WHEREAS, as a condition precedent to the effectiveness of the Credit Agreement and the obligations of Lenders to make the financial accommodations to Borrower under the Credit Agreement, Obligors executed and delivered that certain Security and Pledge Agreement dated as of November 1, 2007 (as it may be amended, modified, extended, renewed or replaced from time to time, the "Security and Pledge Agreement") among Assignor, other guarantors from time to time a party thereto, and Assignee in its capacity as Collateral Agent for the Lenders from time to time party to the Credit Agreement; and

WHEREAS, pursuant to the Security and Pledge Agreement, Assignor is required to execute and deliver this Trademark Security Agreement;

NOW, THEREFORE, in consideration of the premises and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Grants of Security Interests in the Trademark Collateral. To secure the prompt payment and performance in full when due, whether by lapse of time, acceleration, mandatory prepayment or otherwise, of the Secured Obligations, Assignor hereby grants to Assignee, for the benefit of Secured Parties, a continuing security interest in, and a right to set off against, any and all right, title and interest of Assignor in, to and under the following personal property of Assignor, whether now owned or existing or owned, acquired, or arising hereafter: (i) trademarks, trade names, service marks, domain names, designs, logos, other source or business identifiers, and all goodwill symbolized by and connected with any of the foregoing; (ii) all applications, registrations, recordings, renewals, extensions, continuations, continuations-in-part, divisionals, and re-examinations of, or in connection with, any of the foregoing, including the applications and registrations set forth on Schedule I hereto; (iii) the right to sue for past, present and future infringements, misappropriations, or dilutions of any of the foregoing; and (iv) all proceeds of the foregoing, including licenses, royalties, income, payments, damage awards, and proceeds of suit (the assets described in the preceding subsections (i) and (iv) shall hereinafter be referred to as the "Trademark Collateral").

Notwithstanding anything herein to the contrary, in no event shall the security interest granted under this Section 1 attach to any lease, license, contract, property rights or agreement to which Assignor is a party or any of its rights or interests thereunder if and for so long as the grant of such security interest shall constitute or result in (i) the abandonment, invalidation or unenforceability of any right, title or interest of Assignor therein or (ii) in a breach or termination pursuant to the terms of, or a default under, any such lease, license,

contract property rights or agreement (other than to the extent that any such term, in either case, would be rendered ineffective pursuant to Sections 9-406, 9-407, 9-408 or 9-409 of the UCC (or any successor provision or provisions) of any relevant jurisdiction or any other applicable law (including the Bankruptcy Code) or principles of equity), provided, however, that such security interest shall attach immediately at such time as the condition causing such abandonment, invalidation or unenforceability shall be remedied and to the extent severable, shall attach to any portion of such lease, license, contract, property rights or agreement that does not result in any of the consequences specified in (i) or (ii) above. It is the intention of Assignor and Assignee that this Trademark Security Agreement not constitute a fraudulent transfer or fraudulent conveyance under any state or federal law that may be applied hereto. Assignor and, by its acceptance hereof, Assignee hereby acknowledges and agrees that, notwithstanding any other provision of this Trademark Security Agreement: (a) the indebtedness secured hereby shall be limited to the maximum amount of indebtedness that can be incurred or secured by Assignor without rendering this Trademark Security Agreement subject to avoidance under Section 548 of the United States Bankruptcy Code or any comparable provisions of any applicable state or federal law, and (b) the Trademark Collateral pledged by Assignor hereunder shall be limited to the maximum amount of Collateral that can be pledged by Assignor without rendering this Trademark Security Agreement subject to avoidance under Section 548 of the United States Bankruptcy Code or any comparable provisions of any applicable state or federal law.

Assignor and Assignee, on behalf of Secured Parties, hereby acknowledge and agree that the security interests created hereby in the Trademark Collateral constitute continuing collateral security for all of the Obligations whether now existing or hereafter arising and are not to be construed as an absolute assignment (as opposed to a conditional assignment for security purposes only) of any copyrights, patents, trademarks or any licenses therefor.

2. Security and Pledge Agreement. The security interest granted pursuant to this Trademark Security Agreement is granted in conjunction with the security interest granted to Assignee for the benefit of Secured Parties pursuant to the Security and Pledge Agreement and Assignor hereby acknowledges and affirms that the rights and remedies of Assignee with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Security and Pledge Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event that any of the terms of this Trademark Security Agreement conflict with the terms of the Security and Pledge Agreement, the terms of the Security and Pledge Agreement shall control.
