RELEASE OF SECURITY INTEREST IN PATENTS AND TRADEMARKS

This Release of Security Interest in Patents and Trademarks is made as of June 22, 2010 by Patriarch Partners Agency Services, LLC, as agent (the "Agent") for the Lenders (as defined below).

WHEREAS, EPV Solar, Inc., a New Jersey corporation, formerly known as Energy Photovoltaics, Inc. ("Grantor"), granted to the Agent, for the benefit of certain lenders (collectively, the "Lenders"), a security interest in certain of Grantor's intellectual property, as described in that certain Intellectual Property Security Agreement (Patents & Trademarks), dated as of November 18, 2009 (the "IP Security Agreement"), executed by EPV Solar in favor of the Agent and previously filed for record in the United States Patent and Trademark Office on November 18, 2009, on Patent Reel/Frame No. 023546/0165, and on November 18, 2009, on Trademark Reel/Frame No. 4099/0676;

WHEREAS, the Agent acknowledges that Grantor's obligations set forth in the Credit Agreement (as such term is defined in the IP Security Agreement) have been satisfied in full and the Credit Agreement and the IP Security Agreement are terminated, and Grantor has requested that the Agent release its interest in the Collateral (as such term is defined in the IP Security Agreement), including, without limitation, (i) the trademarks and trademark applications more fully identified on Schedule A, which is attached hereto and made a part hereof; (ii) the patents and patent applications more fully identified on Schedule B, which is attached hereto and made a part hereof; and (iii) any new Trademarks or Patents (as such terms are defined in the IP Security Agreement) or benefits in any new or existing Trademarks or Patents not otherwise identified in Schedule A or B;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Agent, on behalf of itself and the Lenders, hereby:

1. releases to Grantor any and all liens, security interests, right, title, and interest of the Agent pursuant to the IP Security Agreement in:

- (i) All of Grantor's now owned or existing or hereafter arising United States and foreign trademark and service mark registrations, applications, and licenses, including without limitation, those set forth on Schedule A annexed hereto and made a part hereof, together with any goodwill connected with and symbolized by any such trademarks, trademark applications, service marks, registered service marks and service mark applications, and any United States intent-to-use trademark applications to the extent that a valid security interest may be taken in such an intent-to-use trademark application under applicable law;
- (ii) any and all causes of action for past, present, and future infringement or breach of the Trademarks, with the right to sue for and collect, or otherwise recover, damages for such infringement or breach;

RELEASE OF SECURITY INTEREST IN PATENTS AND TRADEMARKS

This Release of Security Interest in Patents and Trademarks is made as of June 22, 2010 by Patriarch Partners Agency Services, LLC, as agent (the "Agent") for the Lenders (as defined below).

WHEREAS, EPV Solar, Inc., a New Jersey corporation, formerly known as Energy Photovoltaics, Inc. ("Grantor"), granted to the Agent, for the benefit of certain lenders (collectively, the "Lenders"), a security interest in certain of Grantor's intellectual property, as described in that certain Intellectual Property Security Agreement (Patents & Trademarks), dated as of November 18, 2009 (the "IP Security Agreement"), executed by EPV Solar in favor of the Agent and previously filed for record in the United States Patent and Trademark Office on November 18, 2009, on Patent Reel/Frame No. 023546/0165, and on November 18, 2009, on Trademark Reel/Frame No. 4099/0676;

WHEREAS, the Agent acknowledges that Grantor's obligations set forth in the Credit Agreement (as such term is defined in the IP Security Agreement) have been satisfied in full and the Credit Agreement and the IP Security Agreement are terminated, and Grantor has requested that the Agent release its interest in the Collateral (as such term is defined in the IP Security Agreement), including, without limitation, (i) the trademarks and trademark applications more fully identified on Schedule A, which is attached hereto and made a part hereof; (ii) the patents and patent applications more fully identified on Schedule B, which is attached hereto and made a part hereof; and (iii) any new Trademarks or Patents (as such terms are defined in the IP Security Agreement) or benefits in any new or existing Trademarks or Patents not otherwise identified in Schedule A or B;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Agent, on behalf of itself and the Lenders, hereby:

I. releases to Grantor any and all liens, security interests, right, title, and interest of the Agent pursuant to the IP Security Agreement in:

- (i) All of Grantor's now owned or existing or hereafter arising United States and foreign trademark and service mark registrations, applications, and licenses, including without limitation, those set forth on Schedule A annexed hereto and made a part hereof, together with any goodwill connected with and symbolized by any such trademarks, trademark applications, service marks, registered service marks and service mark applications, and any United States intent-to-use trademark applications to the extent that a valid security interest may be taken in such an intent-to-use trademark application under applicable law;
- (ii) any and all causes of action for past, present, and future infringement or breach of the Trademarks, with the right to sue for and collect, or otherwise recover, damages for such infringement or breach;

- (iii) All of Grantor's now owned or existing or hereafter arising United States, international and foreign patents, patent applications, utility models, and statutory invention registrations, including without limitation, those set forth on Schedule B annexed hereto and made a part hereof, together with any goodwill connected with and symbolized by any such patents, patent applications, utility models and statutory invention registrations;
- (iv) any and all reissues, divisions, continuations, continuations-in-part, extensions and reexaminations of the Patents, all inventions in the Patents, and all rights provided in the Patents by international treaties or conventions and all improvements thereto; and
- (v) any and all proceeds of the foregoing.

2. authorizes and requests that the United States Patent and Trademark Office, and any other location where the security interest was filed, note and record the existence of such release hereby given.

[SIGNATURE PAGE FOLLOWS]

IN WITNESS WHEREOF, the Agent has caused this Release of Security Interest in Patents and Trademarks to be executed by its duly authorized officer as of the date first written above.
