ASSIGNMENT OF PROPRIETARY RIGHTS

This Assignment of Proprietary Rights (this "Agreement") is made as of June 9, 2010, between Illinois Tool Works Inc., a Delaware corporation ("Assignor"), and Hosco Fittings, LLC, a Michigan limited liability company ("Assignee"). Capitalized terms not otherwise defined in this Agreement will have the meanings given to them in the Purchase Agreement (as defined in Recital A below).

Recitals

A. Assignor and Assignee are parties to an Asset Purchase Agreement dated as of the date hereof (the "Purchase Agreement"), pursuant to which Assignor has agreed to assign to Assignee all of its right, title and interest in and to the Intellectual Property Assets set forth on Exhibit A attached hereto ("Assigned Proprietary Rights").

B. This Agreement is being executed and delivered at the Closing pursuant to Section 7.2 of the Purchase Agreement.

NOW, THEREFORE, for the consideration described in the Purchase Agreement, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Assignor hereby sells, transfers, conveys, assigns and delivers to Assignee, its successors and assigns forever, all of Assignor's right, title and interest in and to the Assigned Proprietary Rights.

2. Assignee hereby assumes all of the obligations, if any, of Assignor under the Assigned Proprietary Rights to the extent provided in the Purchase Agreement; provided that, notwithstanding anything to the contrary in this Agreement, Assignee is not assuming any liability or obligation arising under or out of any Assigned Proprietary Rights to the extent attributable to any breach or default by Assignor with respect thereto.

This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same agreement.
