JOINDER AGREEMENT AND IP SECURITY AGREEMENT SUPPLEMENT

This JOINDER AGREEMENT AND IP SECURITY AGREEMENT SUPPLEMENT, dated as of March 2, 2011 (this “Joinder Agreement” or “Supplement”), is delivered pursuant to the Second Lien Intellectual Property Security Agreement, dated as of February 5, 2010 (as amended, amended and restated, supplemented or otherwise modified from time to time, the “IP Security Agreement”), among Cenveo, Inc., a Colorado corporation (“Holdings”), Cenveo Corporation, a Delaware corporation (the “Issuer”), each other Domestic Subsidiary (such term and the other capitalized terms used and not defined in this Supplement have the meanings assigned thereto in the IP Security Agreement) of Holdings from time to time party thereto (Holdings, the Issuer and such Domestic Subsidiaries, each a “Grantor” and, collectively, the “Grantors”) and Wells Fargo Bank, National Association, as collateral agent (in such capacity, the “Collateral Agent”) for the Secured Parties.

WHEREAS, Envelope Product Group, LLC., a Delaware limited liability company (the “Additional Grantor”), has agreed to execute this Joinder Agreement pursuant to which it will become a party to the IP Security Agreement.

WHEREAS, each Grantor and the Collateral Agent have authorized Holdings to supplement the scheduled information with respect to such Grantor set forth in the IP Security Agreement from time to time as required by the Pledge and Security Agreement.

NOW, THEREFORE, in consideration of the premises and the mutual covenants and agreements hereinafter set forth, the Additional Grantor and the Collateral Agent agree as follows:

Section 1. IP Security Agreement. The Additional Grantor agrees to, and does hereby, become a Grantor under the IP Security Agreement with the same force and effect as if it were an original party thereto and agrees that each reference in the IP Security Agreement to a “Grantor” shall also mean and be a reference to the Additional Grantor.

Section 2. Grant of Security. The Additional Grantor hereby grants to the Collateral Agent for the ratable benefit of the Secured Parties a security interest in and to all of such Additional Grantor’s right, title and interest in and to the following Collateral:

- (a) the Patents set forth in Schedule A hereto;
- (b) the Trademarks set forth in Schedule B hereto;
- (c) the Copyrights set forth in Schedule C hereto;
- (d) any and all claims for damages for past, present and future infringement, misappropriation or breach with respect to the Patents, Trademarks or Copyrights, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages; and
- (e) any and all Proceeds of the foregoing.

Section 3. Security for Obligations. The grant of a security interest in the Collateral by the Additional Grantor under this Supplement secures the payment of all Secured Obligations of the Additional Grantor now or hereafter existing, whether direct or indirect, absolute or contingent, and whether for principal, reimbursement obligations, interest, premiums, penalties, fees, indemnifications, contract causes of action, costs, expenses or otherwise.

Section 4. Recordation. The Additional Grantor authorizes and requests that the Register of Copyrights, the Commissioner of Patents and Trademarks and any other applicable government officer record this Supplement.

Section 5. Schedules. (a) Holdings, on its own behalf and on behalf of each other Grantor (including the Additional Grantor), hereby certifies to the Collateral Agent and each other Secured Party that, as of the date hereof, each of the Schedules to the IP Security Agreement is hereby supplemented and amended by the additions set forth on the schedules hereto; provided, that no such supplement or amendment shall release or be deemed to release any security interest in any Collateral granted to the Collateral Agent and the Secured Parties pursuant to the IP Security Agreement.

(b) Holdings, on its own behalf and on behalf of each other Grantor (including the Additional Grantor), hereby covenants and agrees to enter into each other instrument as the Collateral Agent deems necessary and proper to perfect its security interest in the Intellectual Property described herein.
