TRADEMARK COLLATERAL AGREEMENT
(SHORT-FORM)

TRADEMARK COLLATERAL AGREEMENT (this “**Agreement**”), dated as of February 8, 2010, made by each of the signatories hereto (together with any other entity that may become a party hereto as provided herein, the “Grantors”), in favor of U.S. Bank National Association, as collateral agent (in such capacity and together with its successors and assigns in such capacity, the “Collateral Agent”) for the Secured Parties, as defined in the Collateral Agreement, defined below.

Reference is made to the Collateral Agreement dated as of February 8, 2010 (as amended, supplemented or otherwise modified from time to time, the “**Collateral Agreement**”), among the Grantors and the Collateral Agent. The Notes Issuer and each of the other Grantors are engaged in related businesses and each Grantor will derive substantial direct and indirect benefit from the issuance of the Notes. Accordingly, the parties hereto agree as follows:

Section 1. Terms. Capitalized terms used in this Agreement and not otherwise defined herein have the meanings specified in the Collateral Agreement.

Section 2. Grant of Security Interest. As security for the payment or performance, as the case may be, in full of the Obligations, each Grantor, pursuant to and in accordance with the Collateral Agreement, did and hereby does grant to the Collateral Agent, its successors and assigns, for the benefit of the Secured Parties, a security interest in all right, title and interest of each such Grantor in or to any and all of the following assets and properties now owned or at any time hereafter acquired by such Grantor or in which such Grantor now has or at any time in the future may acquire any right, title or interest (collectively, the “**Trademark Collateral**”); provided that no security interest shall attach to any such Trademark Collateral if and for so long as the grant of such security interest would result in the abandonment, invalidation, unenforceability or termination of such Trademark Collateral; and provided further that such security interest shall attach immediately at such time as the condition causing such abandonment, invalidation, unenforceability or termination shall be remedied:

all trademarks, trade names, corporate names, company names, business names, fictitious business names, trade styles, service marks, logos and other source or business identifiers, and all goodwill associated therewith, now existing or hereafter adopted or acquired, all registrations and recordings thereof, and all applications in connection therewith, in the United States Patent and Trademark Office including, without limitation, as referred to in Schedule I and (ii) the right to obtain all extensions and renewals thereof.

Notwithstanding the foregoing, the Trademarks Collateral shall not include any “intent-to-use” applications for trademark or service mark registrations filed pursuant to Section 1(b) of the Lanham Act, 15 U.S.C. Section 1051, unless and until an Amendment to Allege Use or a Statement of Use under Section 1(c) or Section 1(d) of the Lanham Act has been filed, to the extent that any assignment of an “intent-to-use” application prior to such filing would violate the Lanham Act or cause the trademark that is the subject thereof to be invalidated or abandoned. It is the intent of the parties that this Agreement grants a security interest in the Trademark

Collateral and is not intended to be, and shall not be deemed to be, an assignment of the Trademark Collateral.

Section 3. Termination. This Agreement is made to secure the satisfactory performance and payment of the Obligations. This Agreement and the security interests granted hereby shall terminate with respect to all of a Grantor's Obligations and any Lien arising therefrom shall be automatically released upon termination of the Collateral Agreement or release of such Grantor's obligations thereunder. The Collateral Agent shall, in connection with any termination or release herein or under the Collateral Agreement, execute and deliver to any Grantor as such Grantor may request, an instrument in writing releasing the security interest in the Trademark Collateral acquired under this Agreement. Additionally, upon such satisfactory performance or payment, the Collateral Agent shall reasonably cooperate with any efforts made by a Grantor to make of record or otherwise confirm such satisfaction including, but not limited to, the release and/or termination of this Agreement and any security interest in, to or under the Trademark Collateral.

Section 4. Supplement to the Collateral Agreement. The security interests granted to the Collateral Agent herein are granted in furtherance, and not in limitation of, the security interests granted to the Collateral Agent pursuant to the Collateral Agreement. Each Grantor hereby acknowledges and affirms that the rights and remedies of the Collateral Agent with respect to the Trademark Collateral and other similar collateral are more fully set forth in the Collateral Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the Collateral Agreement, the terms of the Collateral Agreement shall govern.

Section 5. Entire Agreement. This Agreement, along with the Collateral Agreement, sets forth the entire understanding of the parties with respect to the Trademark Collateral. Except as expressly provided herein, the Collateral Agreement is not modified or otherwise affected hereby and remains in full force and effect.
