TRADEMARK ASSIGNMENT AGREEMENT

THIS TRADEMARK ASSIGNMENT AGREEMENT (the "Agreement") is entered into as of November 7, 2008 by and among Akzo Nobel Coatings International B.V., a corporation organized under the laws of the Netherlands ("Akzo") and Lord Corporation, a corporation organized under the laws of Pennsylvania (the "Company").

WHEREAS, Akzo and the Company are parties to a certain Asset Sale and Purchase Agreement (the "ASPA") dated as of September 10, 2008. Capitalized terms used and not otherwise defined herein shall have the meaning assigned to them in the ASPA unless the context otherwise requires.

WHEREAS, pursuant to the terms of the ASPA, the Company has agreed to convey, assign and transfer, and Akzo has agreed to acquire certain of the Company's trademarks and service marks pursuant to the ASPA.

NOW THEREFORE, in consideration of the foregoing, and for other good and valuable consideration as set forth in the ASPA, the receipt of which is hereby acknowledged by the Company and Akzo, the Company and Akzo agree as follows:

1. Transfer of Assigned Marks. The Company hereby conveys, transfers and assigns all of its rights, title and interest whatsoever throughout the world in and to the registered trademarks and service marks as set forth in *Exhibit A* and their common law equivalents (collectively, the "Assigned Marks"), together with all applications to register the Assigned Marks, and all registrations of the Assigned Marks as set forth in *Exhibit A*, and the goodwill of all business connected with the use of and symbolized by the Assigned Marks, to Akzo in perpetuity (or for the longest period of time otherwise permitted by law). Included with such transfer and assignment is the right to sue for and obtain damages or other available remedies for all past, present and future infringements of the Assigned Marks. The Company further transfers and assigns the right to file for and obtain registrations of the Assigned Marks anywhere in the world for the goods and services for which the Assigned Marks are presently used, with the right to base priority on the Company's first date of use or on any application and/or registration being assigned herein. Akzo shall have control over the Assigned Marks, including control over the nature and quality of the goods or services on or in connection with which the mark is used.

The Company covenants not to use or display the Assigned Marks anywhere in the world except by authorization of Akzo, and further covenants not to contest or challenge the validity of the Assigned Marks, any applicable registrations thereof for the goods and services covered by the assigned applications and registrations, any applicable registrations thereof for any other goods and services for which the Assigned Marks are presently used or the ownership of the Assigned Marks by Akzo. The Company further covenants not to use, adopt or register a mark as a trademark or trade name or any word, mark, name or symbol or combination thereof which will be confusingly similar to the Assigned Marks.

2. Further Assurances. The Company shall execute and deliver, from time to time after the date hereof upon the request of Akzo, such further conveyance instruments, and take

such further actions, as may be necessary or desirable to evidence more fully the transfer of ownership of the Assigned Marks to Akzo.

3. Relationship to ASPA. To the extent that any conflict exists between any of the terms of this Agreement and the ASPA, the terms of the ASPA will prevail.

4. Miscellaneous. This Agreement and the rights and obligations of the parties hereunder shall be governed by and enforced in accordance with the laws of the State of New York applicable to agreements made to be performed entirely within such State, without regard to the conflicts of law principles of such State. This Agreement may be executed in counterparts, including facsimile or Portable Document Format counterparts, each of which shall be deemed an original but both of which, taken together, shall continue one and the same instrument.
