TRADEMARK SECURITY AGREEMENT

THIS TRADEMARK SECURITY AGREEMENT, dated as of December 3, 2010, is made by Thermadyne Holdings Corporation (the "Issuer") each of the other entities listed on the signature pages hereof (together with the Issuer, each a "Grantor" and, collectively, the "Grantors"), in favor of U.S. Bank National Association ("US Bank"), as collateral trustee (in such capacity, together with its successors and permitted assigns, "Collateral Trustee") for the Secured Parties (as defined in the Security Agreement referred to below).

WITNESSETH:

WHEREAS, the Issuer has issued 9.00% Senior Secured Notes due 2017 (the "Notes") pursuant to that certain indenture, dated as of the date hereof (as it may be amended, restated, supplemented or otherwise modified, refinanced or replaced from time to time, the "Indenture"), by and among the Issuer, the Grantors party thereto, and U.S. Bank National Association, as trustee;

WHEREAS, each Grantor has agreed, pursuant to the Security Agreement of even date herewith in favor of Collateral Trustee (as such agreement may be amended, restated, supplemented or otherwise modified from time to time, the "Security Agreement"), to guarantee the Obligations (as defined in the Indenture) of such Grantor under the Indenture; and

WHEREAS, all of the Grantors are party to the Security Agreement pursuant to which the Grantors are required to execute and deliver this Trademark Security Agreement;

NOW, THEREFORE, in consideration of the premises and the agreements, provisions and covenants contained in the Indenture and in this Trademark Security Agreement, each Grantor and Collateral Trustee agree as follows:

Section 1. Defined Terms. Capitalized terms used herein without definition are used as defined in the Security Agreement.

Section 2. Grant of Security Interest in Trademark Collateral. Each Grantor, as collateral security for the prompt and complete payment and performance when due (whether at stated maturity, by acceleration or otherwise) of the Secured Obligations of such Grantor hereby grants to Collateral Trustee for the benefit of the Secured Parties a Lien (as defined in the Indenture) on and security interest in, all of its right, title and interest in, to and under the following Collateral of such Grantor (the "Trademark Collateral"):

1. all Trademarks owned by such Grantor including, without limitation, those referred to on Schedule 1 hereto;

2. all renewals and extensions of the foregoing;
3. all goodwill of the business connected with the use of, and symbolized by, each such Trademark; and
4. all income, royalties, proceeds and Liabilities at any time due or payable or asserted under and with respect to any of the foregoing, including, without limitation, all rights to sue and recover at law or in equity for any past, present and future infringement, misappropriation, dilution, violation or other impairment thereof.

Section 3. Security Agreement. The security interest granted pursuant to this Trademark Security Agreement is granted in conjunction with the security interest granted to Collateral Trustee pursuant to the Security Agreement and each Grantor hereby acknowledges and agrees that the rights and remedies of Collateral Trustee with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

Section 4. Grantor Remains Liable. Each Grantor hereby agrees that, anything herein to the contrary notwithstanding, such Grantor shall assume full and complete responsibility for the prosecution, defense, enforcement or any other necessary or desirable actions in connection with their Trademarks and IP Licenses included in the Collateral subject to any security interest granted hereunder.

Section 5. Counterparts. This Trademark Security Agreement may be executed in any number of counterparts and by different parties in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Signature pages may be detached from multiple separate counterparts and attached to a single counterpart.

Section 6. Governing Law. This Trademark Security Agreement and the rights and obligations of the parties hereto shall be governed by, and construed and interpreted in accordance with, the law of the State of New York.

Section 7. Intercreditor Agreement. Notwithstanding anything herein to the contrary, the liens and security interests granted to U.S. Bank National Association, as Collateral Trustee, pursuant to this Agreement and the exercise of any right or remedy by the Collateral Trustee hereunder, are subject to the provisions of the Intercreditor Agreement, dated as of December 3, 2010 (as amended, restated, supplemented or otherwise modified from time to time, the "Intercreditor Agreement"), among General Electric Capital Corporation, as the Initial ABL Agent, and U.S. Bank National Association, as Collateral Trustee. In the event of any conflict between the terms of the Intercreditor Agreement and the terms of this Agreement, the terms of the Intercreditor Agreement shall govern and control.

[SIGNATURE PAGES FOLLOW]

IN WITNESS WHEREOF, each Grantor has caused this Trademark Security Agreement to be executed and delivered by its duly authorized officer as of the date first set forth above.
