## ASSIGNMENT

THIS TRADEMARK ASSIGNMENT ("Assignment") is made by and among Sarnoff Corporation, a company incorporated and existing under the laws of New Jersey (United States of America), with registered office at 201 Washington Road, Princeton, NJ-08543, New Jersey, USA ("Assignor" or "SC"), in favor of SOFICS BVBA, a company incorporated and existing under the laws of Belgium, with registered office at Brugsebaan 188A, B-8470 Cistel, Belgium and registered with the Belgian Register of Legal Entities under the number RPR Brugge 0472.687.037 ("Assignee" or "SE").

WHEREAS, Assignee wishes to acquire, and Assignor wishes to assign, all of Assignor's right, title and interest in and to the United States trademark registrations set forth in Schedule A and all common law and other rights in and to the trademarks that are subject of such registrations (collectively, the "Trademarks").

NOW, THEREFORE, pursuant to the Intellectual Property Transfer Agreement executed on June 16, 2009 by the Assignor and the Assignee, and in consideration of good and valuable consideration as set forth and described in the Intellectual Property Transfer Agreement, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby fully transfers and assigns to Assignee, who accepts, all its title, interest and rights, subject to any and all licenses existing at the execution date of this Assignment, the Trademarks, in the United States and all applicable foreign countries, including without limitation the goodwill of the business appurtenant thereto and which is symbolized thereby, and the right to renew any registration therefor, for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment and sale had not been made together with all income, royalties, damages or payments due or payable as of the date hereof or thereafter, including, without limitation, (a) all rights, interests, claims and demands recoverable in law or equity that Assignor has or may have in profits and damages by reason of past, present or future infringement or other unauthorized use of the Trademarks, with the right to sue for, and collect the same for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns, or other legal representatives and (b) all rights to apply for registrations in

foreign countries that Assignor has or may have with respect to any of the foregoing with full benefit of such priorities as may now or hereafter be granted to it by law or treaty, including any international convention.

As a consequence of this transfer and assignment, Assignee will be the sole and exclusive owner of all title, interest and rights in and to the Trademarks.

Assignor authorizes and requests the United States Commissioner of Patents and Trademarks, and the corresponding entities or agencies in any applicable foreign countries whose duty is to issue and maintain trademarks, to record Assignee as owner of the Trademarks.

At any time or from time to time after the execution date hereof, Assignor shall, at the request of Assignee, execute and deliver any further instruments or documents and take all such further action as Assignee may reasonably request in order to evidence the consummation of this Assignment.

Except as otherwise provided in this Assignment, this Assignment shall be governed by the terms and conditions set forth in the Intellectual Property Transfer Agreement executed on June 16, 2009 by the Assignor and the Assignee.
