AMENDED AND RESTATED TRADEMARK SECURITY AGREEMENT

This **AMENDED AND RESTATED TRADEMARK SECURITY AGREEMENT** (this "Trademark Security Agreement") is made this 23rd day of December 2010, by and among Grantors listed on the signature pages hereof (collectively, jointly and severally, "Grantors" and each individually "Grantor"), **WELLS FARGO BANK, NATIONAL ASSOCIATION**, a national banking association ("WFB"), as Administrative Agent on behalf and for the benefit of the Secured Parties (in such capacity, together with its successors and assigns in such capacity, "Administrative Agent").

WITNESSETH:

WHEREAS, pursuant to that certain Second Amended and Restated Credit Agreement dated December 23, 2010 (as amended, restated, supplemented, or otherwise modified from time to time, the "Credit Agreement") by and among Precision Dynamics Corporation, a California corporation, as borrower ("Borrower"), the several financial institutions from time to time party thereto as "Lenders" (such Lenders, together with their respective successors and assigns in such capacity, each, individually, a "Lender" and, collectively, the "Lenders"), Administrative Agent, and WFB in its capacity as L/C Issuer, the Lending Parties have agreed to make certain financial accommodations available to Borrower from time to time pursuant to the terms and conditions thereof;

WHEREAS, the Lending Parties are willing to make the financial accommodations to Borrower as provided for in the Credit Agreement, but only upon the condition, among others, that Grantors shall have executed and delivered to Administrative Agent, for the benefit of the Lending Parties, that certain Second Amended and Restated Security Agreement, dated as of December 23, 2010 (including all annexes, exhibits or schedules thereto, as from time to time amended, restated, supplemented, or otherwise modified, the "Security Agreement");

WHEREAS, one of the Grantors under this Trademark Security Agreement, Precision Dynamics Corporation, and WFB, as secured party thereunder, previously entered into that certain Trademark Security Agreement, dated as of November 3, 2008 (the "Precision Trademark Security Agreement") in order to, among other things, secure its obligations under and with respect to the Original Credit Agreement (as defined in the Credit Agreement);

WHEREAS, one of the Grantors under this Trademark Security Agreement, Timemed Labeling Systems, Inc., and WFB, as secured party thereunder, previously entered into that certain Trademark Security Agreement, dated as of November 3, 2008 (the "Timemed Trademark Security Agreement," and together with Precision Trademark Security Agreement, collectively, the "Existing Trademark Security Agreement") in order to, among other things, secure its obligations under and with respect to the Original Credit Agreement (as defined in the Credit Agreement);

WHEREAS, it is a condition precedent to the extension of credit by the Lenders under the Credit Agreement that Grantors (a) shall amend, restate and modify, but not extinguish, the Existing Trademark Security Agreement in its entirety as hereinafter set forth and (b) shall have granted the security interests contemplated by this Trademark Security Agreement; and

WHEREAS, pursuant to the Security Agreement, Grantors are required to execute and deliver to Administrative Agent, for the benefit of Lending Parties, this Trademark Security Agreement;

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor hereby agrees as follows:

1. DEFINED TERMS. All initially capitalized terms used but not otherwise defined herein have the meanings given to them in the Security Agreement or, if not defined therein, in the Credit Agreement.

2. GRANT OF SECURITY INTEREST IN TRADEMARK COLLATERAL. Each Grantor hereby grants, collaterally assigns, and pledges to Administrative Agent, for the benefit of each of the Lending Parties, to secure the Obligations, a continuing security interest (referred to in this Trademark Security Agreement as the “Security Interest”) in all of such Grantor’s right, title and interest in and to the following, whether now owned or hereafter acquired or arising (collectively, the “Trademark Collateral”):

(a) all of its Trademarks and Trademark Intellectual Property Licenses to which it is a party including those referred to on Schedule I hereto;

(b) all goodwill of the business connected with the use of, and symbolized by, each Trademark and each Trademark Intellectual Property License; and

(c) all products and proceeds (as that term is defined in the Code) of the foregoing, including any claim by such Grantor against third parties for past, present or future (i) infringement or dilution of any Trademark or any Trademarks exclusively licensed under any Intellectual Property License, including right to receive any damages, (ii) injury to the goodwill associated with any Trademark, or (iii) right to receive license fees, royalties, and other compensation under any Trademark Intellectual Property License.

3. SECURITY FOR OBLIGATIONS. This Trademark Security Agreement and the Security Interest created hereby secures the payment and performance of the Obligations, whether now existing or arising hereafter. Without limiting the generality of the foregoing, this Trademark Security Agreement secures the payment of all amounts which constitute part of the Obligations and would be owed by Grantors, or any of them, to Administrative Agent, the Lending Parties, or any of them, whether or not they are unenforceable or not allowable due to the existence of an Insolvency Proceeding involving any Grantor.

4. SECURITY AGREEMENT. The Security Interest granted pursuant to this Trademark Security Agreement is granted in conjunction with the security interests granted to Administrative Agent, for the benefit of the Lending Parties, pursuant to the Security Agreement. Each Grantor hereby acknowledges and affirms that the rights and remedies of Administrative Agent with respect to the Security Interest in the Trademark Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. To the extent there is any inconsistency between this Trademark Security Agreement and the Security Agreement, the Security Agreement shall control.

5. AUTHORIZATION TO SUPPLEMENT. If any Grantor shall obtain rights to any new trademarks, the provisions of this Trademark Security Agreement shall automatically apply thereto. Grantors shall give prompt notice in writing to Administrative Agent with respect to any such new trademarks or renewal or extension of any trademark registration. Without limiting Grantors’ obligations under this Section, Grantors hereby authorize Administrative Agent unilaterally to modify this Trademark Security Agreement by amending Schedule I to include any such new trademark rights of each Grantor. Notwithstanding the foregoing, no failure to so modify this Trademark Security Agreement or amend Schedule I shall in any way affect, invalidate or detract from Administrative Agent’s continuing security interest in all Collateral, whether or not listed on Schedule I.

6. COUNTERPARTS. This Trademark Security Agreement may be executed in any number of counterparts and by different parties on separate counterparts, each of which, when executed and delivered, shall be deemed to be an original, and all of which, when taken together, shall constitute but one and the same Trademark Security Agreement. Delivery of an executed counterpart of this Trademark Security Agreement by telefacsimile or other electronic method of transmission shall be equally as effective as delivery of an original executed counterpart of this Trademark Security Agreement.
