INTELLECTUAL PROPERTY SECURITY AGREEMENT

This INTELLECTUAL PROPERTY SECURITY AGREEMENT (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “IP Security Agreement”) dated as of July 29, 2010, is made by the grantor listed on the signature page hereof (the “Grantor”) in favor of Deutsche Bank Trust Company Americas (“DBTCA”), a New York banking corporation, as security agent (the “Security Agent”) for the Secured Parties (as defined in the Credit Agreement referred to below).

WHEREAS, Accuride Corporation, a Delaware corporation (the “Borrower”) and each U.S. Subsidiary of the Borrower (as set forth in the Credit Agreement referred to below) (together with the Borrower, collectively, the “Co-Borrowers” and each, a “Co-Borrower”), have entered into the Credit Agreement dated as of July 29, 2010 (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “Credit Agreement”), with, inter alios, DBTCA, as administrative agent, and the Lender Parties party thereto. Terms defined in the Credit Agreement and not otherwise defined herein are used herein as defined in the Credit Agreement.

WHEREAS, as a condition precedent to the making of Advances and the issuance of Letters of Credit by the Lender Parties under the Credit Agreement, the Grantor has executed and delivered that certain Guarantee and Collateral Agreement dated as of July 29, 2010 made by the Grantor and the other grantors to the Security Agent (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “Guarantee and Collateral Agreement”).

WHEREAS, under the terms of the Guarantee and Collateral Agreement, the Grantor has granted a security interest in, among other property, certain intellectual property of the Grantor to the Security Agent for the ratable benefit of the Secured Parties, and has agreed as a condition thereof to execute this IP Security Agreement covering such intellectual property for recording with the U.S. Patent and Trademark Office and other governmental authorities.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor agrees as follows:

SECTION 1. Grant of Security. The Grantor hereby grants to the Security Agent for the ratable benefit of the Secured Parties a security interest in and to all of its right, title and interest in and to the following (the “Collateral”):

- (i) the United States, international, and foreign patents, patent applications and patent licenses set forth in Schedule A hereto (as such Schedule A may be supplemented from time to time by supplements to the Guarantee and Collateral Agreement and this IP Security Agreement, each such supplement being in substantially the form of Exhibit E to the Guarantee and Collateral Agreement (an “IP Security Agreement Supplement”), executed and delivered by the Grantor to the Security Agent from time to time), together with all reissues, divisions, continuations, continuations-in-part, extensions and reexaminations thereof, and all rights therein provided by international treaties or conventions (the “Patents”);

(ii) the United States and foreign trademark and service mark registrations, applications, and licenses set forth in Schedule A hereto (as such Schedule A may be supplemented from time to time by IP Security Agreement Supplements executed and delivered by the Grantor to the Security Agent from time to time) (the “Trademarks”);

(iii) any and all claims for damages for past, present and future infringement, misappropriation or breach with respect to the Patents and Trademarks, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages; and

(iv) any and all proceeds of the foregoing.

SECTION 2. Security for Obligations. The pledge and assignment of, and the grant of a security interest in, the Collateral by the Grantor under this IP Security Agreement secures the payment of all Obligations of the Grantor now or hereafter existing under or in respect of the Loan Documents, whether direct or indirect, absolute or contingent, and whether for principal, reimbursement obligations, interest, premiums, penalties, fees, indemnifications, contract causes of action, costs, expenses or otherwise.

SECTION 3. Recordation. The Grantor authorizes and requests that the Commissioner of Patents and Trademarks and any other applicable government officer record this IP Security Agreement.

SECTION 4. Execution in Counterparts. This Agreement may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.

SECTION 5. Grants, Rights and Remedies. This IP Security Agreement has been entered into in conjunction with the provisions of the Guarantee and Collateral Agreement. The Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Security Agent with respect to the Collateral are more fully set forth in the Guarantee and Collateral Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein.

SECTION 6. Governing Law. This IP Security Agreement shall be governed by, and construed in accordance with, the laws of the State of New York.

IN WITNESS WHEREOF, each Grantor has caused this Agreement to be duly executed and delivered by its officer thereunto duly authorized as of the date first above written.
