TRADEMARK SECURITY AGREEMENT

This TRADEMARK SECURITY AGREEMENT ("Trademark Security Agreement") is made this 23rd day of February 2010 (the "Effective Date"), by and between TSA STORES, INC., a Delaware corporation ("Debtor"), and HILCO TAG, LLC, a Delaware limited liability company ("Secured Party"), in connection with that certain Intellectual Property Purchase Agreement dated as of the Effective Date between Debtor and Secured Party (the "IP Purchase Agreement").

WITNESSETH:

WHEREAS, pursuant to the IP Purchase Agreement, the Secured Party has agreed to allow the Debtor to pay the Purchase Price in installments, as further set forth in the IP Purchase Agreement;

WHEREAS, in order to induce the Secured Party to enter into the IP Purchase Agreement and to induce the Secured Party to allow the Debtor to pay the Purchase Price in installments, as further set forth in the IP Purchase Agreement, Debtor has agreed to execute and deliver to Secured Party that certain Security Agreement, dated as of February 23, 2010 (including all annexes, exhibits or schedules thereto, as from time to time amended, restated, supplemented or otherwise modified, the "Security Agreement"); and

WHEREAS, pursuant to the Security Agreement, Debtor is required to execute and deliver to Secured Party this Trademark Security Agreement;

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Debtor hereby agrees as follows:

1. DEFINED TERMS. All initially capitalized terms used but not otherwise defined herein have the meanings given to them in the Security Agreement or, if not defined therein, in the IP Purchase Agreement. Any terms (whether capitalized or lower case) used in this Trademark Security Agreement that are defined in the Code shall be construed and defined as set forth in the Code unless otherwise defined herein, in the Security Agreement or in the IP Purchase Agreement; provided, however, that to the extent that the Code is used to define any term used herein and if such term is defined differently in different Articles of the Code, the definition of such term contained in Article 9 of the Code shall govern.

2. GRANT OF SECURITY INTEREST IN TRADEMARK COLLATERAL. Debtor hereby unconditionally grants, assigns, and pledges to Secured Party, to secure the Secured Obligations, a continuing security interest (referred to in this Trademark Security Agreement as the "Security Interest") in all of Debtor's right, title and interest in and to the following, whether now owned or hereafter acquired or arising (collectively, the "Trademark Collateral"):

(a) (i) all U.S. state (including common law), and U.S. federal and foreign Trademarks, and applications for registration and registrations of such Trademarks, listed in Schedule B (but excluding any application to register any

Trademark, service mark or other mark prior to the filing under applicable law of a verified statement of use or amendment to allege use (or the equivalent) for such trademark, service mark or other mark to the extent the creation of a security interest therein or the grant of a mortgage thereon would void or invalidate such trademark, service mark or other mark), together with all Third Party License Agreements and New Licenses relating to the foregoing and all Accounts, income and royalties with respect to such Third Party License Agreements and New Licenses; and (ii) with respect to the foregoing, whether registered or unregistered and wherever registered, all rights to sue for past, present or future infringement or unconsented use thereof, all rights arising therefrom and pertaining thereto and all extensions and renewals thereof;

(b) to extent that any Trademark applications are excluded from this granting of a security interest under Section 2(a)(i), Debtor hereby agrees that the assignment of a Security Interest in such Trademark and the goodwill embodied within those applications shall vest to Secured Party upon Debtor's filing of a applicable verified statement of use or amendment to allege use with the PTO;

(c) the entire goodwill of or associated with the Business now or hereafter conducted by Debtor associated with and symbolized by any of the Trademarks; and

(d) all proceeds, whether tangible or intangible, of any and all of the foregoing Trademark Collateral (including license royalties, money, rights to payment, accounts receivable and proceeds of infringement suits) resulting from the sale, license, exchange, collection, or other disposition of any of the foregoing, the proceeds of any award in condemnation with respect to any of the foregoing, any rebates or refunds, whether for taxes or otherwise, and all proceeds of any such proceeds, or any portion thereof or interest therein, and the proceeds thereof, and all proceeds of any loss of, damage to, or destruction of the above, whether insured or not insured, and, to the extent not otherwise included, any indemnity, warranty, or guaranty payable by reason of loss or damage (whether or not Secured Party is the loss payee thereof) to, or otherwise with respect to any of the foregoing Trademark Collateral (the "*Proceeds*"). Without limiting the generality of the foregoing, the term "Proceeds" includes whatever is receivable or received when Trademark Collateral or proceeds are sold, exchanged, collected or otherwise disposed of, whether such disposition is voluntary or involuntary, and includes proceeds of any indemnity or guaranty payable to Debtor or Secured Party from time to time with respect to any of the Trademark Collateral.

3. SECURITY FOR SECURED OBLIGATIONS. This Trademark Security Agreement and the Security Interest created hereby secures the payment and performance of the Secured Obligations, whether now existing or arising hereafter. Without limiting the generality of the foregoing, this Trademark Security Agreement secures the payment of all amounts which constitute part of the Secured Obligations and would be owed by Debtor, or any of them, to Secured Party, whether or not they are unenforceable or not allowable due to the existence of an Insolvency Proceeding involving Debtor.

4. SECURITY AGREEMENT. The Security Interest granted pursuant to this Trademark Security Agreement is granted in conjunction with the Security Interests granted to Secured Party, pursuant to the Security Agreement. Debtor hereby acknowledges and affirms that the rights and remedies of Secured Party with respect to the Security Interest in the Trademark Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. To the extent there is any inconsistency between this Trademark Security Agreement and the Security Agreement, the Security Agreement shall control.

5. [RESERVED].

6. GOVERNING LAW. This Agreement shall be governed by, and construed in accordance with, the law of the State of Delaware, except as required by mandatory provisions of law or to the extent the perfection or priority of the security interests hereunder, or the remedies hereunder, in respect of any Collateral are governed by the law of a jurisdiction other than Delaware.

7. ENTIRE AGREEMENT; AMENDMENT. This Agreement, the IP Purchase Agreement, and the Security Agreement, together with the Schedules and Exhibits hereto and thereto, contains the entire agreement of the parties with respect to the subject matter hereof and supersede all prior drafts and communications relating to such subject matter. Neither this Agreement nor any provision hereof may be modified, amended or waived except by the written agreement of the parties, as provided in the IP Purchase Agreement. To the extent that any provision of this Agreement conflicts with any provision of the IP Purchase Agreement, the provisions of the IP Purchase Agreement shall govern.

8. COUNTERPARTS. This Agreement may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute but one and the same agreement. Delivery of an executed counterpart of this Agreement by facsimile shall be equally as effective as delivery of a manually executed counterpart. Any party hereto delivering a counterpart of this Agreement by facsimile shall also deliver a manually executed counterpart, but the failure to so deliver a manually executed counterpart shall not affect the validity, enforceability, or binding effect hereof.

9. TERMINATION. Upon payment and performance in full of all Secured Obligations, the Security Interest created by this Agreement shall automatically terminate and Secured Party (at Debtor's expense) shall promptly execute and deliver to Debtor such documents, releases and instruments reasonably requested by Debtor as shall be necessary to evidence termination of the Security Interest given by Debtor to Secured Party hereunder, including cancellation of this Agreement by written notice from Secured Party to the PTO and any other applicable governmental agencies or offices.

10. SEVERABILITY. If one or more provisions contained in this Agreement shall be invalid, illegal or unenforceable in any respect in any jurisdiction or with respect to any party, such invalidity, illegality or unenforceability in such jurisdiction or with respect to such party shall, to the fullest extent permitted by applicable law, not invalidate or render illegal or

unenforceable any such provision in any other jurisdiction or with respect to any other party, or any other provisions of this Agreement.

11. NOTICES. All notices and other communications hereunder shall be in writing and shall be mailed, sent or delivered in accordance with the IP Purchase Agreement.
