The Company and the Collateral Trustee hereby agree as follows:

SECTION 1. Definitions; Interpretation.

(a) **Terms Defined in Pledge Agreement.** All capitalized terms used in this Agreement and not otherwise defined herein shall have the meanings assigned to them in the Pledge Agreement.

(b) **Certain Defined Terms.** As used in this Agreement, the following terms shall have the following meanings:

"*PTO*" means the United States Patent and Trademark Office.

"*Pledge Agreement*" means that certain Pledge and Security Agreement, dated as of the date hereof among the Company, the Grantors party thereto from time to time and the Collateral Trustee.

To the extent not inconsistent with the foregoing, the rules of construction and interpretation applicable to the Pledge Agreement shall also be applicable to this Agreement and are incorporated herein by this reference.

SECTION 2. Security Interest.

(a) **Grant of Security Interest.** As security for the payment and performance of the Obligations, each Grantor hereby grants to the Collateral Trustee for the benefits of the holders of the First Lien Obligations a security interest in, and a mortgage upon, all of the Grantor's right, title and interest in, to and under the following property, in each case whether now or hereafter existing or arising or in which the Company now has or hereafter owns, acquires or develops an interest and wherever located (collectively, the "***Trademark Collateral***"):

(i) all Trademarks, including all Trademarks set forth on Schedule A hereto;

(ii) all Trademark Licenses; and

(iii) all proceeds of any and all of the foregoing (including license royalties, rights to payment, accounts receivable and proceeds of infringement suits) and, to the extent not otherwise included, all payments under insurance (whether or not the Collateral Trustee is the loss payee thereof) or any indemnity, warranty or guaranty payable by reason of loss or damage to or otherwise with respect to the foregoing.

Notwithstanding anything herein to the contrary, in no event shall the Trademark Collateral include, and no Grantor shall be deemed to have granted a security interest in, (i) any Grantor's rights or interests in any license, contract or agreement to which any Grantor is a party to the extent, but only to the extent, that such a grant would, under the terms of such license, contract or agreement or otherwise, result in a breach of the terms of, or constitute a default under any license, contract or agreement to which the applicable Grantor is a party and (ii) any application to register any trademark, service mark or other mark prior to the filing under applicable law of a verified statement of use (or the equivalent) for such trademark, service mark or other mark to the extent the creation of a security interest therein or the grant of a mortgage thereon would void or invalidate such trademark, service mark or other mark, or render such trademark unenforceable or abandoned; provided, that immediately upon the ineffectiveness, lapse or termination of any such provision, or the filing under applicable law of a verified statement of use (or the equivalent), the Trademark Collateral shall include, the applicable Grantor shall be deemed to have granted a security interest in, all such rights and interests as if such provision had never been in effect.

(b) **Continuing Security Interest.** The Grantor agrees that this Agreement shall create a continuing security interest in the Trademark Collateral which shall remain in effect until terminated in accordance with Section 11.

This Agreement has been entered into in conjunction with the security interests granted to the Collateral Trustee under the Pledge Agreement, the other First Lien Documents and the other security documents referred to therein. The rights and remedies of the Collateral Trustee with respect to the security interests granted herein are without prejudice to, and are in addition to those set forth in the Pledge Agreement, the other First Lien Documents and the other security documents referred to therein, all terms and provisions of which are incorporated herein by reference.

Each Grantor, jointly and severally, represents and warrants to the Collateral Trustee that a true and correct list of all of the U.S. trademarks, trademark registrations or applications owned by each Grantor is set forth on Schedule A.

On a continuing basis, each Grantor shall make, execute, acknowledge and deliver, and file and record in the proper filing and recording places, all such instruments and documents, and take all such action as may be necessary or advisable or may be requested by the Collateral Trustee to carry out the intent and purposes of this Agreement, or for assuring, confirming or protecting the grant or perfection of the security interest granted or purported to be granted hereby, to ensure each Grantor's compliance with this Agreement or to enable the Collateral Trustee to exercise and enforce its rights and remedies hereunder with respect to the Trademark Collateral, including any documents for filing with the PTO or any applicable state office. The Collateral Trustee may record this Agreement, an abstract thereof, or any other document describing the Collateral Trustee's interest in the Trademark Collateral with the PTO, at the expense of each Grantor. In addition, each Grantor authorizes the Collateral Trustee to file financing statements describing the Trademark Collateral in any UCC filing office deemed appropriate by the Collateral Trustee. If any Grantor shall at any time hold or acquire a commercial tort claim arising with respect to the Trademark Collateral, each Grantor shall immediately notify the Collateral Trustee in a writing signed by each Grantor of the brief details thereof and grant to the Collateral Trustee in such writing a security interest therein and in the proceeds thereof, all upon the terms of this Agreement, with such writing to be in form and substance satisfactory to the Collateral Trustee.

If any Grantor shall obtain rights to any new Trademarks, the provisions of this Agreement shall automatically apply thereto. Each Grantor shall give prompt notice in writing to the Collateral Trustee with respect to any such new Trademarks or renewal or extension of any Trademark registration. Without limiting each Grantor's obligations under this Section 6, each Grantor authorizes the Collateral Trustee to modify this Agreement by amending Schedule A to include any such new Trademark rights. Notwithstanding the foregoing, no failure to so modify this Agreement or amend Schedule A shall in any way affect, invalidate or detract from the Collateral Trustee's continuing security interest in all Trademark Collateral, whether or not listed on Schedule A.

This Agreement shall be binding upon, inure to the benefit of and be enforceable by each Grantor, the Collateral Trustee and their respective successors and assigns. No Grantor may assign,

transfer, hypothecate or otherwise convey its rights, benefits, obligations or duties hereunder except as specifically permitted by the Pledge Agreement.

This Agreement shall be governed by, and construed in accordance with, the law of the State of New York, except as required by mandatory provisions of law or to the extent the validity, perfection or priority of the security interests hereunder, or the remedies hereunder, in respect of any Trademark Collateral are governed by the law of a jurisdiction other than New York.

This Agreement and the other First Lien Documents, together with the Schedules hereto and thereto, contains the entire agreement of the parties with respect to the subject matter hereof and supersedes all prior drafts and communications relating to such subject matter. Neither this Agreement nor any provision hereof may be modified, amended or waived except by the written agreement of the parties, as provided in the Pledge Agreement. Notwithstanding the foregoing, the Collateral Trustee unilaterally may re-execute this Agreement or modify, amend or supplement the Schedules hereto as provided in Section 6 hereof. To the extent that any provision of this Agreement conflicts with any provision of the Pledge Agreement, the provision giving the Collateral Trustee greater rights or remedies shall govern, it being understood that the purpose of this Agreement is to add to, and not detract from, the rights granted to the Collateral Trustee under the Pledge Agreement and the other First Lien Documents.

This Agreement may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute but one and the same agreement. Delivery of an executed counterpart of this Agreement by facsimile shall be equally as effective as delivery of a manually executed counterpart. Any party hereto delivering a counterpart of this Agreement by facsimile shall also deliver a manually executed counterpart, but the failure to so deliver a manually executed counterpart shall not affect the validity, enforceability, or binding effect hereof.

Upon payment and performance in full of all First Lien Obligations, the security interests created by this Agreement shall terminate, and the Collateral Trustee (at each Grantor's expense) shall promptly execute and deliver to each Grantor such documents and instruments reasonably requested by each Grantor as shall be necessary to evidence termination of all such security interests given by each Grantor to the Collateral Trustee hereunder, including cancellation of this Agreement by written notice from the Collateral Trustee to the PTO.

Each Grantor acknowledges that this Agreement and the other documents, agreements and instruments entered into or executed in connection herewith may contain covenants and other terms and provisions variously stated regarding the same or similar matters, and each Grantor agrees that all such covenants, terms and provisions are cumulative and all shall be performed and satisfied in accordance with their respective terms.

If one or more provisions contained in this Agreement shall be invalid, illegal or unenforceable in any respect in any jurisdiction or with respect to any party, such invalidity, illegality or unenforceability in such jurisdiction or with respect to such party shall, to the fullest extent permitted by applicable law, not invalidate or render illegal or unenforceable any such provision in any other jurisdiction or with respect to any other party, or any other provisions of this Agreement.

All notices and other communications hereunder shall be in writing and shall be mailed, sent or delivered in accordance with the Pledge Agreement.
