## RESCISSION AGREEMENT

WHEREAS on July 22, 2009, the Parties, Neoteric Technology, Limited and Haemonetics Corporation, inadvertently and mistakenly entered into a Patent Assignment and Trademark Assignment based on a miscommunication that resulted from a clerical error. 2. Both parties, Neoteric Technology Limited (assignor) and Haemonetics Corporation (assignee) will execute this Rescission Agreement to put the parties back in the same position that they were in prior to the erroneous assignment.

NOW, THEREFORE, the Parties mutually agree and state the following:

1. The intent and effect of the Rescission Agreement is to restore in all material respects the legal and financial arrangements with respect to the ownership by Neoteric Technology, Limited of the Patent and Trademark rights that would have existed had the Patent Assignment and Trademark Assignment never been executed.
2. During the period beginning on July 22, 2009 and ending on the effective date of the Rescission Agreement, the execution of the Patent Assignment and Trademark Assignment had and will have no legal or material economic consequences to Haemonetics Corporation.
3. During the period beginning on July 22, 2009 and ending on the effective date of the Rescission Agreement, Neoteric Technology, Limited maintained control and use of the patent and trademark rights that were inadvertently and mistakenly assigned to Haemonetics Corporation.
4. No Party has taken or will take any material position inconsistent with the position that would have existed had the Patent Assignment and Trademark Assignment never been executed;
5. The Parties have examined the activities of Neoteric Technology, Limited, Haemonetics Corporation and any other corporation controlled directly or indirectly by Haemonetics Corporation during the period between the July 22, 2009 and ending on the effective date of the Rescission Agreement and have determined that no activities of such entities have occurred that

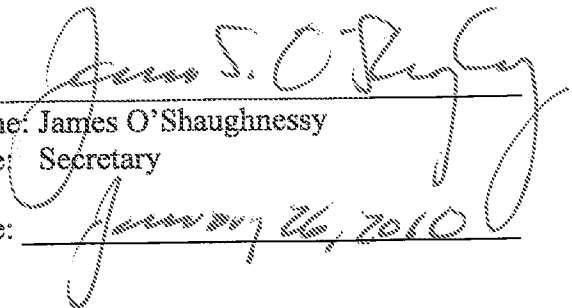

are materially inconsistent with the rescission, and have agreed that no activities of such entities will occur prior to or after the rescission that are materially inconsistent with the rescission.

6. Neoteric Technology Limited is the owner of all right, title and interest in the patents and patent applications listed in Schedule A and trademarks listed in Schedule B of this agreement.
