1. Defined Terms. Unless otherwise defined herein, the capitalized terms used herein shall have the meanings specified in the Pledge and Security Agreement.

2. Incorporation of the Purchase Agreement. The Purchase Agreement and the terms and provisions thereof are hereby incorporated herein in their entirety by this reference thereto.

3. Security Interest in Trademarks and Licenses. To secure a prompt, complete and timely payment, performance and satisfaction of all of the Secured Obligations, each Grantor hereby grants to Grantees, for the ratable benefit of the Grantees, a continuing security interest in, as and by way of a second mortgage and security interest having priority over all other security interests except for the security interest in favor of Senior Agent securing the Senior Debt (as defined in the Purchase Agreement), with power of sale to the extent permitted by applicable law, all of such Grantor's now owned or existing or hereafter acquired or arising:

Notwithstanding the foregoing, with respect to the Grantors, the payment and performance of the Secured Obligations shall not be secured by (and the definition of Trademark Collateral is hereby

limited to exclude): (a) any contract, license, permit or franchise where the third party to such agreement asserts (and it is determined that) such contract, license, permit or franchise validly prohibits the creation by the Grantors of a security interest in such contract, license, permit or franchise (or in any rights or property obtained by the Grantors under such contract, license, permit or franchise), in which case the security granted hereunder in such contract, license, permit or franchise, shall be deemed not to have been granted, ab initio; or (b) any rights or property to the extent that any valid and enforceable law or regulation applicable to such rights or property prohibits the creation of a security interest therein; provided, however, that the provisions of this paragraph shall not prohibit the creation of a security interest under this Agreement to the extent that Article 9 of the UCC is effective to permit the creation of such security interest notwithstanding the prohibitions referred to above; provided, further, that the provisions of this paragraph shall not prohibit the security interests created by this Agreement from extending to the proceeds of such contract, license, permit, franchise or rights or property or to the monetary value of the good will and other General Intangibles of the Grantors related thereto. Each Grantor represents and warrants to the Grantees that such Grantor does not have knowledge of any contract, license, permit, franchise, rights or properties of third parties that would prohibit the creation of a security interest therein.

4. New Trademarks and Licenses. Each Grantor hereby represents and warrants to Grantees that (i) Schedule A sets forth all of the Trademarks owned by such Grantor as of the date of this Agreement, (ii) Schedule B sets forth all of the Licenses held by such Grantor as of the date of this Agreement and (iii) no other liens, claims or security interests have been granted by such Grantor to any other Person in such Trademarks and Licenses except as permitted under Section 9.3 of the Purchase Agreement. Each Grantor hereby agrees that if, prior to the termination of this Agreement, such Grantor shall obtain rights to any new Trademarks, file any application for registration thereof, become entitled to the reissue, division, continuation, renewal, extension or continuation-in-part of any Trademark or Licenses, or enter into any new License, then (i) the provisions of this Agreement shall automatically apply thereto, (ii) such Grantor shall promptly furnish written notice thereof to Grantees together with information sufficient to permit Grantees, upon their receipt of such notice, to modify this Agreement, as appropriate, by amending Schedules A and/or B, as appropriate, and (iii) such Grantor shall execute and deliver, with regard to any Trademarks, any agreements, instruments and documents that Grantees may reasonably request from time to time to further effect and confirm the assignment and grant of security interest created by this Agreement in such Trademarks, and such Grantor hereby appoints each Grantee, at all times during the continuance of a Default, its attorney-in-fact to execute, deliver and record any and all such agreements, instruments and documents for the foregoing purposes, all acts of such attorney being hereby ratified and confirmed and such power, being coupled with an interest, shall be irrevocable for so long as this Agreement shall be in effect with respect to such Grantor.

5. Royalties. Each Grantor hereby agrees that the use by Grantees of the Trademarks and Licenses as authorized hereunder shall be coextensive with such Grantor's rights thereunder and with respect thereto and without any liability for royalties or other related charges from Grantees to such Grantor.

6. Termination of Grantees' Security Interest. This Agreement is made for collateral security purposes only. Upon payment in full of all of the Secured Obligations and termination of the Purchase Agreement, this Agreement shall terminate. Following such termination, Grantees shall, upon the request of any Grantor, execute a written release confirming the termination and any and all other documents reasonably requested by such Grantor or the United States Patent and Trademark Office or any similar office or agency in any state, province or county, in connection with such termination.

7. Duties of the Grantors. Each Grantor shall (i) prosecute diligently any Trademark or service mark application, if any, that is part of the Trademarks pending as of the date hereof or thereafter until the termination of this Agreement, (ii) make application on registrable trademarks or service marks as such Grantor deems appropriate, and (iii) take all reasonable steps to preserve and maintain all of such Grantor's rights in the registered Trademarks and Licenses whether now existing or hereafter acquired or arising, including, without limitation, making timely filings with regard to registered Trademarks with the United States Patent and Trademark Office or any similar office or agency in any state, province or country or renewals and extensions and diligently monitoring unauthorized use hereof.

8. Grantees' Right to Sue. After the occurrence and during the continuation of a Default, the Required Holders (as defined in the Purchase Agreement) shall have the right, but shall in no way be obligated, to bring suit in their own name to enforce the Trademarks or Licenses and, if the Required Holders shall commence any such suit, each Grantor shall, at the request of the Required Holders, do any and all lawful acts and execute any and all proper documents required by the Required Holders in aid of such enforcement. Each Grantor shall, upon demand, promptly reimburse Grantees for all costs incurred by Grantees in the exercise of such enforcement (including, without limitation, reasonable attorneys' fees).

9. Waivers. No course of dealing between any Grantor and any Grantee and no failure or delay on the part of Grantees to exercise, or delay in exercising, any right, power or privilege hereunder, under the Purchase Agreement or under any other agreement, shall operate as a waiver of any of Grantees' rights, powers or partial exercise of any right, power or privilege hereunder, under the Purchase Agreement or under any other agreement.

10. Modification. This Agreement may not be altered, amended or modified in any way, except as specifically provided herein or by a writing signed by Grantors and Grantees.

11. Cumulative Remedies; Power of Attorney. All of the rights and remedies of Grantees with respect to the Trademarks or Licenses, whether established hereby, by any other agreements or by law, shall be cumulative and may be exercised singularly or concurrently. After the occurrence and during the continuance of a Default, each Grantor hereby appoints each Grantee and all Persons as such Grantee may designate, in its sole and absolute discretion, as such Grantor's attorney-in-fact, with full authority in the place and stead of such Grantor and in the name of such Grantor or otherwise, to take any action and to execute any instrument which such Grantee may deem necessary or advisable to accomplish the purposes of this Agreement; provided, however, no Grantee shall exercise the foregoing rights without the prior written

approval of the Required Holders. Each Grantor hereby ratifies all that such attorney-in-fact shall lawfully do or cause to be done by virtue hereof. This power of attorney is coupled with an interest and shall be irrevocable until all of the Secured Obligations shall have been paid in full and all financing arrangements between Grantees and the Grantors shall have been terminated. Each Grantor acknowledges and agrees that this Agreement is not intended to limit or restrict in any way the rights and remedies of Grantees under the Purchase Agreement or any of the other Investment Documents, but rather is intended to facilitate the exercise of such rights and remedies given it by the terms of this Agreement, all rights and remedies allowed by law and the rights and remedies of a secured party under the Uniform Commercial Code as enacted in any jurisdiction in which the Trademarks or Licenses may be located or deemed located.

12. Binding Effect; Benefits. This Agreement shall be binding upon each Grantor and its successors and assigns, and shall inure to the benefit Grantees and their respective nominees, successors or assigns. Each Grantor's successors and assigns shall include, without limitation, a receiver, trustee or debtor-in-possession of or for such Grantor. No Grantor shall assign its obligations hereunder without Grantees' prior written consent.

13. Severability. Whenever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement shall be held invalid or prohibited under applicable law, such provision shall be ineffective only to the extent of such invalidity or prohibition, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

14. GOVERNING LAW; WAIVER OF JURY TRIAL. THIS AGREEMENT SHALL BE GOVERNED BY, AND BE CONSTRUED AND INTERPRETED IN ACCORDANCE WITH, THE INTERNAL LAWS AND DECISIONS OF THE STATE OF ILLINOIS, WITHOUT REGARD TO CONFLICT OF LAWS PROVISIONS. EACH GRANTOR AND GRANTEE HEREBY WAIVES ITS RESPECTIVE RIGHTS TO A JURY TRIAL OF ANY CLAIM OR CAUSE OF ACTION BASED UPON OR ARISING OUT OF OR RELATED TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY, IN ANY ACTION, PROCEEDING OR OTHER LITIGATION OF ANY TYPE BROUGHT BY ANY OF THE PARTIES AGAINST THE OTHER PARTY, WHETHER WITH RESPECT TO CONTRACT CLAIMS, TORT CLAIMS OR OTHERWISE. GRANTORS AND GRANTEES EACH AGREE THAT ANY SUCH CLAIM OR CAUSE OF ACTION SHALL BE TRIED BY A COURT TRIAL WITHOUT A JURY. WITHOUT LIMITING THE FOREGOING, THE PARTIES FURTHER AGREE THAT THEIR RESPECTIVE RIGHT TO A TRIAL BY JURY IS WAIVED BY OPERATION OF THIS SECTION AS TO ANY ACTION, COUNTERCLAIM OR OTHER PROCEEDING WHICH SEEKS, IN WHOLE OR IN PART, TO CHALLENGE THE VALIDITY AND ENFORCEABILITY OF THIS AGREEMENT OR ANY PROVISIONS HEREOF. THIS WAIVER SHALL APPLY TO ANY SUBSEQUENT AMENDMENTS, RENEWALS, SUPPLEMENTS OR MODIFICATIONS TO THIS AGREEMENT.

15. Notices. All notices or other communications required or desired to be served, given or delivered hereunder shall be served, given or delivered and shall be deemed to have been validly served, given or delivered in accordance with Section 13.2 of the Purchase Agreement.

16. Duty of Grantees. Grantees shall not be liable for any actions, omissions, errors of judgment or mistakes of fact or law with respect to the Trademarks or Licenses except as a result of the gross negligence or willful misconduct of Grantees. Without limiting the generality of the foregoing, Grantees shall not be under any obligation to take any action necessary to preserve rights of any Grantor in the Trademarks or Licenses against any other Persons but may do so at their option, and all expenses incurred in connection therewith shall be for the sole account of Grantors and added to the Secured Obligations secured hereby.

17. Section Headings. The section headings herein are for convenience of reference only, and shall not affect in any way the interpretation of any of the provisions hereof.

18. Subordination Agreement. THIS INSTRUMENT IS SUBJECT TO THE TERMS OF THE SUBORDINATION AGREEMENT IN FAVOR OF WELLS FARGO BANK, NATIONAL ASSOCIATION AND EACH HOLDER (AS DEFINED IN THE PURCHASE AGREEMENT), BY ITS ACCEPTANCE HEREOF, SHALL BE BOUND BY THE PROVISIONS OF THE SUBORDINATION AGREEMENT.
