TRADEMARK ASSIGNMENT

This TRADEMARK ASSIGNMENT ("*Assignment*") is entered into as of October 13, 2010, by PROMENS USA, INC., a Delaware corporation ("*Assignor*") in favor of Bonar Plastics, Inc., an Illinois corporation ("*Assignee*").

WHEREAS, Assignor owns all right, title and interest in and to the trademark registrations and applications for registration, identified and set forth on Schedule A attached hereto, and all goodwill associated therewith (collectively, the "*Marks*"); and

WHEREAS, Assignor, Snyder Industries, Inc., a Nebraska corporation ("*Snyder*"), and Promens hf, a corporation organized under the laws of Iceland, are parties to that certain Asset Purchase Agreement, dated September 29, 2010 (the "*Purchase Agreement*"), pursuant to which Assignor has agreed to sell, and Snyder has agree to purchase, certain assets of Assignor, including, without limitation, the Marks; and

WHEREAS, pursuant to that certain Assignment and Assumption Agreement, dated as of the date hereof, by and among Snyder, Indiana Rotomolding, Inc., a Delaware corporation, and Assignee, Snyder assigned and transferred to Assignee, and Assignee accepted from Snyder, all of Snyder's rights and obligations under the Purchase Agreement with respect to the Marks, including, without limitation, the right to purchase the Marks; and

WHEREAS, pursuant to the Purchase Agreement, Assignor wishes to assign to Assignee, and Assignee wishes to acquire from Assignor, all worldwide right, title and interest in and to the Marks; and

WHEREAS, Assignee is the successor to that portion of the assets of the business of the Assignor to which the Marks pertain and such business is ongoing.

NOW, THEREFORE, for good and valuable consideration, the receipt, adequacy and sufficiency of which are hereby acknowledged, Assignor hereby agrees:

1. Assignor hereby irrevocably sells, contributes, transfers, grants, bargains, assigns and conveys to Assignee, free and clear of any and all liens and encumbrances, the entire right, title and interest in, to and under the Marks, together with the goodwill of the business associated therewith, for the United States and for all foreign countries, including, without limitation, any registrations and applications therefor, any renewals and extensions of the registrations and all corresponding rights that are or may be secured under the laws of the United States or any foreign country, now or hereafter arising or in effect, for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns and other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made, together with all rights to collect royalties, products and proceeds in connection with any of the foregoing and all rights to sue for past, present or future infringement, misappropriation, unfair competition, dilution or other violation of the foregoing, and all rights to recover damages or lost profits in connection therewith, and all rights corresponding thereto throughout the world.

2. Assignor hereby requests the Commissioner of Patents and Trademarks in the United States Patent and Trademark Office to record Assignee as the assignee and owner of the Marks and to deliver to Assignee, and to Assignee's attorneys, agents, successors or assigns, all official documents and communications as may be warranted by this Assignment.
3. Assignor shall provide Assignee, its successors and assigns, and their legal representatives such information, documents and assistance as Assignee or any such other person or entity may reasonably request (including, without limitation, execution and delivery of any affidavits, declarations, oaths or other documents as may reasonably be required) in connection with effectuating and implementing this Assignment.
4. This Assignment shall be governed by and construed in accordance with the laws of the State of New York.
5. This Assignment may be signed in counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.
6. This Assignment is entered into pursuant to the Purchase Agreement, to which reference is made for a further statement of the rights and obligations of Assignor and Assignee with respect to the Marks.
