## COLLATERAL ASSIGNMENT OF TRADEMARKS

This COLLATERAL ASSIGNMENT IN TRADEMARKS (SECURITY AGREEMENT) is dated as of June 28, 2010 by and between THE BIOSOLVE COMPANY, a corporation organized under the laws of the Commonwealth of Massachusetts with a principal place of business at 6 Douglas Road, Lexington, Middlesex County, Massachusetts 02420 (the "Assignor") and Rockland Trust Company, a Massachusetts trust company having an address at 288 Union Street, Rockland, MA 02370 for itself and as agent for any affiliate of ("Assignee"). Assignor and Assignee hereby agree as follows:

WHEREAS, Assignor is indebted to Assignee in the aggregate principal amount of SIX HUNDRED FIFTY THOUSAND DOLLARS (\$650,000.00) pursuant to the Loan Agreement, dated June 28, 2010, by and between Assignor and Assignee, together with that certain Promissory Note, dated June 28, 2010 in the amount of SIX HUNDRED FIFTY THOUSAND DOLLARS (\$650,000.00), and all agreements, instruments and documents executed or delivered in connection with the foregoing or otherwise related thereto (collectively, together with any amendments, modifications, or restatements thereto, the "Loan Documents").

WHEREAS, Assignor owns all right, title and interest in and to, among other things, the federal, state, foreign country and international treaty registrations and applications for trademark, service mark and trade dress, and the common law trademarks, service marks and trade dress set forth on Schedule A hereto (the "Trademarks"); and

WHEREAS, in order to secure the Obligations (as defined in Section 1 below), Assignor wishes to grant to Assignee a security interest in, but not limited to, the Trademarks and the goodwill and certain other assets with respect to the Trademarks as further set forth herein.

NOW, THEREFORE, in consideration of the foregoing premises and other good and valuable consideration, Assignor hereby agrees, promises and undertakes as follows:

1. Obligations.

The Assignment shall secure all loans, advances, indebtedness and each and every other obligation or liability of Assignor owed to Assignee and/or any affiliate of Assignee, however created, of every kind and description whether now existing or

hereafter arising and whether direct or indirect, primary or as guarantor or surety, absolute or contingent, due or to become due, liquidated or unliquidated, matured or unmatured, participated in whole or part, created by trust agreement, lease, overdraft, agreement or otherwise, whether or not secured by additional collateral, whether originated with Assignee or owed to others and acquired by Assignee by purchase, assignment or otherwise, and including, without limitation, all loans, advances, indebtedness and each and every obligation or liability arising under the Loan Documents, letters of credit now or hereafter issued by Assignee or any affiliate of Assignee for the benefit of or at the request of Assignor, all obligations to perform or forbear from performing acts, any and all Rate Management Obligations (as defined in the Loan Documents), and all agreements, instruments and documents evidencing, guarantying, securing or otherwise executed in connection with any of the foregoing, together with any amendments, modifications, and restatements thereof, and all expenses and attorneys' fees incurred or other sums disbursed by Assignee or any affiliate of Assignee under this Agreement or any other document, instrument or agreement related to any of the foregoing, including such fees and expenses incurred in collecting the Obligations from any other party responsible for all or any part thereof (collectively, the "Obligations").

## 2. Granting Clause.

As security for the Obligations, Assignor hereby assigns, sells, transfers, quitclaims, conveys, and grants to Assignee all of Assignor's right, title, and interest in:

- (a) the Trademarks;
- (b) all federal, state, foreign country and international treaty registrations and applications for trademark, service mark and trade dress, and common law trademarks, service marks and trade dress hereafter adopted or acquired and used which are based upon or derived from the Trademarks or any variations thereof, whether in the United States, a foreign country or under international treaty (the "Future Trademarks");
- (c) all extensions, renewals, and continuations of the Trademarks and Future Trademarks;
- (d) all rights to sue for past, present, and future infringements of the Trademarks and Future Trademarks;

- (e) all proceeds, including without limitation, license royalties and proceeds of infringement suits, based on the Trademarks and Future Trademarks;
- (f) all licenses and other agreements relating to the Trademarks and Future Trademarks and the use thereof;
- (g) all inventory, packaging, labeling, trade names, service marks, logos, and trade dress including or containing the Trademarks and Future Trademarks or a representation thereof, or any variation thereof;
- (h) all patents, registrations, patent applications, formulae, processes, compounds, methods, know-how, and trade secrets relating to the manufacture of Assignor's products or services under, utilizing, or in connection with the Trademarks and Future Trademarks; and
- (i) all goodwill of Assignor's business connected with, symbolized by or in any way related to the items set forth in clauses (a) through (h) above.

All of the foregoing items set forth in clauses (a) through (i) are hereinafter referred to collectively as the "Collateral."

### 3. Assignor's Duties.

Assignor agrees that, notwithstanding this Agreement, it will perform and discharge and remain liable for all its covenants, duties, and obligations arising in connection with the Collateral and any licenses and agreements related thereto. Assignee shall have no obligation or liability in connection with the Collateral or any licenses or agreements relating thereto by reason of this Agreement or any payment received by Assignee relating to the Collateral, nor shall Assignee be required to perform any covenant, duty, or obligation of Assignor arising in connection with the Collateral or any license or agreement related thereto or to take any other action regarding the Collateral or any such licenses or agreement.

### 4. Representations and Warranties.

Assignor represents and warrants to Assignee that: Assignor is the owner of and has good, indefeasible, and merchantable title to the Collateral; the Trademarks are subsisting and no part thereof has been adjudicated invalid or unenforceable, in whole

or in part; each Trademark is valid and enforceable; the Trademarks are the only registrations and applications for trademark, service mark and trade dress, and common law trademarks, service marks and trade dress in which Assignor has any or all right, title and interest; none of the Collateral is subject to any mortgage, pledge, lien, security interest, lease, charge, assignment, license, or encumbrance; and, when the Assignee has taken the other actions contemplated by the Loan Documents with respect to the filing of Uniform Commercial Code financing statements, this Agreement will create a legal and valid perfected and continuing lien on and security interest in the Collateral, enforceable against Assignor and all third parties, subject to no other mortgage, lien, charge, encumbrance, or security or other interest.

5. Covenants.

Assignor will maintain the Collateral, defend the Collateral against the claims of all persons, partnerships, corporations, or other entities and will maintain and renew all registrations of the Collateral. Without limiting the generality of the foregoing, Assignor shall not permit the abandonment or termination or the expiration prior to the end of the maximum statutory term and any renewals and extensions thereof provided by applicable law of any registration of any of the Trademarks or Future Trademarks without the prior written consent of Assignee. Assignor shall immediately notify Assignee if any aspect of the Collateral is threatened with or is subject to legal or administrative proceedings. If before the Obligations have been satisfied in full, Assignor obtains any rights under any trademark, service mark, trade dress, whether or not considered Future Trademarks, the provisions of this Agreement shall automatically apply thereto and Assignor shall give Assignee prompt notice thereof in writing.

6. Default.

Each of the following shall be an Event of Default hereunder (herein "Events of Default"):

- (a) An event of default occurs under any agreement, instrument or document evidencing, guarantying, securing or otherwise executed or delivered in connection with any of the Obligations, as "Event of Default" shall be defined therein.

- (b) Any representation or warranty of Assignor set forth in this Assignment or in any agreement, instrument, document, certificate or financial statement evidencing, guarantying, securing or otherwise related to, this Assignment or any other Obligation shall be materially inaccurate or misleading.
- (c) Assignor shall fail to observe or perform any covenant or condition required in this Assignment or in any agreement, instrument, document, certificate or financial statement evidencing, guarantying, securing or otherwise related to, this Assignment or any other Obligation, or Assignor shall otherwise default in the observance or performance of any covenant or agreement set forth in any of the foregoing for a period of 30 days.

7. Use Prior to Default.

Unless and until an Event of Default shall occur and be continuing, Assignee grants an exclusive license to Assignor to use the Collateral in the ordinary course of its business, subject to the terms and covenants of the Loan Documents and this Agreement.

8. Remedies.

Whenever any Event of Default shall occur and be continuing, the license set forth in the previous section hereof shall terminate and be null and void, and Assignee shall have all the rights and remedies granted to it in such event by the Loan Documents, which rights and remedies are specifically incorporated herein by reference and made a part hereof. Assignee in such event may also collect directly any payments due to Assignor in respect of the Collateral and may sell, license, lease, assign, or otherwise dispose of the Collateral in the manner set forth in the Loan Documents with respect to the disposition of Collateral as defined in the Loan Documents. Assignor agrees that, in the event of any disposition of the Collateral upon any such Event of Default, it will duly execute, acknowledge, and deliver all documents necessary or advisable to record title to the Collateral in any transferee or transferees thereof, including, without limitation, valid, recordable assignments of the Trademarks and Future Trademarks; provided, however, that any transferee of the Trademarks or Future Trademarks shall be an entity which uses the Collateral upon goods or in connection with the rendering of services such as the goods on which or the services in connection with which the Collateral is currently

used by Assignor. In the event Assignor fails or refuses to execute and deliver such documents, Assignor hereby irrevocably appoints Assignee as its attorney-in-fact, with power of substitution, to execute, deliver, and record any such documents on Assignor's behalf.

9. Cumulative Remedies.

The rights and remedies provided herein are cumulative and not exclusive of any other rights or remedies provided by law. The rights and remedies provided herein are intended to be in addition to and not in substitution of the rights and remedies provided by the Loan Documents or any other agreement or instrument delivered in connection therewith.

10. Amendments and Waivers.

This Agreement may not be modified, supplemented, or amended, or any of its provisions waived at the request of Assignor, without the prior written consent of Assignee. Assignor hereby authorizes Assignee to modify this Assignment by amending the Schedules hereto to include any Future Trademarks.

11. Waiver of Rights.

No course of dealing between or among any parties to this Agreement or any failure or delay on the part of any such party in exercising any rights or remedies hereunder shall operate as a waiver of any rights or remedies of such party or any other party and no single or partial exercise of any rights or remedies hereunder shall operate as a waiver or preclude the exercise of any other rights or remedies of such party or any other party. No waiver by Assignee of any breach or default by Assignor shall be deemed a waiver of any other previous breach or default or of any breach or default occurring thereafter.

12. Assignment.

The provisions of this Agreement shall be binding upon and inure to the benefit of the respective successors and assigns of the parties hereto and any other participant in or owner of any of the Obligations; provided, however, that no interest herein or in or to the Collateral may be assigned by Assignor without the prior written consent of Assignee.

13. Enforcement.

Assignee shall have the right but shall in no way be obligated to bring suit in its own name to enforce the Trademarks and Future Trademarks and any license thereunder, in which event Assignor shall at the request of Assignee do any and all lawful acts and execute any and all proper documents required by Assignee in aid of such enforcement and Assignor shall promptly, upon demand, reimburse and indemnify Assignee or its agents for all costs and expenses incurred by Assignee in the exercise of its rights under this Section.

14. Severability.

If any clause or provision of this Agreement shall be held invalid or unenforceable, in whole or in part, in any jurisdiction, such invalidity or unenforceability shall attach only to such clause or provision, or part thereof, and shall not in any manner affect any other clause or provision in any jurisdiction.

15. Governing Law; Jurisdiction.

All acts and transactions hereunder and the rights and obligations of the parties hereto shall be governed, construed and interpreted in accordance with the domestic laws of the State of Assignee's principal place of business applicable to contracts executed and to be performed in such State. ASSIGNEE AND ASSIGNOR HEREBY WAIVE THE RIGHT TO TRIAL BY JURY OF ANY MATTERS ARISING OUT OF THIS ASSIGNMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

16. Joint and Separate Application.

Each and every reference to any and all representations, warranties, covenants and undertakings of Assignor herein, including, but not limited to the Events of Default, shall be deemed to apply to each of the undersigned and any and all guarantors of any of the Obligations, jointly and separately.

IN WITNESS WHEREOF, the parties have caused this Assignment to be duly executed and delivered as of the date first above written.
