**INTELLECTUAL PROPERTY ASSIGNMENT**

**This ASSIGNMENT**, made by Key Energy Services, LLC, a Texas limited liability company (hereinafter referred to as "Assignor");

**WHEREAS**, Assignor has adopted and has used the Marks set forth in Exhibit A (collectively, the "Marks") hereof in the United States and elsewhere, and Assignor is the owner of all right, title and interest in and to the Patents and Patent Applications, and all inventions included therein, set forth in Exhibit B hereof (collectively, the "Patents"); and

**WHEREAS**, Universal Pressure Pumping, Inc., a Delaware corporation (hereinafter referred to as "Assignee"), desires to acquire the entire right, title and interest in the Patents, Marks, and the goodwill of the business associated with the Marks.

**NOW, THEREFORE**, for other good and valuable consideration, receipt of which is hereby acknowledged, Assignor does hereby assign and transfer to the Assignee the entire right, title, and interest in and to the registrations for the Marks, together with the goodwill of the business symbolized by the Marks and the registrations thereof, and all other rights which Assignor has enjoyed thereunder, including any and all rights of recovery based on past infringement of said Marks and/or registrations, the same to be held and enjoyed by the Assignee, its successors, and assigns forever and to the full end of the terms for which any of the aforesaid Marks are registered and any renewals of the terms thereof;

**AND FOR THE SAME CONSIDERATION**, Assignor does hereby sell, assign, transfer and set over, unto Assignee, its successors, legal representatives and assigns, any and all rights, title, and interest Assignor may own in and to the Patents, and in and to any and all related direct and indirect divisions, continuations and continuations-in-part of the Patents, any Patent having its term terminally tied to the Patents, and any and all related Applications for Letters Patent and Letters Patent in the United States, all foreign countries, and all issuing bodies which may be granted therefore and thereon, and reissues, reexaminations and extensions of said Letters Patent, and all rights under the International Convention for the Protection of Industrial Property, and all inventions included therein, the same to be held and enjoyed by Assignee, for

its own use and benefit and the use and benefit of its successors, legal representatives and assigns, to the full end of the term or terms for which Letters Patent may be granted and/or extended, as fully and entirely as the same would have been held and enjoyed by Assignor, had this sale and assignment not been made.

**AND FOR THE SAME CONSIDERATION**, Assignor also hereby covenants and agrees that, at the time of execution and delivery of these presents, the Assignor is the sole and lawful owner of the entire right, title, and interest in and to the said registrations and applications and believes it is the sole and lawful owner of the entire right, title, and interest to the Patents and all inventions included therein, Marks, and the goodwill associated therewith and that the same are unencumbered and that the Assignor has good and full right and lawful authority to sell and convey the same in the manner herein set forth;

**AND FOR THE SAME CONSIDERATION**, Assignor hereby covenants and agrees that the Assignor will, whenever counsel of the Assignee or the counsel of its successors, legal representatives, and assigns shall advise that it is lawful and desirable, sign all papers and documents, deliver necessary documents including original registration certificates, if available, take all lawful oaths, execute separate confirmatory assignments, and do all acts reasonably necessary or desirable to be done for the procurement and maintenance of said Marks and registrations thereof without charge to the Assignee, its successors, legal representatives, and assigns, other than reasonable costs and expenses incurred by the Assignor or any of its employees, agents, and representatives in connection with the foregoing actions.

**AND FOR THE SAME CONSIDERATION**, Assignor hereby covenants and agrees to and with Assignee, its successors, legal representatives and assigns, that Assignor will sign all papers and documents, take all lawful oaths and do all acts necessary or required to be done for the procurement and maintenance of any Letters Patent and Applications for Letters Patent for said inventions, whenever counsel of Assignee, or counsel of its successors, legal representatives and assigns, shall advise: that any proceeding in connection with the Patents or any proceeding in connection with any Letters Patent or Applications for Letters Patent for said inventions in any country or issuing body, including but not limited to interference proceedings, is lawful and desirable; or, that any division, continuation or continuation-in-part of any

Application for Letters Patent, or any reissue, reexamination or extension of any Letters Patent, to be obtained thereon, is lawful and desirable.
