## **INTELLECTUAL PROPERTY SECURITY AGREEMENT**

This Intellectual Property Security Agreement (this "**IP Security Agreement**") is made and effective as of December 9, 2010, by and among **MORTON'S RESTAURANT GROUP, INC.**, a Delaware corporation ("**Holdings**"), **MORTON'S OF CHICAGO, INC.**, an Illinois corporation ("**Company**"), **EACH OF THE UNDERSIGNED** (together with Holdings and Company, collectively the "**Grantors**" and individually, jointly and severally, each a "**Grantor**"), in favor of **GOLDMAN SACHS BANK USA**, as collateral agent for the Secured Parties (as defined in the Pledge and Security Agreement described below) (together with its successors and assigns in such capacity, "**Collateral Agent**"). Capitalized terms used in this IP Security Agreement and not otherwise defined shall have the respective meanings ascribed to such terms in the Credit Agreement (defined below).

### **RECITALS**

**WHEREAS**, pursuant to that certain Credit and Guaranty Agreement, dated as of the date hereof, by and among the Grantors, Goldman Sachs Bank USA, as Administrative Agent, Collateral Agent and Lead Arranger, and the Lenders party thereto from time to time (the "**Lenders**") (as amended, amended and restated, supplemented and/or otherwise modified from time to time, the "**Credit Agreement**"), the Lenders have agreed, subject to the terms and conditions set forth therein, to extend credit and make other financial accommodations to the Company; and

**WHEREAS**, in consideration of the extensions of credit and other accommodations of the Lenders as set forth in the Credit Agreement, each Grantor has granted to Collateral Agent, for the benefit of the Secured Parties, a continuing security interest in, among other property, all Intellectual Property (pursuant to and as defined in that certain Pledge and Security Agreement dated as of the date hereof, by and among the Grantors, Collateral Agent and the Lenders party thereto, as amended, amended and restated, supplemented and/or otherwise modified from time to time, the "**Pledge and Security Agreement**"), and has agreed as a condition thereof to execute this IP Security Agreement for recording with the United States Patent and Trademark Office, the United States Copyright Office and other Governmental Authorities;

**NOW, THEREFORE**, in consideration of the willingness of Collateral Agent and the Lenders to enter into the Credit Agreement and for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, it is hereby agreed as follows:

1. **Grant of Security Interest.** To secure the prompt and complete payment and performance in full of the Obligations under the Credit Documents of each Grantor when the same shall become due, whether at stated maturity, by required prepayment, declaration, acceleration, demand or otherwise (including amounts that would become due but for the operation of the automatic stay under Section 362(a) of the Bankruptcy Code, 11 U.S.C. §362(a) (and any successor provision thereof)), each Grantor hereby grants to Collateral Agent, for the ratable benefit of the Secured Parties, a continuing security interest in all of the right, title and interest of such Grantor in and to any and all of the following collateral, whether now owned or

hereafter acquired, but excluding any Excluded Intellectual Property (as defined below) (the “**IP Collateral**”):

(a) The U.S. and foreign copyrights, associated copyright registrations and applications for copyright registration, set forth on Schedule A attached hereto (collectively, the “**Copyrights**”);

(b) The U.S. and foreign patents and patent applications set forth on Schedule B attached hereto, including, without limitation, divisions, continuations, reissues, extensions and continuations-in-part of the same (collectively, the “**Patents**”);

(c) The U.S., state and foreign trademark and service mark registrations, trademark and service mark applications set forth on Schedule C attached hereto and all goodwill associated with the foregoing (collectively, the “**Trademarks**”);

(d) The domain names and registrations set forth on Schedule D attached hereto and all goodwill associated with the foregoing (collectively, the “**Domain Names**”);

(e) Any and all claims and causes of action for past, present or future infringement of any of the foregoing, with the right, but not the obligation, to sue for and collect damages for infringement of the foregoing;

(f) Any and all licenses or rights granted under any of the foregoing, and all license fees and royalties arising from such licenses or rights, in each case to the extent permitted by such licenses or rights;

(g) Any and all amendments, renewals, extensions, reissuances and replacements of any of the foregoing; and

(h) Any and all products and proceeds of any of the foregoing.

Notwithstanding the foregoing, the IP Collateral shall not include any of the foregoing if and to the extent that the grant of a security interest therein: (i) is prohibited by any statute, law, rule, regulation, order or other requirement of a Governmental Authority, (ii) requires a consent not obtained of any Governmental Authority pursuant to such statute, law, rule, regulation, order or other requirement, or is prohibited by, constitutes a breach or default under, or results in the termination of, any contract, lease, license, agreement, instrument or other document evidencing or giving rise to such property (other than to the extent such statute, law, rule, regulation, order or other requirement, or the term in such contract, lease, license, agreement, instrument or other document providing for such prohibition, breach, default or termination is ineffective under applicable law); provided however that, the IP Collateral shall include and such security interest shall attach immediately to any applicable portion of the property described in clauses (i) and (ii) at such time as the condition causing such prohibition, breach, default or termination shall be remedied and to the extent severable, shall attach immediately to any portion of such property to the extent that such attachment does not result in any of the consequences specified in clauses (i) and (ii) above, or (iii) would result in the invalidation thereof with respect to any intent-to-use Trademark application for which an amendment to allege use or statement of use has not been filed under 15 U.S.C. § 1051(d), respectively, or if filed, has not been deemed in conformance

with 15 U.S.C. § 1051(a) or examined and accepted, respectively, by the United States Patent and Trademark Office, solely to the extent that, and solely during the period in which, the grant of a security interest therein would impair the validity or enforceability of any registration that issues from such intent-to-use application under applicable federal law, whereupon such applications shall be automatically subject to the Lien granted herein and deemed included in the IP Collateral (all of the foregoing in this sentence being referred to collectively as the “**Excluded Intellectual Property**”). Notwithstanding the foregoing, the IP Collateral shall include all Proceeds of any Excluded Intellectual Property, unless such Proceeds separately constitute Excluded Intellectual Property.

2. **Requested Recordation.** Each Grantor authorizes and requests that the Register of Copyrights and the Commissioner of Patents and Trademarks (and any state, foreign or other authority to which this IP Security Agreement is submitted) file and record this IP Security Agreement (and any corresponding or separate forms of such jurisdiction) in order to publicly reflect the interests of the Secured Parties in the IP Collateral.

3. **Release.** Unless otherwise agreed in writing by the parties, the security interests granted herein will terminate (and all rights to the IP Collateral will revert to each of the Grantors) upon satisfaction of the following conditions: the payment in full of all Obligations (other than with respect to contingent rights to indemnification for which no claims are pending) and the cancellation or termination of all commitments under the Credit Agreement. Upon any such termination, Collateral Agent (at the Grantors’ request and sole expense) will promptly execute and deliver to the Grantors (with such customary representations and warranties from a secured lender releasing its lien as Grantor may reasonably request) such documents as the Grantors may reasonably request and as are provided to Collateral Agent to evidence such termination.

4. **Miscellaneous.**

(a) This IP Security Agreement has been entered into in conjunction with the provisions of and the security interest granted to Collateral Agent, for the ratable benefit of the Secured Parties, under the Pledge and Security Agreement. The rights and remedies of the Grantors and Collateral Agent with respect to the security interests granted herein are in addition and without prejudice to those set forth in the Pledge and Security Agreement, all terms and provisions of which are hereby incorporated herein by reference. If any provisions of this IP Security Agreement are deemed to conflict with the Pledge and Security Agreement, the provisions of the Pledge and Security Agreement shall govern.

(b) This IP Security Agreement may be executed in any number of counterparts with the same effect as if all the signatures on such counterparts appeared on one document. Each such counterpart will be deemed to be an original, but all counterparts together will constitute one and the same instrument. Delivery of an executed counterpart of a signature page of this IP Security Agreement by facsimile or other electronic transmission shall be effective as delivery of an original manually executed counterpart of this IP Security Agreement.
