PATENT AND TRADEMARK SECURITY AGREEMENT

This PATENT AND TRADEMARK SECURITY AGREEMENT (this "*Agreement*") is made September 30, 2010, by and among WEBCORE IP, INC., an Ohio corporation ("*WEB CORP*"), and WEBCORE TECHNOLOGIES, LLC, an Ohio limited liability company ("*WEB LLC*") and together with WEB CORP, each a "*Borrower*" and collectively the "*Borrowers*"), and SAMUEL G. RASMUSSEN ("*Lender*").

RECITALS

WHEREAS, pursuant to that certain Loan Agreement of even date herewith (as amended, restated, supplemented or otherwise modified from time to time, including all exhibits and schedules thereto, the "*Loan Agreement*") between Borrowers and Lender, who agreed to make the Loan to Borrowers pursuant to the terms and conditions thereof;

WHEREAS, Lender is willing to make the Loan to Borrowers as provided for in the Loan Agreement, but only upon the condition, among others, that Borrowers shall have executed and delivered to Lender that certain Security Agreement of even date herewith (including all annexes, exhibits or schedules thereto, as from time to time amended, restated, supplemented or otherwise modified, the "*Security Agreement*"); and

WHEREAS, pursuant to the Loan Agreement, Borrowers are required to execute and deliver to Lender this Agreement.

AGREEMENT

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Borrowers hereby agree as follows:

1. **DEFINED TERMS.** All capitalized terms used but not otherwise defined herein have the meanings given to them in the Security Agreement and/or the Loan Agreement, as applicable.

2. **GRANT OF SECURITY INTEREST IN PATENT AND TRADEMARK COLLATERAL.** Each Borrower hereby assigns to the Lender for collateral purposes and grants to Lender a continuing security interest in all of such Borrower's right, title and interest in, to and under the following, whether presently existing or hereafter created or acquired (collectively, the "*Patent and Trademark Collateral*");

(a) all of such Borrower's material patents and trademarks, and rights in or to any other patents or trademarks licensed to such Borrower, including those referred to on Schedule I hereto;

(b) all reissues, continuations, continuations-in-part, substitutes, extensions, modifications, renewals of, or improvements on, the foregoing;

(c) all goodwill of the business connected with the use of, or symbolized by, each trademark of such Borrower or each trademark licensed to such Borrower; and

(d) all products and proceeds of the foregoing, including, without limitation, (i) any claim by such Borrower against third parties for past, present or future infringement or dilution of any patent or trademark or any patent or trademark licensed to such Borrower or (ii) any injury to the goodwill associated with any trademark of such Borrower or any trademark licensed to such Borrower.

3. SECURITY AGREEMENT. The security interests granted pursuant to this Agreement are granted in conjunction with the security interests granted to Lender pursuant to the Security Agreement. Borrowers hereby acknowledge and affirm that the rights and remedies of Lender with respect to the security interest in the Patent and Trademark Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

4. AUTHORIZATION TO SUPPLEMENT. If a Borrower shall obtain rights to any new patentable inventions or trademarks, or become entitled to the benefit of any patent application or patent for any reissue, division, or continuation, of any patent, the provisions of this Agreement shall automatically apply thereto. Such Borrower shall give prompt notice in writing to Lender with respect to any such new patent or trademark rights. Without limiting the Borrowers' obligations under this Section 4, Borrowers' hereby authorize Lender unilaterally to modify this Agreement by amending Schedule I to include any such new patent or trademark rights. Notwithstanding the foregoing, no failure to so modify this Agreement or amend Schedule I shall in any way affect, invalidate or detract from Lender's continuing security interest in all Collateral, whether or not listed on Schedule I.

5. SUBORDINATION. This Agreement is subject to the terms and conditions of one or more Subordination Agreements, as defined in the Loan Agreement.

6. COUNTERPARTS. This Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original, but all such separate counterparts shall together constitute but one and the same instrument. In proving this Agreement or any other Loan Document in any judicial proceedings, it shall not be necessary to produce or account for more than one such counterpart signed by the party against whom such enforcement is sought. Any signatures delivered by a party by facsimile transmission or by e-mail transmission shall be deemed an original signature hereto.

(Signature(s) on following page(s).)
