title and interest it may have in and to the Trademark Rights.

6. Included with this assignment are any and all rights that AMOT has, or may have had, against persons who have infringed upon the Trademark Rights prior to

the effective date of this Corrective Assignment. These rights include the right to sue and recover for all damages and profits arising out of infringement of the Trademark Rights prior to the effective date of this Corrective Assignment.

7. The terms, covenants and provisions of this Corrective Assignment shall inure to the benefit of LOW TECH, its successors, assigns and other legal representatives and shall be binding on AMOT, its successors and other legal representatives.

8. AMOT further agrees for itself, its successors and assigns to execute without further compensation, any further legal documents, any further assignments, and any releases, declarations, renewals or other applications for trademark rights that may be deemed necessary by LOW TECH, or by LOW TECH successors-in-interest or assigns, fully to secure to LOW TECH, or to LOW TECH's successors-in-interest or assigns, AMOT's interest as aforesaid in and to the Trademark Rights.
