ASSIGNMENT OF TRADEMARKS

This Assignment Agreement ("Assignment Agreement") is made effective as of November 1, 2010 (the "Effective Date") by and between Biogen Idec MA Inc., a Massachusetts corporation (the "Assignor") and Cardiokine Biopharma, LLC, a Delaware limited liability company ("Assignee").

WHEREAS, Assignor and Assignee are parties to that certain Termination Agreement dated ___, 2010, pursuant to which Assignor conveyed, assigned and transferred to Assignee, among other assets, the entire title, rights, interests, benefits, and privileges in and to LIXALEV, LIXITOL, and any other trademarks and product logos, and any applications and registrations therefor, throughout the world, related solely to the applicable Licensed Products in the applicable jurisdictions, owned or purported to be owned by Assignor, including but not limited to those specified on Exhibit A hereto (collectively, the "Assigned Trademarks"). Capitalized terms used but not defined in this Assignment Agreement shall have the respective meanings ascribed to such terms in the Termination Agreement.

WHEREAS, Assignee is the successor to that portion of Assignor's business to which the Assigned Trademarks pertain.

NOW, THEREFORE, for valuable consideration furnished, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby, without reservation:

1. Assigns, transfers, and conveys, and confirms that it has assigned, transferred, and conveyed to Assignee as successor to that part of the business of Assignor to which the Assigned Trademarks pertain, the whole entire right, title, and interest in and to the Assigned Trademarks, including all goodwill associated therewith, and the right to sue for and the remedies resulting from past and future infringement of the foregoing, and rights of protection of interest therein under the Laws of all jurisdictions.
2. Authorizes and requests the Commissioner of Patents and Trademarks of the United States of America and the empowered officials of all other governments to issue or transfer all Assigned Trademarks to Assignee, as assignee of the entire right, title, and interest therein or otherwise as Assignee may direct.
3. Covenants, agrees and undertakes to execute, wherever requested by the Assignee, all assignments, lawful oaths and any other papers which Assignee may deem necessary or desirable for securing to Assignee or for maintaining for Assignee any and all of the Assigned Trademarks, all without further compensation to the Assignor, including the prompt preparation of confirmatory assignments reasonably acceptable to Assignee and suitable for recording at applicable trademark offices in applicable jurisdictions, having them recorded so as to update title in the name of Assignee, all at Assignor's expense.
4. Agrees that upon request and, at the expense (after the Transition Period) of Assignee or its successors or assigns or a legal representative thereof, to supply all information and evidence of which the Assignor has knowledge or possession relating to the

Assigned Trademarks (and the business identified by the Assigned Trademarks), and to testify in any legal proceeding relating thereto.

5. Hereby constitutes and appoints Assignee as Assignor's true and lawful attorney in fact, with full power of substitution in Assignor's name and stead, but for Assignee's benefit, to take any and all steps, including proceedings at Law, in equity or otherwise to execute, acknowledge and deliver any and all instruments and assurances necessary or expedient in order to vest the aforesaid Assigned Trademarks and causes of action more effectively in Assignee or to protect the same, or to enforce any claim or right of any kind with respect thereto. This includes any rights with respect to the Assigned Trademarks that may have accrued in Assignor's favor up to the effective date of this Assignment Agreement. Assignor hereby declares that the foregoing power is coupled with an interest and is irrevocable.

This Assignment Agreement may be executed in counterparts, and by fax or PDF, each of which will be deemed an original, but all of which together constitute one and the same original.
