REI TRADEMARK ASSIGNMENT

THIS TRADEMARK ASSIGNMENT (this "Assignment") is made and delivered as of February 16, 2010, pursuant to the terms and subject to the conditions of a certain Asset Purchase Agreement dated February 10, 2010 (the "Purchase Agreement"), by and among, Reed Elsevier Inc., a Massachusetts corporation (the "Assignor"), Reed Elsevier Properties Inc., a Delaware corporation, and Canon Communications LLC, a Delaware limited liability company (the "Assignee").

RECITALS

WHEREAS, Assignor has agreed to sell and assign to Assignee and its successors, assigns, nominees or other legal representatives, all of Assignor's right, title, interest and goodwill in and to the trademarks identified on Schedule 1 attached hereto (collectively, the "Trademarks"); and

WHEREAS, in order to effectuate and record Assignor's assignment to Assignee of all of its rights, title and interests in and to the Trademarks, Assignor is executing this instrument of assignment.

AGREEMENT

NOW, THEREFORE, for good and valuable consideration as further disclosed in the Purchase Agreement, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby assigns, transfers and conveys to Assignee, Assignor's right, title and interest in and to, as well as the goodwill of the business symbolized by, the Trademarks.

Together with Assignor's right, title and interest in and to the Trademarks, as well as the goodwill of the business associated with said Trademarks being assigned to Assignee, are the rights to police, monitor and enforce said Trademarks against any and all past infringements (including, without limitation, the right to sue for and collect damages caused by any such infringement) which may have occurred at any time in the unlimited past, up through to the date of this present Assignment.

Assignor agrees to perform all affirmative acts that Assignee may reasonably request to perfect or record the above-described transfer of rights, at Assignee's reasonable expense, as well as to cooperate with Assignee in obtaining and/or providing information required in any proceedings relating to the Trademarks, again at Assignee's expense.

Assignor further authorizes the Commissioner of Patents and Trademarks of the United States and the appropriate official in any other country, to issue any and all trademark registrations, amended registrations and/or renewals that may be granted upon any application or petition for same, to Assignee, and/or Assignee's successors and/or assigns.

To the extent there is a conflict between the terms and provisions of this Assignment and the Purchase Agreement, the terms of the Purchase Agreement will govern.

This Agreement shall be governed by and construed in accordance with the laws of the State of New York regardless of the laws that might otherwise govern under applicable principles of conflicts of laws thereof.
