**SUBJECT: Release of Security Interest  
PIRATE (Typed Drawing) (US TM Reg. No. 0818355)  
DEEP SEA (Typed Drawing) (US TM Reg. No.0835187)**

Dear Sir/Madame:

On May 24, 2002, a security agreement between Wards Cove Packing Company, an Alaska Corporation (“Wards”), and Foothill Capital Corporation, a California Corporation (“Foothill”), was recorded against the above-referenced trademark registrations. Foothill was the receiving party for the secured interest.

I am attaching herewith, evidence of release of the security agreement by Foothill and recordation of the release by Ward at the appropriate agenc(ies) under the Uniform Commercial Code (“UCC”). Foothill authorized the release on May 28, 2003 and Wards recorded the release on May 29, 2003. However, the release was never recorded with the Assignment Services Division of the USPTO.

The undersigned represents that he has investigated this matter and verifies that the attachments evidence the release of the security agreement between Ward and Foothill that encompassed the secured interest recorded against the above-referenced trademark registrations. The undersigned therefore respectfully requests that the attachments be recorded against the above-referenced registration to evidence the release of the security agreement between Ward and Foothill.

Respectfully Submitted,

/david chen/

Tom

The process is extremely simple. If at the time of filing you rec'd a Financing Verification Statement, then it will include a form on the back for discharge. If not (or even if you did) you can use a financing change Statement. Simply check "total Discharge" and send it in for filing. Or, of course you could simply ask me to do it. All I need is the authority of the secured party or its solicitor.

Terry

Terry,

Our client Wards Cove Packing Company entered into a financing arrangement with Foothill Capital Corporation which has now been fully paid and terminated.

What is the process releasing the attached security agreement?

Foothill is represented by Tybalt Whitney who is receiving a copy of this message.
