This INTELLECTUAL PROPERTY SECURITY AGREEMENT (as amended, amended and restated, supplemented or otherwise modified from time to time, the “IP Security Agreement”) dated as of July 29, 2010, is made by the grantor listed on the signature page hereof (the “Grantor”) in favor of Deutsche Bank Trust Company Americas (“DBTCA”), as Notes Priority Collateral Agent (the “Notes Priority Collateral Agent”) for the Secured Parties (as defined in the Security Agreement referred to below).

WHEREAS, Accuride Corporation, a Delaware corporation, has entered into the Indenture dated as of July 29, 2010 (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “Indenture”), with each Guarantor (as defined in the Indenture), Wilmington Trust FSB, as trustee, and DBTCA, as notes priority collateral agent, paying agent, registrar and transfer agent.

WHEREAS, as a condition precedent to the issuance of the Notes under the Indenture, the Grantor has executed and delivered that certain Security Agreement dated as of July 29, 2010 made by the Grantor and the other grantors in favor of the Notes Priority Collateral Agent (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “Security Agreement”). Terms defined in the Indenture or the Security Agreement and not otherwise defined herein are used herein as therein defined.

WHEREAS, under the terms of the Security Agreement, the Grantor has granted a security interest in, among other property, certain intellectual property of the Grantor to the Notes Priority Collateral Agent for the ratable benefit of the Secured Parties, and has agreed as a condition thereof to execute this IP Security Agreement covering such intellectual property for recording with the U.S. Patent and Trademark Office, the United States Copyright Office and other governmental authorities.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor agrees as follows:

Section 1. Grant of Security. The Grantor hereby grants to the Notes Priority Collateral Agent for the ratable benefit of the Secured Parties a security interest in and to all of its right, title and interest in and to the following (the “Collateral”):

(i) the United States, international, and foreign patents, patent applications and patent licenses set forth in Schedule A hereto (as such Schedule A may be supplemented from time to time by supplements to the Security Agreement and this IP Security Agreement, each such supplement being in substantially the form of Exhibit B to the Security Agreement (an “IP Security Agreement Supplement”), executed and delivered by the Grantor to the Notes Priority Collateral Agent from time to time), together with all reissues, divisions, continuations, continuations-in-part, extensions and reexaminations thereof, and all rights therein provided by international treaties or conventions (the “Patents”);

(ii) the United States and foreign trademark and service mark registrations, applications, and licenses set forth in Schedule A hereto (as such Schedule A may be

supplemented from time to time by IP Security Agreement Supplements executed and delivered by the Grantor to the Notes Priority Collateral Agent from time to time) and all goodwill associated therewith (the “Trademarks”);

(iii) the copyrights, United States and foreign copyright registrations and applications and copyright licenses set forth in Schedule A hereto (as such Schedule A may be supplemented from time to time by supplements to the Security Agreement and this IP Security Agreement, each such supplement being in substantially the form of Exhibit B to the Security Agreement (an “IP Security Agreement Supplement”), executed and delivered by the Grantor to the Notes Priority Collateral Agent from time to time) (the “Copyrights”);

(iv) any and all claims for damages for past, present and future infringement, misappropriation or breach with respect to the Copyrights, Patents and Trademarks, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages; and

(v) any and all proceeds of the foregoing.

Section 2. Security for Obligations. The pledge and assignment of, and the grant of a security interest in, the Collateral by the Grantor under this IP Security Agreement secures the payment of all Obligations of the Grantor now or hereafter existing under or in respect of the Note Documents, whether direct or indirect, absolute or contingent, and whether for principal, reimbursement obligations, interest, premiums, penalties, fees, indemnifications, contract causes of action, costs, expenses or otherwise.

Section 3. Recordation. The Grantor authorizes and requests that the Register of Copyrights, the Commissioner of Patents and Trademarks and any other applicable government officer record this IP Security Agreement.

Section 5. Grants, Rights and Remedies. This IP Security Agreement has been entered into in conjunction with the provisions of the Security Agreement. The Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Notes Priority Collateral Agent with respect to the Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein.
